COUGH CURE

The year just past will long be re Sandy naturally has grown from a membered by people of Sandy as a nice little country hamlet to a pretty year of good crops with good prices; little city in the past few years to with the saw mills and other indus such an extent that the old "mossof her daughter Mrs. Shumuay.

Died. December 26th, 1910. Thomas
Martin, aged 78 years. He leaves a land: the planting of hundreds of most trying hard the leaves of land: acres to fruit; building of new homes and growely The funeral services were held at the Mountain View church Wednesday morning. Rev. Clack officiated. In powerful Sandy river to electricity and the building of the Mt. Hood Electric car line to Sandy has made the past year one of the most prosperous ever in the history of Sandy, and the out-look for the coming year Club will meet in Curran's Hall on promises still better and thus the Friday evening. Rev. J. R. Lands-people of Sandy can feel more thank. people of Sandy can feel more thank the mountains and for Mt. Hood, to good health. During the past to ful and happier than ever before on Many little towns and summer resorts years I have had no cause for a this new year's birth.

The Mt. Hood Railway & Power Company has hundreds of men, teams rapid and substantial growth of our and steam shovels busy constructing town in the past two years. the great power house site and reser voirs, dams, etc. on Bullrun flat. The scenes of operation can be observed from our streets just north of town while further up the Little and Big Sandy river big gangs of men with machinery are building flumes, dams Laura and Gertie Shubel, Hazel get the water of these two mighty inther, Della and Elsa Bluhm and powerful streams converted through cial lake that will cover hundreds of acres of Bullrun flat which is said oregon City Saturday.

John Heft and family spent Xmas water in the world. From this great reservoir the water will be taken in several big tunnels to the powe house site 375 feet below. Said build-The children had a Xmas program ing is being constructed of steel and concrete of the most modern type Why don't we all boost for that ferry at Wilsonville.

The children in most homes were allowed to help decorate the tree, and what fun—long to be remembered—and then when Santa Claus presented to the would be remembered.

The apples which are on display in Oregon City, through the courtesy of the Commercial Club, are a credit to Clackamas county and the good work of Clackamas county and the good work of the cou

spent Xmas at the home of Mr. and tains with some transcontinental line. struction work on the line of grading and laying of track from Port land to the power house site is going on day and night and will have the construction train running to the power house before spring. As soon as complete the freighting of immense amount of material necessary for construction can then be shipped by rail. Work on the main line from Laster's hill to Sandy has begun. Engineers are now at work setting permanent grade stakes, and the cars will

a year or two. The lumbering industries of this vicinity had an exceptionally good run this past year. The 10 mills lo. Only 25c at Jones Drug Co. cated here with a capacity of 250,000 feet per day were running with but little idleness. The product of these mills, finding ready market, placed thousands of dollars in circulation annually and as the timber resources of this vicinity will keep many mills running for years hence insuring a things for Sandy and vicinity.

After the swing of axman ax and machinery of the mills have converted the great trees of the forest into mercantile lumber, leaving behind them many logs, trees, etc., not fit for lumber, this is gathered up by the wood cutters, which has become a business of considerable importance, cutting up the refuse lumber into cord wood of which thousands of cords are shipped annually, employing several hundred men daily and many teams hauling it to the nearest railway station. Another source of wealth that materially adds to the progress of this country.

Not alone on account of the building of the Mt. Hood Rallway and Power the neighborhood Saturday. Plant or the great natural timber resources we have here, which causes Sandy to develope faster than most any other section of Clackamus coun iv, but fruit growers of fame and experience have discovered that our oil, climate, atmospheric conditions, and other natural requirements are most admirably adapted for the raising of the big, julcy, red apple that made Oregon famous. During the oast year several thousand acres of land changed hands and practical fruit men are now clearing and plant ing many acres into commercial ap-ple and other fruit orchards. Big nurole can get right at home the best of

eries have been established and peo fruit trees for orchards, and a pro-gressive fruit growers' association boosting cleaner and better orchards and on practical lines will eventually make Sandy fruit district a serious competitor of Hood River. Dairy business is growing rapidly Many farmers are discarding their

scrub stock and replacing blooded stock instead. Already the good effeet therefrom is noticeable as our feet therefrom is noticeasted to the first the big creameries of Portland, which the big creameries of Portland, which the big creameries of Portland, which the big creameries of Portland and Cheistman with the to every dairy man paying them the land to spend Christmas with the highest market price as milk produced here is almost destitute of germ disease, which accounts for higher elevation, purer air, and last, of pastures and purest of mountain water. dinner with Mr. and Mrs. Wolf.

In keeping with the development of surrounding country the town of

Sandy is growing very fast, and at the rate it is booming we will soon plaint. My back was so lame and have several thousand people here as stiff that I could hardly get about and it is centrally located in a rich and it was all I could do to dress myself prosperous country. All roads of the on arising in the morning. in extent, lead to Sandy Sandy is passages were too frequent. Strong Healthy Women If a woman is strong and healthy in a womanly way, moth-

erhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic. "Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and

testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just a good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have
