CANBY AND SOUTHERN CLACKAMAS

CANBY.

Mrs. H. A. Lee and daughter, Miss Ora, spent Sunday at Adkins Mill, the guests of the former's mother, Mrs. H. S. Tice.

Mrs. W. J. Gordon, who has been visiting her daughter, Mrs. Walter Wells, of Oregon City, returned home Tuesday morning. She also visited her sister, Mrs. Lageson.

M. J. Lee, secretary and general manager of the Canby Canal Company, went to Blalock, Eastern Oregon, on Friday, returning on Sunday evening.

Mrs. M. J. Lee went to Salem on Thursday, having been a delegate to the State Convention of the W. C. T. U. She returned Friday.

Little Elizabeth Romig, the four-year-old daughter of Mr. and Mrs. C. F. Romig, is ill at the family home.

There are three cases of measles in the fainly of Mr. Dillard, who recently arrived here and who have rented the residence belonging to Mrs. Dillard.

Mrs. Katie Todd and son, and Mrs. Sim Todd, of Missouri, have arrived here and decided to locate in Canby, having rented a house. They are delighted with the Oregon climate. Mrs. Todd is a sister of Mrs. Perry Meeks, of this city, with whom she has been visiting.

The little two-year-old son of Mr. and Mrs. William Rider, who was taken ill on Saturday was on Tuesday taken to Oregon City for medical treatment. It is feared that the child has infantile paralysis.

Mrs. H. Krueger, who has been ill, has recovered.

Mrs. W. R. Porter, after being confined for the past week by serious illness, is now able to be out.

The Cobb & Dillingham store this week received a line of toys and fancy china, preparing for the coming holidays.

Miss Verna Porter, who has been absent from the Cobb & Dillingham store for the past week owing to her mother's illness, has resumed her position.

E. H. Morris, who resides near Macksburg, and who is one of the prominent farmers of that section, was in Canby on Tuesday, having brought in a load of Burbank potatoes, which were purchased by William Lucke, the commission merchant. Mr. Morris this year gathered 250 bushels from one acre of land, and they are first class, being of the Burbank variety. Mr. Morris sold his potatoes last year to Mr. Lucke and brought the highest market price.

Fay Carpenter, of Woodburn, was in Canby Tuesday and Wednesday, installing telephones for the Pacific States Telephone Company. During the past few days several new telephones have been installed.

N. S. Young, of Salem, a prominent horseman, was in Canby this week, in regard to coming here for the winter with some of his race horses.

Mrs. S. Lindsey, who has been spending the summer in Salem, has arrived in Canby, where she will remain for the winter. Mr. and Mrs. Lindsey have taken up their residence at the Cottage Hotel.

M. J. Lee shipped this week 10 boxes of prize apples of the Jonathan variety that were raised by J. S. Yoder at Hubbard, to Altona, Pa. These apples are good for shipping, and will no doubt be a good advertisement for the Oregon fruit. The fruit attracted so much attention at the recent county fair.

J. R Macy, who resides on Canby Prairie, was transacting business in town Tuesday.

The meeting held in the city hall on Saturday night, when the initiative measures were discussed, was largely attended. Excellent talks were given by C. Schuebel and John W. Loder, of Oregon City. The music furnished by the quartet was greatly appreciated by the large attendance.

Child Dies of Infantile Paralysis.

On Monday night at 11 o'clock the little son of Mr. and Mrs. Frank Allen died at the family home after a weeks' illness of infantile paralysis. The funeral was very quiet and was held at the family residence on Tuesday afternoon, the interment being in the Zion cemetery. The little fellow was a general favorite and will not only be missed by the heart-broken parents and relatives, but also by many people of Canby. It was just one year ago that a little child of Mr. and Mrs. Allen died, it being the same age, 12 months and 8 days.

Mr. Allen's mother, who has been an invalid for some time, is very low, and her recovery is doubtful.

Andrew Kocher Will Build.

Andrew Kocher, who recently purchased two lots from Mr. Manley, and which adjoins the Manley home, will build a bungalow, the construction to begin at once. This will make about the 14th residence that has been built here this summer and fall.

G. A. Cobb Buys Land.

G. A. Cobb, of Portland, and brother of Mr. Cobb, of this city, has purchased a 500-acre tract of land at Hubbard. This is considered to be some of the best land in Clackamas County, 10 acres of which is choice beaver dam. Mr. Cobb will set the tract out into 10-acre tracts and will place them on the market at once. The deal was made through Cobb & Dillingham, of this city.

Horses Are Brought Here.

Among the horses that have been brought here for the winter, and which are to be placed on the race track are Haltamont, Captain Apperson and Joe Cannon, owned by the Vaughan Brothers, these being purse winners during the summer. Many others are to be brought here providing that the race track of the fair grounds can be procured. At present the gates leading to the fair grounds are locked and no one is allowed to enter.

A movement is on foot, state several of the leading horsemen of this city, to secure other land and a race track will be constructed, providing they cannot secure barns at the fair grounds, where their horses can be wintered. One horseman from Salem brought 30 head of horses to Canby to winter at the fair grounds on Tuesday, but was notified at Woodburn that there was no place for them. He returned to the capitol city, where he will remain until definite plans can be made for a race track.

It is stated that if another race track is built by the company three race meets will be made during the summer months, and a four days' race meet in the fall, the grounds to be opened with a New Year's handicap, New Year's Day. This would tend to bring thousands of people to Canby. Several pieces of land have been viewed by the horsemen, an option having been taken on one piece close in to the city.

John Sawyer arrived with a bunch of horses from the Salem track Tuesday to remain here for the winter. Mr. Sawyer was here last winter with some of the best horses in the state.

Lemons Grow In Canby.

That lemons can be successfully grown in Canby has been proven by Mrs. Elmira Saltmarsh. In the office of the Canby Real Land Company are three lemons, grown by Mrs. Saltmarsh, the largest of which measures 12 inches in circumference, and five inches in diameter, while the others vary in size. The fruit compares with those grown in California, if not better. The tree on which these were grown was kept in open air during the summer months. There is more green fruit on the tree yet, besides clusters of blossoms.

Florist Comes to Canby.

Mr. Flohr, who recently arrived in Canby, has decided to locate here and last week purchased a 10-acre tract from the Canby Canal Company in Canby Gardens Addition. Mr. Flohr is a florist of many years' experience, and expects to go into the nursery business on a large scale. A large conservatory is to be built. This is a good opening for an enterprise of this kind, the soil being well adapted to the culture of flowering plants and shrubbery, besides the line of fruit trees he is to carry in stock.

Large Potatoes Are Grown in Canby.

Some of the largest potatoes produced in the country are those raised by C. C. Sanness, a well known farmer of this city. The potatoes can be seen in the office of the Canby Real Land Company, and are of the Burbank variety, measuring from 9 to 13 inches in length.

Hunters Return From Southern Ore.

William Lucke, James Smith and Wesley Riggs have returned from their hunting trip in Southern Oregon reporting fine luck. Several deer were brought home by them and their friends had a feast on the venison stakes that were preserved by the hunters.

W. H. Bair Good Shot.

Some of the friends of W. H. Bair were fortunate in having grouse and Chinese pheasants on the opening of the season of the upland birds. Mr. Bair, who is considered one of the crack shots of the city of Canby, was successful in getting the limit, and his friends were not forgotten. Many of the sportsmen of Canby have taken out hunting licenses this season.

Fine Strawberries Still In Market.

Strawberres of several varieties, having a delicious flavor, are in the Canby markets. R. S. Coe, who is one of the well known strawberry growers of Canby, brought into the local market Tuesday some Magone berries. They were unusually large for this time of the year, and commanded a good price. From two rows he gathered on Tuesday afternoon twelve boxes. There are 14 rows, all of which are bearing, and Mr. Coe will be able to supply several of the merchants with berries for several weeks to come.

Mr. Coe this week shipped 70 boxes of choice apples to the Portland market. The apple trees on his place were heavily laden with fruit. He has already gathered 800 boxes besides 200 more to gather. Among the varieties that he is shipping are the King of Tompkins County, Rhodo Island Greening, Baldwin, Northern Spy, Jonathan, Mann, White Winter Bellflower, Seek No Further, Rambo, Ben Davis and several other varieties. Mr. Coe at this year's county fair won 18 first prizes and six seconds on apples and pears raised on his farm in this city.

Dried Prunes Are Short.

This year's crop of prunes was much shorter than that of last year, while last year W. H. Bair, the commission merchant, shipped from this place 11 carloads of dried prunes to outside markets, he was only able to ship this year three carloads. These were of good quality, and brought a price of 6 cents.

Mr. Bair received two carloads of Burbank potatoes and others will arrive the latter part of the week. Many of the farmers are holding for better prices, the price now being from 60 cents to 90 cents.

Canby Band to Give Dance.

The Canby band will give the first of a series of dances on Saturday night, when the band will furnish the music for dancing. Everyone knows what is in store for them, as the band boys know how to entertain their guests and there is no doubt but that the city hall will be filled to its capacity on that night. Many of the latest musical selections are to be played.

SLAB WOOD

Gordon Brothers, of Canby, will furnish you with dry slab wood 4 foot length for $3.50 per cord, delivered at your door.

LITTLE JOHNNY JONES.

Baker Stock Company With Specially Engaged Choruses and Comedians Next Week.

It is an entirely new idea, for Baker Stock Company, so long associated with high class plays like "The Lion and Mouse," etc., to take a plunge into the musical comedy field, but such is announced to take place, and next week opening Sunday matinee, the first and one of the foremost at that, being none other than Geo. M. Cohan's world-noted "Little Johnny Jones," will be given with a burst of color and musical pyrotechnics that will doubtless cause no end of wonder in the ranks of the regular and hardened theatre-goer always in search of something new and startling. For three weeks past one of the biggest choruses of the prettiest girls Manager Baker has been able to find in the show world has been drilling night and day under the direction of Harry Ferguson, formerly chorus master with Bonita, and besides one of the best Cohan comedians, Mr. Henry Stockbridge has been brought here from the East especially for the production. Many of the regular members of Baker Stock Company are trained and clever singers, and these united with the large number of extra singers, dancers and comedians will simply form one of the best musical comedy organizations the most exacting could demand. New costumes have been made and the scenery—so important to "Little Johnny Jones," will be surprise even to those used to Baker offerings. It is to be one of the season's "big things"—a regular noise, as the press agent would say, and ever since the first announcement, seats have been selling rapidly for the week. Regular matinees will be given Sunday, Wednesday and Saturday. John Burton will play the famous "Unknown."

DONALD BOWLES, Stage Director and popular member of the Baker Stock Company in Little Johnny Jones, week beginning Sunday matinee, October 23.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from active medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature of R. V. Pierce M.D.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.
