Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.

Address Dr. R. V. Pierce, Buffalo, N. Y.

THE HOOVER DIGGER

INDISPENSABLE TO THE UP-TO-DATE POTATO GROWER

Saves Time--Labor--Money

Does the work of many men and does it better. Digs clean, gets them all and deposits them on top of the row. Does not bark or cut the potatoes, which is a common complaint with other diggers, imitations every one of them and poor ones at that.

Its vine separator is the envy of all would-be rivals and the satisfaction of all Hoover owners. It does its work in a thorough manner cleanly separating the vines from the potatoes.

The Hoover is light draft and under ordinary conditions can be handled with two horses. The use of the Hoover Digger means dollars in the pocket of the user.

The HOOVER PICKER-DIGGER. The machine that not only digs the potatoes but deposits them in a crate or basket placed on a side stand attached to the Digger, thus saving the expense of picking up. This machine will do very satisfactory work under favorable conditions and is worthy of your careful consideration. Investigate these machines today.
