

CANBY AND SOUTHERN CLACKAMAS

Services at the M. E. Church. Services will be held at the M. E. church on next Sunday as follows: Sunday school at 10 o'clock; morning service, 11 o'clock; evening service, 8 o'clock. Rev. C. L. Crosby.

A move is on foot to have services held here every Sunday instead of every other Sunday, as at the present time, this matter will be brought up for decision the first of September.

Knights Win Again. The Knights of King Arthur played the Macksburg team last week, and resulted in a score of 4 to 3 in favor of Canby.

Ambush Wins Race. Many of the people of this city are interested in the famous trotter, R. Ambush, that was wintered on the Clackamas county fair grounds, who was raced against Dollie McKinney, the pacer, at the races held at the Eugene race track last week, and won in the race. This was one of the best matched races held there, R. Ambush's time being 1:3. Robert Britt, owner of R. Ambush, will bring this fine horse to the county fair in September and he will be entered in some of the races of the three days' session. At present the horse is in training at the fair grounds in Salem.

Electric Car Line Project. M. J. Lee's surveyors have made a complete preliminary survey from the Cascade mountains near Molalla crossing the Willamette river at Canby and on to Portland intersecting line running the entire length of the Tualatin Valley. This survey has been made for an electric car line, which will be constructed without the trolley wires for the carrying of freight, but with a locomotive, and for the carrying of passengers by electric storage. From the present indications there is a very bright outlook for the construction of this project, which will be a great benefit to all of the country through which it passes. The road will be completed within two years.

Canal Company Purchases Land. The Canby Canal Company has purchased one-half acre of the Mack property, which includes the splendid well that has been supplying many

of the residents of Canby by means of pipes. It is the intention of the Canal Company to lay pipes to carry this water throughout the town. Three miles of six-inch mains will be laid as soon as the power plant is completed. This will be a great benefit to the people of Canby who have needed city water for so many years, and who have had to depend on the wells.

On June 29, at 11 A. M., the wheels of the power plant were started for the first time. The plant has not been officially started, but this will be done in about two weeks. The plant will be used for the hauling of firewood, Aurora, Barlow, Canby, Donald, and Hubbard. The big pump has arrived and will soon be installed. This will throw 6000 gallons per minute, and an addition pump of 4000 gallons per minute will also be installed, making a total of 10,000 gallons capacity per minute. This will be started immediately after all of the machinery arrives.

The Aurora Electric Company is setting the near poles and high tension transformers to take the juice and distribute it to the five towns.

W. B. Moore, who is largely interested in the Canal Company is making weekly visits to this city viewing the work that is being done, and is pleased with the construction.

Canby Team Still Undeclared. Canby Canal Baseball Team is not without friends, as many hundreds of people living in the southern part of the county went to Oregon City on the Fourth to witness the baseball game between this team and the Camas team, which was played on the baseball ground of the Chautauqua park. This proved to be one of the main drawing cards of the day.

The game was witnessed by a large crowd, and the grandstand was filled to its capacity. The gate was in charge of "Doc" Saylor and Carl Lucke, of this city. Mr. Lucke had his hands full during the progress of the game, as there were many picnic parties who arrived at the park previously, the members of whom were anxious to see the game, but not caring to pay the necessary charges. No one was allowed to see the game unless he did pay.

Hensing, one of the Vernon twirlers in the Pacific Coast League, was in the box for Canby, and his curves were certainly mystifying. A double steal by the Camas team gave that team one of its runs. During the game a great deal of snuffing occurred, but the Canby Canal gave in to their opponents on several occasions to keep peace and to allow the game to proceed. The score at the close of the nine innings was 4 to 3, in favor of the Canby Canals.

This is the first game that Camas team has lost this season, and Canby team has the honor of still being undefeated.

The Canby Canals is one of the strongest teams that has ever been organized in this city, and it is probable that many games will be played by it before the close of the baseball season.

Land Sales in Canby. The Canby Real Land Company has made several good land sales during the past week, among them of which are the following:

O. R. Mack, 6.29 acres of Canby Gardens, the cost of which was \$1200. Mr. Mack will build cottages on this land for a few weeks, but he needs in Canby, there is a great demand for houses at the present time.

John Marks has purchased through this company, five acres of Canby Gardens for \$1250. John Eckerson has also purchased several acres, while Jaga Steinberg has bought two lots from the Real Land Company, consideration \$100.

Other deals will probably be closed by the latter part of the next week.

Mr. and Mrs. Lee Entertain. Mr. and Mrs. H. A. Lee had a most enjoyable gathering of relatives and friends at their home on Sunday, when over 50 attended. A basket lunch was served on prettily decorated tables under the trees and all did justice to spread.

Among those attending were Mrs. H. Tice, Mr. and Mrs. C. Casseday, of Beaver Creek, Mr. and Mrs. M. J. Lee, Mr. and Mrs. William Rider, Mr. and Mrs. Albert Hart, Mrs. E. Saltmarsh, A. H. These boxes have been needed by the patrons for many years, and Mr. Knight has at last succeeded in securing them. There will be no more call boxes as heretofore, and as the price is only 35 cents per quarter all can afford this. The boxes will be completed and ready by the latter part of this week. Many have already taken boxes.

Rebekah Install Officers. The installation of officers of the Rebekah Lodge took place on Tuesday evening, and the three new members were initiated into the mysteries of the order. At the recent meeting held last month six new members were taken in. This lodge is growing rapidly, and others are contemplating becoming members. The business

season of Tuesday night was followed by a banquet.

EASTERN CLACKAMAS

EAGLE CREEK.

Wesley Douglas, and son Ed returned home last Friday from the Soda Springs, where they spent a few days thinking the change might benefit Mr. Douglas, who has very poor health. But the change did him no good for he came home feeling worse than when he left, but at this writing he is a little better.

Mrs. Marie Gibson was on the hill last Saturday.

W. A. Baker, of Portland, will come out next Sunday, July 10, and hold services at the school house at 11 a. m. All are cordially invited to attend.

Born to Mr. and Mrs. Joel Jarl July 1 a seven pound baby girl. Little Mildred and Vernie are much pleased over their little sister.

Most of the saw mills closed for the Fourth. Jarl Bros. & Bath only have a few days more to run at their present site.

Haying is the order of the season here now.

Joel Jarl put up nine acres of hay last week.

FIRWOOD.

The Mt. Hood Fruit Growers Association held an enthusiastic meeting at Firwood hall on June 25. There were about forty present and two auto loads were out from Portland. Several made application for membership.

County Inspector Lewis, of Oregon City, was present and gave a very interesting talk on "Treatment of Diseased Fruit Trees," and also explained some of the uses of a fruit inspector, stating that when he had found it necessary to order badly diseased trees destroyed, after people had refused to spray and take the proper care to save them (although the law required him to have such trees cut down and burned), the owners had often times rose up in arms against him and refused to abide by the law, becoming his most bitter enemies.

Mr. Lewis expects to visit this locality in the early fall and we hope in fact we are sure he will meet with no such difficulties here as our people are all law abiding citizens and desirous of benefiting their neighbor as well as themselves, and as everyone knows it is impossible for one man to have a clean orchard while his neighbor maintains diseased trees. The association adopted a resolution to as-

sist and cooperate with Inspector Lewis in the work here.

Prof. Jackson, of the O. A. C. at Corvallis, was also present and gave a fine talk on tree diseases and the method of handling them. He spoke very highly of our locality as an apple district, and the future prospects of the country.

Lewis Fildemore was down from Three Six Sunday.

F. A. Fischer has just finished painting his fine eight-room house which he recently built. Mr. Fischer moved here from Portland about a year ago, having purchased one of the finest ranches in the Firwood district, located on the noted Auto road to Mt. Hood. He is making an attractive place of it and we are hoping more such people as Mr. Fischer will locate here and help to build up the country.

Firwood is progressive; every one admits that. The spirit is contagious. If you do not believe it keep your eyes open and take notice.

Henry Kock has just finished lathing his fine house which he has been building for some time, and it will soon be ready for the occupants.

F. A. Koller, of Portland, visited over Sunday with Mr. and Mrs. W. Stevens.

Mrs. Anna Maler Kruse, with her daughters Dorothy and Marjorie, is visiting at her old home in Firwood, renewing old acquaintances and noting the many changes that are taking place in the way of improvements and new settlers.

C. S. Peck spent a few days at Kelso, Wash., last week.

Mrs. E. D. Hort visited in Portland Wednesday and Thursday of last week.

Mrs. L. S. Maler Kruse and daughters Dorothy and Marjorie, of Portland, are visiting at their old home.

Reginald Smith, son of J. C. Smith, is spending his summer vacation on the ranch. He thinks there is no such place as Firwood.

Warren Wilkins and family and W. L. Wilkins, Sr. and wife spent Sunday at Ball Run.

W. Douglas, of Eagle Creek, came up Saturday to attend the Fruit Growers' Association.

Mr. and Mrs. George B. Couper, of Cherryville, visited Mr. and Mrs. E. D. Hart last Tuesday.

After a good program the crowd moved on watch the match game of base ball between Springwater and Redland which resulted in a score of 14 to 16 in favor of Springwater.

Mr. Schmidt and daughters, Lavina and Elvada, have just returned from the Willbut Springs, where they have been on account of Miss Lavina's ill health.

Mrs. Elmer Dibbie has been visiting her parents.

A Good Way to Use Hyomei.

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling Hyomei from a bowl of steaming water each night before retiring a great aid in curing stubborn cases.

Try it: It's very simple; gives quick relief and makes you breathe easier. Fill a bowl half full of boiling water; pour into the water a half teaspoonful of Hyomei, cover head and bowl with a towel and breathe through nose and mouth the medicated antiseptic and healing vapor that arises.

This method relieves that stuffiness at once and makes your head feel clear.

You can get a bottle of Hyomei at drugstores everywhere, or at Huntley Bros. for only 50 cents. Ask for an extra bottle Hyomei Inhalant.

But bear in mind if you want a Hyomei inhaler you must buy a complete outfit which only costs \$1.00.

But as stated before; if you already own an inhaler a bottle of Hyomei costs but 50 cents.

Hyomei is guaranteed by druggists everywhere and by Huntley Bros. to cure catarrh, sore throat, coughs, colds, rose fever, asthma and croup, or money back. Try it on that generous basis.

His Changing Calling. Dr. Harvey W. Wiley, the government food expert, was talking of a "new" sort of food preservative. "They are all the same thing under different names," he said. It reminded him of the old caretaker of an Episcopal church of whom he once heard.

This old fellow as he sat on a tomb in the churchyard dismissed as trivial the question of his proper title. "The good old creed keeps the same for all," he said, "though they may change the words they use. Look at me, here. I used to be the janitor. Then we had a person who called me the sexton. Dr. Thurdly gave me the name of virgin. And the young man we've got now says I'm the sacrifice."—Youth's companion.

Resourceful Father. "Cholly, why aren't you calling on Miss Gotox any more?" "Her father objected."

"But faint heart never won fair lady."

"I know that, but the heartless wretch got out an injunction."—Washington Herald.
