**SOCIETY**

One of the most successful dancing parties ever given in this city was that of Saturday night at the Armory when the Degree Team of Wacheno Council of Pechonatas, gave its first ball. This order, which was organized about six months ago, celebrated the anniversary in this manner, and the affair proved such a success that it was decided to make it an annual affair.

Great credit is due Mrs. Henry Henningsen, Past Pechonatas, and her assistants, Mrs. Mike Gross, Mrs. Lawrence Ruonch, Miss Josie Curran, Mrs. Walter Symes, Mrs. Alvin Cannon, and Mrs. Sophia Phillips. The floor committee was composed of Henry Henningsen, William Mulvey, Webb Barna and Chris Kelly, the cloak room being in charge of Mrs. Jack Frost. The affair was attended by 250 people, many coming from Portland, Sellwood, Milwaukie, Canby and Aurora.

The excellent music furnished by the Farmer orchestra played the latest selections for the 20 numbers. One of the features of the evening was the "cellar of the moon" when the colored electric lights were turned off and on alternately.

The armory hall never presented a more attractive appearance than on Saturday night. The decorations were unique and beautiful, showing much artistic taste of those in charge. In the center of the hall, the length of the building were many Indian baskets filled with Oregon grapes, ferns and holly, while in the center was a cluster of smaller ones. The punch booth, presided over by Miss Dora Hamilton, was bower of beauty, the outside being formed of handsome Indian blankets, while the interior was formed of Oregon grape and ferns, and on each side were cedar trees lighted with hundreds of colored miniature electric lights. The orchestra was stationed at the rear of the hall, being screened by evergreens. Chinese lanterns were also used among the decorations of the platform. At the rear of the orchestra was artistically draped many bright colored Indian robes that had been loaned by the Oregon City Manufacturing Company, and which attracted no little attention. On both sides of the hall were Indian baskets filled with holly, fern and Oregon grape.

The Degree Team of Wacheno Council Pechonatas has a membership of 32, and it is the intention of the order to procure Indian robes that are to be worn during the meetings. A neat sum was the result of Saturday night's dance, and part of this amount will be used in the purchasing of the robes.

A number of young people were entertained in a most delightful manner by Miss Hazel Tooze at her home in Gladstone Saturday evening. Interesting games added to the evening's enjoyment, the first prizes in a long questing game being awarded to Miss Erna Petzold and Bothwell Avison and the consolation prizes to Miss Marian Money and Philip J. Sinnott. Following the games, dainty refreshments were served, and until a late hour, music and song were enjoyed. Miss Tooze was assisted in entertaining by her sister, Miss Hilda Tooze, Miss Jessie Padock and Mrs. Tooze. Those in attendance were: Miss Louise Walker, Miss Florence Grace, Miss Evelyn Harding, Miss Madge Brightbill, Miss Florence White, Miss Erna Petzold, Miss May Smith, Miss Eulalia Scheubel, Miss Moretta Hickman, Miss Madge Hallowell, Miss Marian Money, Miss Bess Warner, John Busch, Victor C. Gault, Harold A. Swafford, Philip J. Sinnott, John Mulvey, Joe Shenkan, Leonard Gault, Waldo Caulfield, Walter Smith, Garland Hallowell, Leo Burdon and Harry Hargreaves.

The Artisans held their social night at the Woodmen hall last Thursday night. These affairs are given by the lodge twice a month, and have interested many in becoming members of the order. Thursday night's affair was a benefit social, given Mrs. Fred Joy who recently lost her husband in an accident while employed at the Crown Columbia Pulp & Paper Company. Mr. Joy was a member of this order as well as his wife, and the social was largely attended and a neat sum was the result. Following the musical and literary programs games were indulged in and a supper served. The following was the program rendered, every number being forced to hearty applause: Piano solo, Oscar Woodfin; vocal solo, Mrs. William Harvey; piano solo, Mrs. Ingebrecht; vocal selection, Cane mah quartet, composed of Oliver Frost, Arch Long, Gilbert Long and Louie Smith; vocal solo, Mrs. E. C. Cooper.

The committee in charge of the affair was composed of Mrs. Elnor Thomas, Mrs. James McFarland, Mrs. Mary Freeman.

The Pythian Sisters gave a reception Monday to Mrs. Bruce Zumwalt, who is grand officer of the order, and who will leave with her family for California on Friday, where they will spend the winter. Mrs. Zumwalt, who has been an active member and faithful in her duties, was tendered this reception as a mark of high esteem in which she is held by her Sisters. One of the features of the evening was the presentation of a gavel by Mrs. Zumwalt to the lodge. The affair closed with a banquet, where about 50 members of the Pythian Sisters sat down to a feast that will not soon be forgotten by those partaking. The tables were prettily decorated to correspond with those of the banquet hall.

The early part of the evening was taken up with the business meeting of the order, when four candidates were initiated.

The marriage of Miss Bertha Griffith and Mr. Emory Thomas, was solemnized last Wednesday evening at the home of the bride's parents, Mr. and Mrs. William C. Griffith of Spokane, Wash. Mr. Thomas was formerly an Oregon City boy, being the son of Mr. and Mrs. Owen Thomas who moved from this city about five years ago to Spokane, where they have since made their home. He is well known in this city, and was active in Presbyterian church work. Mr. Thomas and his bride will make their home at Spokane, where he is in the commission business.

One hundred members and exempt members of Cataract Hose Co. No. 2 of the Oregon City Fire Department assembled at their hall on Third and Main street, Monday night to partake of a chicken dinner in honor of Department Chief Charles Croner, who is a member of the hose company. Judge Grant B. Dimick presided as toastmaster, and speeches were made by the chief and many prominent members and exempt of the organization. A string orchestra from Portland, furnished music during the evening.

Miss Florence Marts and Charles Hardy, both well known young people of Russellville, were quietly married in this city by Justice W. H. Sanson, at the Sanson residence on Main Street. Following a short honeymoon, the couple returned to Russellville, where they will reside.

**AID SOCIETY AT PARKPLACE.**

Women Meet For Re-organization and Elect Officers.

The Parkplace Aid Society met and re-organized Wednesday at the home of Mrs. W. A. Holmes. New officers were elected, as follows: President, Mrs. Coffey; vice-president, Mrs. Jones; secretary, Mrs. F. Lucas; treasurer, Mrs. Joseph Brunner. The afternoon was spent in sewing, followed by a luncheon served by the hostess. Miss Myrtle Holmes and Miss Horner favored the guests with an instrumental duet, and Mrs. W. A. Holmes with a vocal solo. The meeting of the society will be held each week after Thanksgiving. Those attending at Wednesday's meeting were Mrs. F. Lucas, Mrs. M. Flaxton, Mrs. William Blood, Mrs. Flora Fraiser, Mrs. Monzer, Mrs. La Deux, Mrs. Hendricks, Miss Hendricks, Mrs. Wallace, Mrs. Kalmbach, Mrs. Coffey, Mrs. Joseph Brunner, Mrs. Reckover, Grandma Davenport, Mrs. John Kent, Mrs. W. A. Holmes, Rev. and Mrs. Jones.

**X. L. CLUB MEETS.**

Gladstone Organization Holds Interesting Session.

The X. L. Club of Gladstone met at the school house Friday afternoon, and there was much interest manifested and a good attendance. A committee composed of Mrs. A. C. Deanna and Mrs. Charles Tooze, was appointed to see that the grounds of Gladstone are cleared of paper and other rubbish so as to have a neat appearance.

Prof. Vedder, superintendent of the Gladstone High school, gave a talk on "The High School Fund Bill," which met with defeat at the recent election, and the members of the club have decided to work with a vim to have this measure passed in the future time to come.

The next meeting of the club will be held at the school house at Gladstone on the second Friday of December, at which time a literary and musical program will be given.

**Surveyor Kills Wolf.**

While hunting near Estacada the latter part of last week, N. W. McMillan, a surveyor of that city shot a large gray wolf, the first that has been killed in this county for some time. The hide was brought to this city yesterday, and Mr. McMillan was awarded \$5 bounty for his prowess, by the county.

**Children Cry FOR FLETCHER'S CASTORIA**

Firwood School Report. The following pupils averaged above ninety in their grades for the month of October: Eleanor Bews, Edwin Bews, Raymond DeShazer, Riddle Roberts, Lala Roberts, Alice Berg-house, Lenh Morrison, Herbert Udell. The following pupils were neither absent nor tardy during month: Eleanor Bews, Edwin Bews, Lala Roberts, Riddle Roberts, Agnes Udell, Iva Udell, Herbert Udell.

MARGARET F. BATES, Teacher.

**RELIANCE TEAM GOES HOME BADLY BEATEN**

HOME ELEVEN TAKES ANOTHER BY STACKING UP A 25 TO 0 SCORE.

By a score of 25 to 0 the Oregon City football team won another decisive victory Sunday, defeating the fast Reliance Athletic Club team of Portland. Although they played a good game of football, the visitors were eclipsed in every department by the locals, every man on the home team making one or more brilliant plays.

Oregon City started things right off the reel, and in less than two minutes after play had commenced, they waded through their rivals for a touchdown. During the second quarter, the locals again scored, and in the closing period, the Reliance goal line was crossed twice. While the whole team played skillful football, the work of Long and Moore in the backfield was the feature of the day. Both of these men ripped through the line or skirted the ends for good gains on every occasion. For the visitors, quarterback Crosby and Herzog, right end, were the bright and shining lights.

Following is the line-up: Oregon City: Reliance. Montgomery...C...Blach Harry...RG...Robertson Smith...LS...Zediker Baker...RT...Sandstrom Lageson...LT...Mahoney McClure...RE...Herzog Green...LE...Gustafson White...Q...Crosby Sellar...RHB...Kirkland Moore...LHB...Macklin Long...P...Mercer

**DEUTSCHER VEREIN ELECTS.**

Gustav Schnoor Chosen as Head of Society.

The Oregon City Deutscher Verein held their regular meeting Sunday afternoon in Knapp's Hall, and in addition to other matters of business, the following new officers were elected for the coming term: President, D. Gustav Schnoor; Vice president, D. M. Kleimann; secretary, Rudolph Seiler; treasurer, Louis A. Nobe; trustees, Richard Petzold, Peter Winkel and Chris Hartmann. Mr. Schnoor, the newly elected president of the organization was recently honored by being elected president of the Oregon State Federation of German Societies. He will also be a delegate to the national convention of German societies.

Following the business meeting Sunday, music and speeches, a German repast and dancing were enjoyed until a late hour.

**TIE BOOM BREAKS.**

15,000 Ties From Shaffer Mill Float Down Willamette.

Men are busily engaged in gathering in the railroad ties belonging to the Fred Shaffer sawmill on the Molalla River. The boom containing 15,000 ties had been taken from the Molalla River last winter and towed to the mouth of the Pudding River. A sudden rise of the Molalla caused the boom to break and ties to drift down the Molalla River into the Willamette. At New Era many of the ties were saved, but since the Willamette River has taken a rise many have come down over the falls and are being caught near the foot of Twelfth street. A large force of men has been for the past three days bringing the ties from the sand bar at the foot of Twelfth street, where they will be taken in charge by Mr. Shaffer.

**High School Eleven Disappointed.**

Football fans of this city were considerably disappointed Sat. over the failure of the Portland Academy first team to make an appearance for their game with the Oregon City high school. The game was slated for 2:30, but at 4 o'clock, even the most rabid fans bade farewell to hopes of seeing a football game, and wended their way out of Chautauqua park.

The members of the local high school's eleven are much disappointed and greatly mystified at the non-appearance of the academy team, as no reason was given.

**J. H. Mattley Leaves Nash's Building On Seventh Street.**

J. H. Mattley has leased the Nash store building on Seventh street and has added a new line of goods. Mr. Mattley, who has been in business in the Reddaway building on Seventh street for several years still retains that building, which is to be used for his second hand stock.

**An Ideal Husband**

is patient, even with a nagging wife, for he knows she needs help. She may be so nervous and run down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters—the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used them and become healthy and happy. Try them. Only 50c. Satisfaction guaranteed by all druggists.

**You Need a Phonograph**

in your home and you can get it on the easiest of payments--Act at once

If you only knew how much fun and entertainment a Phonograph brings into your home, you wouldn't be without it a single day. You know how it is—you come home in the evening, tired out from your day's work, and a long dreary evening before you. That's the time when you would appreciate some music to refresh you and make you forget the trials and cares of the day. No matter what you want to hear the Phonograph brings it right to you while you sit in your easy chair

No one need say "I can't afford it," for we will sell you any Victor or Edison outfit on such easy terms that you never miss the money and the first thing you know it is entirely paid for

**It's Your Advantage to Buy From Us!**

Because we carry every machine and record made by the Victor and Edison companies and our prices are as low as you can buy any place on earth, and you can come right here and hear them played right alongside one another and pick out the machine and records that you like best. That is surely far better than being compelled to take any talking machines and records a far-away concern has a mind to sell you.

**A FREE TRIAL OFFER**

We will gladly send a Victor or Edison outfit to your home for a few days at no expense to you. If you decide to keep it pay us a small deposit and a little each month.

**NEW MANAGER ARRIVES.**  
G. F. Breitbarth, of Portland, Accepts Position at F. Busch's Store.

G. F. Breitbarth, of Portland, has arrived in this city to accept the position as manager of the carpet and furniture department of the Frank Busch store on Eleventh and Main streets. Mr. Breitbarth is a man of experience in this line, having held a similar position with the Edwards Company of Portland for 15 years, and was also connected with the Walter Brothers' store of that city. He is well known in Portland, and comes to this city with the highest recommendations.

Mr. Busch has added a new line of goods to his furniture and carpet department and finds that it is necessary to have a man, especially, at the head of this department.

Users of wire fence have come to the conclusion that the requirements absolutely necessary for a good fence are elasticity in the line wires, stiffness and rigidity in the stays, and a lock or tie that holds firmly.

By reason of special attention to its construction, the wire used in our fence is neither too hard nor too soft, but just enough points carbon to give it strength and elasticity. The wire is thoroughly galvanized, and each and every bundle of wire woven into our fence is inspected and approved before it is allowed to go to the machines.

Our stay, or upright wire, is one continuous wire from the top to the bottom, and is of the same quality and gauge as the intermediate line wires.

The method of tying the stay or upright wire to the line wire is where we differ materially from other makes of fence, and we were the first to apply this principle in the manufacture of wire fence. Our knot is a LONG oval loop, with the two ends returning towards the stay, forming two hooks. By having this long, oval loop it permits as to put a LONG bend in the line wire, thus preserving the full strength of the wire. We believe this to be one of the vital points in the manufacture of any wire fence. Most manufacturers of wire fence are compelled to put a short kink in the line wire, owing to the shortness of their lock, and each and every short kink you put in any wire weakens the wire.

Again, we construct our lock of the same hard, spring steel wire that is used in the line and stay wire. We positively DO NOT use a softer wire for our knot than the line and stays.

It is not necessary to anchor our fence between posts because when properly stretched the rigid stay prevents a hog or any other small animal from going under our fence unless they raise the whole fence, and with the fence well stapled to the posts, this they cannot do.

We do not use half-sized wire in any of our styles. The price of a wire fence depends on the quality of the wire and the weight of the fence per rod.

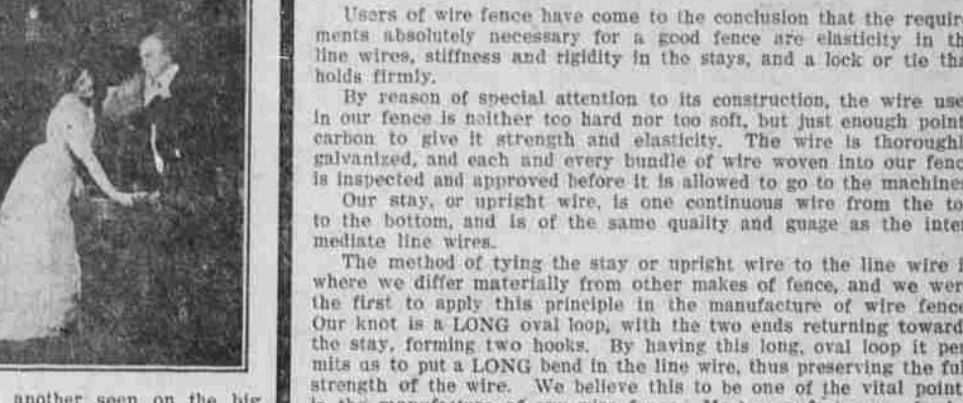

The life of a wire fence depends on the quality of the wire, the galvanizing, the size of the wire and the method of tying the wires together so they WILL NOT SLIP or in any way injure the wires in the fence.

We have a fence that embodies all of these qualities and we guarantee every rod of fence we put out.

**Frank Busch**  
Manufacturer of Furniture  
DEALER IN CARPETS, HARDWARE, STOVES, DOORS, WINDOWS, WALL PAPER, OILS AND PAINTS

**"The Adrian" Wire Fence**

Tied with "The Tie That Binds"

Users of wire fence have come to the conclusion that the requirements absolutely necessary for a good fence are elasticity in the line wires, stiffness and rigidity in the stays, and a lock or tie that holds firmly.

By reason of special attention to its construction, the wire used in our fence is neither too hard nor too soft, but just enough points carbon to give it strength and elasticity. The wire is thoroughly galvanized, and each and every bundle of wire woven into our fence is inspected and approved before it is allowed to go to the machines.

Our stay, or upright wire, is one continuous wire from the top to the bottom, and is of the same quality and gauge as the intermediate line wires.

The method of tying the stay or upright wire to the line wire is where we differ materially from other makes of fence, and we were the first to apply this principle in the manufacture of wire fence. Our knot is a LONG oval loop, with the two ends returning towards the stay, forming two hooks. By having this long, oval loop it permits as to put a LONG bend in the line wire, thus preserving the full strength of the wire. We believe this to be one of the vital points in the manufacture of any wire fence. Most manufacturers of wire fence are compelled to put a short kink in the line wire, owing to the shortness of their lock, and each and every short kink you put in any wire weakens the wire.

Again, we construct our lock of the same hard, spring steel wire that is used in the line and stay wire. We positively DO NOT use a softer wire for our knot than the line and stays.

It is not necessary to anchor our fence between posts because when properly stretched the rigid stay prevents a hog or any other small animal from going under our fence unless they raise the whole fence, and with the fence well stapled to the posts, this they cannot do.

We do not use half-sized wire in any of our styles. The price of a wire fence depends on the quality of the wire and the weight of the fence per rod.

The life of a wire fence depends on the quality of the wire, the galvanizing, the size of the wire and the method of tying the wires together so they WILL NOT SLIP or in any way injure the wires in the fence.

We have a fence that embodies all of these qualities and we guarantee every rod of fence we put out.
