WHY NOT ENJOY THE MOST DESIRABLE OF CITY CONVENIENCES?

WATER SUPPLY UNDER PRESURE

YOU NEED A Leader Water System

IN YOUR HOME

No doubt you have often envied your city friends and wished for the conveniences afforded by modern water supply under pressure, in your home. The Leader Water System will enable you to enjoy these advantages more thoroughly than is possible with any other system. The Leader is not an ordinary farm water supply system with its attending troubles and annoyances, it is far from ordinary. It will furnish a dependable supply of water wherever and whenever you desire it. You can enjoy modern home conveniences, such as the bath, toilet, etc. You will have plenty of water for all domestic purposes, the laundry, sprinkling and PROTECTION AGAINST FIRE, that danger which constantly menaces the rural home. Pressure up to 125 pounds may be obtained with The Leader System. As is shown in the illustration, the tank may be placed in the basement (more often it is placed underground) where it keeps the water cool and fresh in summer and prevents freezing in winter. The beauty of The Leader System is that it is practically troubleless. With the exception of a few moments when the water or pressure becomes low, it needs no attention. But for the fact that every time you have occasion to call on its services you are reminded of its efficiency, you would forget that you had such a thing as an independent water supply. We will be glad to give you an estimate on a system that will meet your requirements, use the coupon.

STAFFORD.
We are waiting now for a little more rain, as the autos begin to kick up a dust again. Our road supervisor, Will Schantz, used the scraper the whole length of his district right after the rain, making the road so level and smooth that it was a pleasure to ride, whether in a gasoline run about or in an old buggy.
Ed Sharp's children are getting along as well as can be expected. The first one taken, little Harold, runs about and plays all day now, but one side of his face is stiff and one leg apparently paralyzed. The third one taken is well again, but the five-year-old twin has no use of his legs yet; otherwise he seems to be well, but the mother has been sick in bed since last Thursday, and it is almost impossible to get help in the house. Mrs. Wilkin stayed with them a couple of days and Mrs. Gage was with them Sunday.
Mrs. Smith Turner is very sick yet. She that was Anna Schantz came to visit her mother last week. Her health has been very poor and Saturday

Drying preparations simply developed naturally; they dry up the secretions, when added to the membrane and decompose, causing a fast more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and stuffs, and use that which cleanses, soothes and heals. Ely's Cream Balm will master catarrh or cold in the head easily and pleasantly. All druggists sell the 50 cent size. Ely Brothers, 53 Warren Street, New York.

The Balm is used without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. Ely's Cream Balm contains no cocaine, mercury nor other harmful drugs.

THE CONQUEST OF PAIN

Dental pathology and therapeutics have been vastly improved. Modern methods and scientific mastery of details have eliminated the fraught with fear feature that made people defer a visit to the dentist. Pain has been reduced to a minimum; operations are performed quicker and better than heretofore.
