THE FUEGIANS.

They Are Stunted and Misshapen as Well as Hideously Ugly.

At the two extremes of the American continent dwell the most wretched races of beings—the Eskimos at the north and the Fuegians at the south. Of the two the Fuegians appear to be the lowest in the civilized scale, their general aspect being wretched and degraded.

Their hideously ugly faces express the grossest stupidity, and their persons are both stunted and misshapen. The average height of the men does not exceed five feet two inches, that of the women four feet eight inches, and owing to their habit of standing in a stooping attitude they look even less than their actual height.

But, although they are veritable pygmies in stature, yet their bodies are exceedingly large, and their general appearance is such as might result from tacking on to the trunk of a giant the arms and legs of a child.

Their color appears to be a copper brown, but as nearly all are bearded with smoke it is difficult to specify their precise hue. The very young children are light brown in color with the exception of the palms of the feet, which are of a dirty yellow.

The heads of the adults are covered with coarse black hair which falls in lank masses to the neck behind and on each side of the face, but is cut away from before the eyes.

The forehead is low and retreating, the nose broad, flat and furnished with immense nostrils and the mouth is very wide, with thick, protruding lips, the upper one being very much elongated.

The eyes are small and placed somewhat obliquely, the iris is invariably black in color, and the white of the eye has a distinctly yellowish tinge. Moreover, owing apparently to the irritation produced by the smoke of the fires over which they are so constantly crouching, they are very generally bleary-eyed.

The teeth, although very much discolored, are as a rule, regular and sound. The men have naturally only a few black bristles scattered over the upper lip and chin. These, however, are carefully extracted from time to time by means of two mussel shells, and very frequently the hair of the eyebrows is removed by a similar process. The males appear to pay no attention whatever to the dressing of their hair, but the women are somewhat more particular and may frequently be seen employing in its arrangement the twisted jaw of a porpoise in lieu of a comb.—St. Louis Globe-Democrat.

The Air Brake.

To forget the inventions of the hour is an impossibility. They are before one at every turn, and many of them contain possibilities vast and unbounded. For that very reason it is well occasionally to contemplate some invention of the past which works so readily and so unobtrusively for the welfare of mankind. Consider the air brake. How many times they take a journey by rail have they thought of the device which stands ready to insure safety from possible accidents? All are so used to it that they never consider its importance. Yet by this application of the power of compressed air tens of thousands of lives have been preserved and railroad travel has been made more expeditious. All this is arranged by a simple device, a word of it but what has been said seems of times before. But we are to dwell upon the air brake as one of those typical inventions which are doing their work faithfully and humbly while revolutionizing the world and bringing—Collier's.

Didn't Wait the Attack.

At Rouleau during a recent reception some years ago a number of English ladies in their anxiety to see every thing pressed with such force against the soldiers who were keeping the line that the soldiers were forced to give way and generally were as policemen say, "battered in the execution of their duty." The officer in command, observing the state of affairs, called out: "One roll of the drum! If they don't stand back kiss them all!" After the first sound of the drum the ladies took to flight.

"If they had been French," said a Parisian journal, "they would have remained to a woman."

A Tale of Heroism.

"I went for a bath yesterday," said an Avignon, "I had been in the water some time when I suddenly perceived an enormous shark advancing toward me with its jaws open. What was I to do? When he was a yard off I dived, took out my pocket knife and ripped up the monster."

"What! Then you are in the habit of bathing with your clothes on," said one of the listeners.—From the French

Perplexing.

Territorial his first experience as sentry, going over his instructions—if any one comes along I say: "Halt! Who goes there?" Then he says, "Friend," and I say, "Pass, friend; all's well." But some silly ass'll say, "Enemy," and then I shan't know what to do. Rotten job, I call it.—Punch.

Indignant.

The mayor of a small town had come to Leipzig to see the fair. A stranger who had lost his way asked him, "Pray, good honest man, what is the name of this street?"

"I am not a good honest man," said the former; "I am the mayor of Marburg."

HELP CLACKAMAS AT STATE FAIR

FARMERS AND OTHERS ARE URGED TO CONTRIBUTE TO THE EXHIBIT.

T. J. Gary, who has charge of the exhibits at the State Fair to be held at Salem, commencing September 12 and continuing for one week, visited the fair grounds on Tuesday and selected one of the finest locations for the exhibit of Clackamas County in the big exhibit building. The space is large and is near the center of the building. Mr. Gary states that the exhibit from Clackamas County is to be one of the main attractions, and wishes all those residing in the county to leave exhibits not later than Wednesday at the office of Freytag & Seaborn, or at his office in the court house.

O. E. Freytag, of this city, who has charge of the exhibits from all of the counties, has returned from Salem, where he accompanied the decorator from Portland, and who is busily engaged in decorating the building. At the Clackamas County booth, souvenirs bearing the likeness of Indian Dave, last of the Shoshone tribe, and who was raised by the late Mr. and Mrs. Peter Rinsarson, Mrs. O. E. Freytag's parents, one side of the card, while on the opposite side will be the resources of Clackamas County, will be given to the visitors at the fair. All of the old settlers of Clackamas County are well acquainted with "Indian Dave," as he is familiarly called by that name.

RECEPTION to Be Held.

United States Engineer and Assistant to Be Entertained.

The Commercial Club of this city will hold a reception at the Commercial Club rooms tomorrow evening to J. B. Thompson, United States Government Engineer, and his assistants. How Good News Spreads.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time. They never fail to tone up the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by Jones' Drug Co."

AURORA

Mrs. William U. Ren, of Oregon City, was the guest of Mrs. J. W. Sudler, Friday and Saturday.

Fire caught on the roof of W. Ehlens' house and the prompt action of the fire department soon put the fire out.

Miss Tillie and Katy Giesy, Ida Miller and Amelia Giesy went to Canby Sunday.

Aurora Wins Again.

By the score of 10 to 4, the Columbia Hardware team of Portland, went down to defeat before the heavy sluggers of the locals here Sunday, August 21.

Stokes, who started the game for Columbia, was hit hard from the start

and retired in the sixth, after twelve hits had been made off his delivery. T. Baker, for Aurora, again pitched a good game, striking out nine men in the seven innings he pitched and allowed but six scattered hits. After the locals had a 9 to 1 lead up to the eighth, Manager Ashkin sent T. Baker to left field and substituted his brother, Bert, who has just returned from Wasco. He also pitched well, striking out four of the next six men.

N. Long and T. Baker were the hitting stars of the day, the former getting two singles, a two-bagger and a triple out of five times nine at bats, and Baker hitting two singles and a triple out of three times up. The line up:

Aurora: Giesy, 2b; Miller, 1f; Parrott, cf; N. Long, 1b; A. Long, cf; T. Baker, p; G. Baker, 3b; Will, rf; Palmer, ss; B. Baker, p.

Col. Hwd. Co.: Smart, ss; Elch-infob, 3b; Nelson, 2b; Van Norwick, 1b; Cahill, 1b; Jamison, lf; Schultz, cf; Stokes, prf; Eckerson, rf-cf.

Aurora defeated the fast Columbia Steel team Sunday, by the score of 13 to 3.

"Conny" Listman, who pitched for the visitors, was hit hard throughout, a total of 13 hits being made off his delivery, including two two-baggers and one triple.

Tommy Baker, as usual, pitched a fine game, striking out 13 men and allowing but three scattered hits.

Aurora should have scored a shut-out, but three errors in the seventh let in the only three runs made by the visitors.

Next Sunday the fast St. Paul Giants play at Aurora. This is going to be the last game of the season on the Aurora diamond, and everybody should turn out and see these two fast teams play. The game will commence at 2:00 P. M., instead of 2:30 P. M.

Commercial Club Holds Meeting.

The public meeting held Thursday evening by the Aurora Commercial Club, was quite well attended. County School Superintendent, Smith, delivered a very interesting speech as to the necessity of good schools, how to obtain such, etc. Thomas Kay being present instead of Wm. King, who was unable to be with us. Mr. Kay talked on different subjects, explained how we can accomplish with very little expense the different needs we are after and how other towns get them.

The attendance of these meetings which have been held during the past few weeks, have not been patronized by the people in general as they should be especially, as this time of the home people, every man, woman and child should be present at their meetings, and help the good along. Don't say I can't see that it will benefit me any, but it's alright for Mr. — to go and belong, for he will reap some good. The man of today ought to know that if work of this kind will benefit one, it will benefit us. We will all get some good if not directly, it will be indirectly. So in future meetings that are kindly, make it a point to be present and help us to encourage the work, whether you expect to live here always or not, we are sure you will not regret the time you spent with us and it will not cost you a cent to hear the opinion, etc., of these men that talk to us.

Dr. W. W. Giesy and family returned from Willhoit Springs this week.

Miss Annie Getz returned home after two weeks' vacation.

Grover Giesy returned home after several weeks up the Columbia river.

Mrs. Annie Giesy, Miss Mable Kronsse, Mrs. Hannah Hunt, Miss Lillie and Miss Nettie Miller attended the circus in Portland last Friday.

Jim Miller left for San Francisco Friday, his father and sister and Miss Grace Thompson and Miss Amelia Giesy went to Woodburn to see him off.

Mrs. Rose Giesy went to Portland Friday.
