Women's Secrets There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R V Pierce in the hope and expectation of advice and help.

That few of these women have been disappointed in the That few of these women have been disappointed in their ex-pectations is proved by the fact that ninety-eight per cent, of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if cases treated were numbered by hundreds only. But v

that record applies to the treatment of more than half-a- mil-bon women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. # Bookkeepers are Great Demand

Business firms are recognizing the superior training of our Business University over the work of the business colleges. Our standard is higher; our work is much more thorough; our work is more complete; and our students are more proficient in every way,

## OUR TEACHERS ARE TRUE TEACHERS.

The reason for this is that we use teachers for teaching. They are trained for the work; they know how to get mental development. We do not use office managers, clerks or bookkeepers for teachers; they do not know how to teach. For this reason, our pupils advance much more rapidly than the pupils in the large business schools.

## We Love To Teach: Everybody Busy: Everybody Happy.

Just the school for the earnest young man or lady who desires to learn and have the high est and best training at reasonable tution rates. You are sure of individual help and instruction.
