QUALIFICATION IS FIRST.
The Republicans of Clackamas are to be congratulated upon their selection of E. C. Hackett for Sheriff. There has been no time in recent years when the Republican party has placed in nomination a man of so wide experience as Mr. Hackett possesses. Eight years ago he was made chief deputy under the late Sheriff Shaver, and covering a period of nearly four years, Mr. Hackett had entire care of the books of the office. When he retired, the County Court ordered the books examined, as is customary, and Bruce C. Curry, who examined the books, found an error of just 19 cents in the County's favor. About 12 years ago Mr. Hackett was called to Salem during a legislative session to expert the books of the State Land Board. He found that \$30,000 had been misappropriated, and the only thing that saved the man who was responsible was the statute of limitations.
The Democrats are making a frantic effort to beat Mr. Hackett. They have singled him out as their victim on the 8th day of November. They have a candidate in the person of Ernst T. Mass, for years an employe of the Portland Railway, Light & Power Company, and they hope to turn the Sheriff's office over to Mr. Mass for the next two years and possibly four.
But they have gone up against an impossible proposition. They can say nothing truthfully against the character of Mr. Hackett. They cannot assail his record in public office. They are unable to cast a shadow upon his ability, but they are fighting to have a Democrat succeed a Democrat, and are not ashamed to ask the Republicans to turn the trick for them.
For what reason? What does the Republican majority in Clackamas County mean? Does it mean Democracy? The Republicans can best answer this question November 8th by casting their votes solidly for Mr. Hackett, nominated by his fellow-Republicans at the Primaries with two hundred and forty-two votes to spare. Let us give him a thousand to spare in the general election.
COMMISSION SHOULD BE FIRST.
There seems to be much interest shown in the Employers' Liability bills of this state which are to be on

Canadian and Democrat, should be elected Governor of Oregon.
Republicans of Clackamas County, how much longer are you going to stand for Democratic domination in your party? How much longer are you going to belt the nominees of the Direct Primary? How much longer are you going to supply ammunition to the minority party to put a crimp into Republicanism? How much longer do you expect the Republican party to stand up and hold together under the pressure of your defection.
Statement No. 1 has never been an issue in Clackamas. Probably seventeenth of the Republicans favor it. No man can go to the legislature from Clackamas if he declines to support the people's choice for Senator.
Nor has Assemblyism ever been an issue in Clackamas. Every Republican who had the temerity to place the word "assembly" after his name on the Primary ballot, met overwhelming defeat. The voters of Clackamas would not stand for the Assembly.
Now, as heretofore, Democrats in Clackamas and elsewhere are making strenuous and cunning efforts to create dissension in the ranks of the Republican party. Six men, nominated for county officers, were given the unsolicited indorsement of the Assembly. These six men were chosen at the Primaries as the Republican nominees. Four of them had hard opposition, yet the Republicans of Clackamas gave them the party nomination solely because of their personal fitness for the respective positions they seek.
The personal fitness counts now as it counted then. It is not conceivable that the Republicans of this county are going to nominate members of their own party for slaughter, and play into the open hands of the Democrats.
It is the duty of every loyal Republican to vote for his party candidate where that man has the necessary character and ability to fill the office for which he has been nominated under the Direct Primary.

OREGON APPLES HEARD FROM.
Oregon apples will be heard from at the different apple shows of the Northwest this fall. There is close rivalry between the apple states as to which shall take the chief prizes, and on this account the Oregon growers will be put upon their mettle.
Eugene has held its apple show and many specimens of perfect fruit were exhibited. Albany will have a fine apple show on November 9, 10 and 11. There is keen interest in the outcome and the many prizes will be sharply contested. These shows will bring out the best apples in their localities and the prize fruit, together with that of other sections, will be sent to the Oregon Apple Show at Portland November 30, December 1 and 2. The best apples will, in turn, go to the National Apple Show at Spokane, the Vancouver show and the Chicago Apple Show.
Some Oregon districts will make individual displays at these fruit exhibitions. Hood River expects to send the two finest cars of apples ever leaving that district to the Spokane show. One car each of Spitzenberg and Yellow Newtown apples will be entered for the sweepstakes prize, and as the showing will be gathered from the large acreage given to growing these varieties, it will be of a very high quality.
Medford will make a strong showing at the Canadian National Apple Show at Vancouver, B. C. A car of fancy Yellow Newtown Pippins will be sent from one orchard. Medford people believe this will be as fine a carload of yellow apples as has ever been placed on exhibition. Medford will also send exhibits to Spokane and Chicago.
REAL FRIENDS OF THE PRIMARY LAW.
The wide-spread enthusiasm that marked the visit of Jay Bowerman to Oregon City has led many prominent politicians to believe that the Republican nominee for Governor will be given a substantial majority in Clackamas County. Mr. Bowerman's loyal support of Dan J. Malarkey, candidate for joint senator from Clackamas, Multnomah and Columbia Counties, and Grant B. Dimick, who was Mr. Bowerman's leading opponent in the primaries has done much to cement the Republican party in Clackamas County. Both Malarkey and Dimick, well known champions of the direct primary law and Statement No. 1, have a strong following in Clackamas and their hearty support of the entire Republican ticket has caused many Republicans to forget the differences that existed within the party before the primaries. It is everywhere recognized that the Bourne-Chamberlain machine has a large following here, but adherents of the primary law have seen that Senator Bourne, through his opposition to the Republican candidate who was nominated by the people, has struck a heavy blow at the system of direct nominations. Bowerman, therefore, has an excellent chance to carry Clackamas County. He has made many friends here by his promise to veto any legislation affecting measures enacted by the people, and his record in the legislature placed him among the real supporters of the primary law.

IT IS A FIGHT TO A FINISH
HOW IS it that a dive may be kept open in flagrant violation of the law or that a gambling club may be maintained in a building on one of our main thoroughfares? We have our laws, adequate enough in their way, but we fail in the enforcement of them. Why do we fail? Is there a power superior to the law which thwarts our administrative authorities and leaves us helpless?
Indeed, there is no stranger study in any of our municipalities than this. There are certain laws which it is not the aim to enforce. The authorities and certain interests are in fact in not actual collusion. Is there any reason why a dive should be shielded in this community? Is there any reason why any place, no matter what its name, which every policeman knows sells liquor without a license should be allowed to continue doing so? Is there any reason why any saloon that caters to the high school boys and deliberately starts them on the downward path should be allowed to continue its existence? Is there any reason why the so-called grille, whose restaurant features are simply a pretext for the illegal sale of liquor, should be allowed to continue that sort of traffic? Are there any reasons why the more pretentious grille at hours or on days when the sale of liquor is prohibited should openly sell it in cups instead of glasses? Where is this immense power lodged and for what reason is it so effective?
In asking these questions, we find ourselves face to face with a serious problem, a problem so serious that it involves the integrity of the community and threatens to sap away its civic virtue. Heretofore in the history of the country these things have been accepted as a matter of course. It was known that men elected to office would stand in with these interests and that in the interest of immorality they would wink at the evasion or violation of the laws. In all the years past this has been done, and the public has known it, and yet, except in spasms, they have never squarely faced the issue. But there is growing up in this country a very definite and even aggressive sentiment in favor of civic virtue and public morality. It is ready to challenge any power, however entrenched, that seeks to oppose it. It is this sentiment to which The Telegram has sought to give expression. It is a sentiment with which no honest man can find fault and which every decent man must applaud. This campaign, now happily started, will not stop until the evils complained of are righted. There is no reason why any man or class should be considered by the administrators of the law as above the law; there is less reason why any such using their power against the public interest and welfare, should claim and get such exemption. Herein is a clear-cut issue that is to be fought, and we venture to say that those who call it a cause will do so not for a campaign, but for the whole war.—The Evening Telegram.
The above shows the tremendous forces back of the liquor traffic, and all in direct opposition to the best interests of the community. Let us in the coming election cast our ballot against this greatest of all evils, and in favor of our own homes, and our own boys and girls. Vote in favor of local option in Clackamas County. (Paid Adv.)

ANOTHER PHASE.
is the political power of Multnomah county, already too great, to be increased by the addition of portions of Clackamas and Washington counties?
This, Mr. Voter, is a live issue of the campaign, so give it a thought before casting your ballot at the coming election. Not only will Clackamas and Washington counties be affected, but in a measure, the remainder of the state as well.
Multnomah county's dominating influence in political and legislative matters is only too well known by the entire state. Should she, through annexation, secure the territory on which she is casting covetous eyes, her politicians would have practically their own way, and would proceed to run things with a high hand, irrespective of the wishes of the rest of the state. This matter has not been proverbial "Word to the wise" may be sufficient in this case to prevent measures from being passed that will give the reins of power into the hands of one county.
In addition to Clackamas and Washington, seven other counties in the state are fighting to have their territory from being disrupted and formed into new counties. The matter is to be left to the voters of the entire state. We urge our readers to vote "NO" on every county division scheme, as nearly all of them are merely the work of communities who seek to become county seats, and the residents of a distant county are not at all acquainted with existing conditions. An initiative measure is to be submitted to the voters at the coming election, leaving the matter of changing the boundaries of any county in the hands of the voters residing in the affected territory, and the passage of this measure will keep the whole state from "bitting in" and perhaps taking the wrong side in a family row between counties.
The legislature should have nothing to do with creating a new county. Neither should the people who are not interested directly in the matter. A vote for the X Yes on the ballot will place county divisions where they belong, and that is with the citizens of the new and old counties in any proposed division. In a legislature the log-rolling and political cross-scheming destroys any knowledge a member from the distant part of the state may have, and in a general vote of the entire citizenship injustice may be done through ignorance.

MULVEY FOR CLERK.
Republican Candidate is Thoroughly Qualified.
W. L. Mulvey, the Republican nominee for County Clerk is thoroughly qualified for the position to which he aspires and, if elected, will give the County a clean, economical and business-like administration. He is

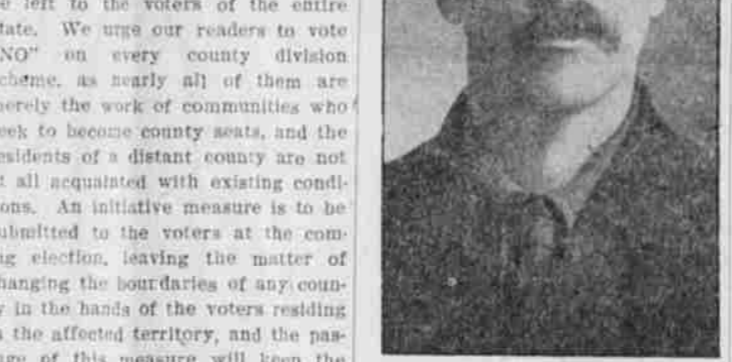

At present, Deputy in the office of the County Clerk, a position he has held for over three years to the satisfaction of all the people. Ernst T. Mass. If elected, I will have no pets and favorites and will conduct the business in such a way as to give all people with whom I have to deal, an absolute square deal, regardless of their political affiliations. (Paid Adv.)

THE VOTERS OF CLACKAMAS COUNTY.
The Democrats of Clackamas County held an assembly on the day and in the manner prescribed by law for that purpose, and recommended me as a proper person to represent the county in the legislature and I have accepted, though reluctantly on account of business reasons, I stand for strict observance of the letter and spirit of the direct primary law, statement one, the recall and other reform laws passed and to be passed by the people. I believe it would be for the best interests of the state if farmers were more largely represented in the legislature. The pictorial part of this will appear after you have elected me. (Paid Adv.) O. D. ROBBINS.

ABUSE OF THE INITIATIVE.
It is a gross abuse of the rights guaranteed by the Initiative and Referendum Amendment to the Oregon Constitution to bring up woman suffrage at every general election. This measure was submitted in 1900 and beaten by a plurality of 2137. In 1906 it was again proposed and was beaten by 19,173. In 1908 it was again on the ballot and it was beaten by a majority of 21,649. Notwithstanding these repeated defeats, more decisive at each election, the same measure is again on the ballot this year. The ballot title is misleading and induces a proposal to give votes to taxpayers women only, but the measure to be voted on is the same proposition which the people have so often and so recently condemned. It should be voted down this year by an increased majority, especially because of the fraud undertaken to be perpetrated on the people by the use of a false and misleading title on the ballot.
