This is the first of its kind in the state, and it is the intention of the company to install machinery of this kind in several of its creameries in the state. The machinery was installed by J. C. Kaupisch, of Corvallis, general manager of the company and is in charge of H. W. Kaupisch. W. L. MULVEY, Attorney-at-Law.

He has won the hearty commendation of Ex-President Roosevelt for upholding progressive measures urged by him while President of the United States.

Washington, May 29.—President Roosevelt today issued a statement commending the Oregon members of the House for their support of the administration policies and wishing them success in coming elections in the state. The statement follows:
The President today said goody to the two Oregon Congressmen, Messrs. Hawley and Ellis, and stated publicly that he took the occasion to thank them for the attitude they had consistently maintained in support of the administration's policies, and to wish them success in the election which is to take place on Monday next.

The President stated that he wished publicly to express his appreciation of the cordial manner in which the gentlemen had backed up the policies and the measures which the President felt were of such consequence for the welfare of the country, in connection, for instance, with such matters as securing proper employers' liability legislation, both as regards interstate commerce and as regards the employees of the government itself; securing child labor legislation, and the effort to secure the proper administration by the courts of the power of injunction, and finally securing by the nation of thoroughgoing and adequate control over the great interstate corporations, a control which shall be both effective to prevent any wrongdoing by them and at the same time of such character as will permit the reward in ample fashion of all business which is so conducted as to be for and not against the public interest.

I believe that the office of Justice of the Peace is one of the important offices of this community. If I am nominated and elected I will administer justice without prejudice or passion, completely and without delay; protect the rights of the defenseless or the oppressed, and do justice to all regardless of their station or position. Work Pushed along at Fair Grounds.

The work on the fair grounds, under the supervision of President Smith is progressing rapidly. Mr. Smith has now a crew of men clearing the brush in the park at the rear of the big exhibit building. Part of this will be only for camps, and the teams that are brought to the fair grounds will not be allowed here. The grounds adjoining this will be for the teams and horses. This is a most ideal place for camping, plenty of water near at hand.

The machinery building is nearing completion. This is just a temporary structure, and will be built on a large scale next year. A great deal of the space in this building has already been taken.

M. S. Shrock, deputy dairy and food commissioner, has been on the grounds this week building a model cow stall. Mr. Shrock will demonstrate to the visitors at the fair of how a dairy can be operated. The stall he has just completed at the fair grounds is one that all dairymen should possess. The upper part contains the hay, while the lower part is used for the milk feed. Mr. Shrock will have charge of the dairy cow contest.

The speakers' stand has been erected and is now ready for the opening day. Speaking and music will be on the program for the evening, and will continue until 9:30 which will enable those going from this city to attend and return the same evening.

The contest for the queen closed last night, the race being between Miss Ora Lee, of Canby, and Miss Josie Curran, of this city.

President Smith and four of his workmen are now stationed in the states that they have started a hotel, he being the manager, and from all appearances in the building they can compete with any woman in the line of tidiness in housekeeping. Mr. Smith is "chief cook and bottle washer." They all look as though they were being well fed. Beds have been placed in the building for their accommodation. These men are making great headway with their work, and by the time of the opening of the fair everything will be in readiness.

C. M. LAKE of Boring, Candidate for REPUBLICAN NOMINATION FOR COUNTY CLERK.

In presenting my name before the Republican voters of Clackamas county for the office of County Clerk, I would like to call attention to the fact that the county is really entitled to recognition, as well as the city. Both of my opponents are Oregon City men. The way for the residents of Clackamas County to secure the recognition to which they are entitled, is to support a man from the county.

I have been a resident of Clackamas County most of my life and my interests are here. I have always been a staunch supporter of the principles of the Republican party and have never held an elective office.
