IN TOUCH WITH FRIENDS and RELATIVES

A GRANDMOTHER may not be as spry as she used to be, but she is in close touch with her world for all that. The telephone enables her to make as many calls as she pleases, and in all sorts of weather. Formal gatherings have their place, but it is the many little intimate visits over the telephone that keep people young and interested. Grandmother's telephone visits do not stop with her own town. The Long Distance Service of the Bell Tele- phone takes her to other towns, and allows relatives and friends to chat with her although hundreds of miles away. Pacific Telephone and Telegraph Co.
