

Only a Few More Days Before Christmas

Don't put off your Xmas shopping another day. Turn over a new leaf and begin now. We know from long experience that the early shopper not only gets the best bargains, but they enjoy buying when they can have the undivided attention of a salesman who knows the stock and can help in making selections. We believe we have provided for every want, every taste and every purse this year. If we haven't what you want at the price you want to pay, you will still be the gainer by the ideas you will get looking through our immense stock. Whether buying or "just looking" you will be welcome. Visit us once anyway—as many more times as you can.

Book NEWS

Books for Christmas

The splendid stock of books that we have so carefully selected for this Holiday trade is on sale at bargain prices. It is our intention to sell books just as low as any book or department store in Portland or elsewhere; as low as any mail order house in the East with postage added. If you know of lower prices than we are making tell us, we'll meet them. Books are rightly considered by all the most desirable moderate priced gift for young or old of either sex. We have them from 10c to \$5, and whatever price you select the gift does not look or seem cheap, as many other things of equal cost do.

In a store as large as ours there are bound to be many odds and ends. Not enough left of an assortment to advertise or give display room. Instead of waiting to close these out in our January sales as usual, we are going to offer them now at special prices, when you want them most. We have taken our north window for the "BARGAIN WINDOW" and every day this week, if the bargains last that long, you will see a fresh display. Prices are cut 1/2 or 3/4 of original prices. Being usually only one or two of a kind and a wide variety, we cannot advertise these bargains specifically. If you want to participate, look in the Bargain Window. It will pay you.

Not diamonds, or pearls, or watches, but the small things like cuff buttons, collar buttons, watch chains, lockets, bracelets, charms brooches, hat pins, that you want to buy at less than Jewelry Store Prices. You can get them here, and remember we handle nothing but first class goods—everything guaranteed. Compare our prices.

Umbrellas

After all what could be a more sensible or useful gift than an Umbrella? And the good thing about this sort of a present is the price. You can get something good and serviceable as low as a dollar and get a swell one anywhere up to ten or fifteen dollars. We have the reputation of giving big values in Umbrellas. Ours come from two of the largest factories in the East. That not only helps us to make our prices about 20 per cent lower, but they say to us: "If one of our umbrellas doesn't give good service take it back and give a new one."

Perfumes

Buying and keeping perfume is almost a business of itself. After years of experience we believe we've gotten it down almost to a science. Each perfumer has two or three special odors which are better than any ordinary kind because they spend lots of time and money developing something especially good. We buy these special odors from each leading perfumer. They come from France, England, Germany and America, and are each one the best of its kind. We keep the goods right in a case made specially for this purpose and you can depend on getting full strength perfume when buying from us. Fancy bottles from 25 cents to \$10.

Brushes from France

In this direct shipment of French goods we have everything imaginable in bristle goods. One might imagine because they come from France they would be higher in price, but on the contrary we are placing them on sale at lower prices than we have ever been able to offer the same quality before. The hair and cloth brushes range in price from 25 cents to \$5.00. Tooth brushes from 5 cents to 75 cents, and our sets with brush and comb range from 75 cents to \$15.00.
