GLADSTONE WINS FIRST

TAKES INITIAL PLACE IN HIGH SCHOOL DIVISION AT TRACK MEET.

SHEAHAN'S STAR WORK

Barclay is Ahead in Grammar School Athletics—Annual Event Successful in all Details.

Gladstone won the medal for the best team in the athletic events of the Clackamas School League on the Gladstone Park field last Saturday. The second annual track and field meet of the league was very successful and the attendance was large, and the crowd of students enthusiastic. The work of Hugh Burdon, of Gladstone, Joe Sheahan, of McLoughlin Institute and Harry Hargreaves, of Oregon City High School, was of high order. Sheahan secured five first places, netting 25 points for his team. Harry Hargreaves annexed 19 points, and did not show his best form. The Oregon City High was a disappointment to its rooters. The low hurdles has been contested, as it was claimed that a Barclay runner knocked over one of Sheahan's hurdles. Because of lack of entries, the high school pole vault event was ruled out. The Barclay grammar school, of Oregon City, won first place in the grammar school division, with 44 points. The summary follows:

HIGH SCHOOL DIVISION. Shotput—Burdon, Gladstone, first; Hughes, Gladstone, second; Aldredge, Eastham, third. Distance, 28 feet 6 inches.

BODY HELD BY DUNNING

PORTLAND FIRM DECLINES TO RETURN HARRY ROESGEN'S REMAINS TO CORONER.

INQUEST IS HELD UP

Riveter Falls 125 Feet to Death From High Bridge at Oswego and Holman Would Make an Investigation.

The refusal of the undertaking firm of Dunning & McEntee, of Portland, to deliver the body of Harry Roesgen, who was killed Monday afternoon at Oswego, to Coroner Holman, of Clackamas county, has placed that official in a peculiar position. Coroner Holman believes the Portland undertakers are trying to shield the evidence of carelessness on the part of the unfortunate man's employers. He is unable to replevin a dead body and it is questionable if Dunning & McEntee can be forced to return the remains to Clackamas county. Roesgen lost his balance and fell 125 feet to the waters of the Willamette river, Monday afternoon about 1:30 o'clock. He was working as a riveter on top of the bridge on the Beaverton-Willson cut-off and was standing on a 12 inch plank when he fell. The body was recovered before 6 o'clock Monday evening and Coroner Holman's office was informed. Mr. Holman was in Portland and arrived home too late to hold an inquest Monday night and he learned that the Portland undertakers had possession of the body, so he telephoned to Oswego and requested the central operator there to advise the representative of the

EXPERT TALKS ON ROADS.

Small Crowd Listens to Eldridge at Oregon City.

One hundred farmers and residents of Oregon City attended a Good Roads meeting Wednesday afternoon at the Grand Theater, and listened to an illustrated lecture by Maurice W. Eldridge, who is reputed to be the best known authority in the United States on the construction and repair of roads. Mr. Eldridge was not unfamiliar with some of the roads in Clackamas County and some of them he criticized and commended others. He did not approve of placing big boulders on the South Side road out of Oregon City. Judge Lionel R. Webster, of Portland, and Judge Thomas F. Ryan, of Oregon City, talked briefly on good roads. The meeting was not well advertised by the local Commercial Club and the attendance was not what it should have been.

Saved From Awful Death. How an appalling calamity in his family was prevented is told by A. D. McDonald, of Payette, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed. One Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled her, that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For Coughs, colds, influenza, asthma, croup, bronchitis, whooping cough, and all other troubles, it has no equal, 50c, \$1.00 Trial bottle free. Guaranteed by Jones Drug Co.

Blaze Destroys Saloon. Fire broke out at 3 o'clock Sunday morning in the building occupied by H. O. Krueger as a saloon. Before the fire department arrived the contents of the building were badly damaged. The loss is partly covered by insurance. The origin of the fire is unknown, as Mr. Krueger had no fire in the building during the previous day or that night. The fire started near the meter, and it is probable that the wires became short circuited.

Home Oil Co. Begins Work. The Home Oil & Gas Company has begun actual work in drilling this past week. A shaft 50 feet has been sunk and although it is not absolutely certain, it seems probable that oil will be struck in a short time. The Home Oil & Gas Company is practically a local company, organized for the purpose of investigating unquestionable evidences of oil found on the farm of L. Verhus, a short distance from Logan. The ground has been explored by D. M. Watson, a specialist in this line of work, who declares that indications point to evidence of oil at the location of the company's drill. On account of local capital interested in the outcome of this company's workings will be watched with interest.

Woodmen Elect Their Officers. Willamette Falls Camp, No. 148, Woodmen of the World, has elected the following officers for the ensuing six months: Ernest Mass, council commander; T. B. Hayhurst, advisor; Lieutenant; C. Curtis, escort; Lewis Conklin, watchman; H. Saunders, sentry; O. Erickson, manager. The clerk and banker of the Woodmen are elected for one year and the incumbents will hold over until January next.

Wants to Help Some One. For thirty years J. F. Boyer, of Fertile, Mo., needed help and could not find it. That's why he wants to help someone now. Suffering so long himself he feels for all distress from backache, nervousness, loss of appetite, lassitude, and kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for liver troubles, dyspepsia, blood disorders, female complaints and malaria. Try them. 50c at Jones Drug Co.

Johnson Must Support Child. But Wife Refuses Aid From Husband for Himself. County Judge Dimick has made an order directing Richard Johnson to pay \$10 per month for the support of his child. Johnson was arrested upon complaint of his wife, charged with failing to support her and their child, and he entered a plea of guilty. He has been at Portland until recently, when he returned to Oregon City to work in the paper mills. The wife asked to the court that she did not ask support from Johnson for herself, but she insisted upon his being compelled to assist in the support of the baby, which she carried in her arms. "I am able and willing to work for my own living," said Mrs. Johnson.

Undertakers to leave the body at Oswego until Tuesday morning. This order from the Clackamas official was ignored and the body was taken to Portland. Unaware of this fact Coroner Holman went to Oswego Tuesday morning to hold the inquest. He secured a jury and took the evidence, but before he was told by someone in Dunning & McEntee's office that the body would be returned. When the jury went to view the body, it was not there and then Mr. Holman learned that the Portland undertakers declined to bring the remains back to Oswego. The jurors declined to go over into Multnomah county, and as a result the inquest is not completed, no verdict has been returned and the coroner is at loss to know how the body can be interred without the formality of a death certificate. Mr. Holman went to Portland Tuesday afternoon and made a formal demand upon the undertakers for the body, which they flatly refused to deliver, stating there is no occasion for holding an inquest. "I learned today that there has been two other men killed on this same bridge," said Mr. Holman, "and I have never been notified. I believe a rigid investigation will remedy the conditions prevailing on the work, and will be of benefit to the workmen."

Portland Undertakers Back Down. Dunning & McEntee backed down Wednesday on their refusal to return the body of Harry Roesgen to Clackamas County, and brought the remains up to Oswego. Wednesday night and allowed Coroner Holman to complete the inquest. The jury returned a verdict of accidental death by drowning. It will now be possible for the Portland undertakers to obtain a death certificate, which will permit the interment of the body.
