MARQUAM.

A decisive victory for the extending of our school for two months longer was won by a large vote. A meeting was called some ten days before but failed for its purpose, which won by a vote of 35 to 16. What can we have without a school? We can never have too much school.

After the procession had almost ended from the school meeting, which was held at the school house, back to the postoffice an excitement was stirred up by the dispute between two of our young men of our neighboring vicinity. The trouble arose over a dispute in the fixing of some telephone which one of the latter had caused to become obstructed by the blasting of nearby stumps. After some muscular exercise and rolling around in the mud, which attracted over 75 people, a feud interferred and they were finally separated.

Mr. Conrad, of Gladings, was seen in town on business this week.

Arthur Nelson has just returned from a brief trip to Estacada. Our pastor, Rev. Mayes, attended the funeral services of Miss Verbeis Johnson, which was held at Molalla. The final eighth grade examination was held last Friday with one lone applicant, Mary Nelson.

LOGAN.

Can't someone "tip" the weather man for some of Oregon's best? Last week the "natives" even complained that it was too wet. Jupiter Pluvius be careful, there is a "recall" bill here. You might lose your job.

The most serious loss this community sustained from high water was the Clear Creek bridge at Fisher's Mill. It is reported by those living near there that a landslide from a high bank temporarily damming the water, then giving way, the crush of water carrying out a large drift of logs which took the bridge before them down over the mill dam. If the piers had been kept in repair it would have been a substantial structure as the bridge itself remained intact after going over the falls of the dam, until broken by drift logs. It was built about 30 years ago at a cost of \$750. One bad feature about it is the people on route two are deprived of their mail. We are told an alternate day service will be started as soon as the river road is open again to travel.

STAFFORD.

MRS. T. L. TURNER DEAD.

Prominent Grange Woman of Stafford Passes at Age of 67.

At the family home, two miles south of Hillsboro, Nancy E. Turner, wife of T. L. Turner, died on Monday, September 19, 1844, and crossed the plains with her husband and three small children, arriving at Stafford, Oregon, October first of the same year, where they settled on a farm, where she has resided continuously until her death, January 19, aged 66 years, 4 months.

The floral offerings were beautiful and many in token of the high esteem in which Mrs. Turner was held. The pall bearers were B. F. Weddle, O. P. Sharp, Chas. Teidman, G. F. Stine, Chas. Thomas and Geo. Aden. The interment was in the Stafford Cemetery.

Mrs. Turner besides her husband, Mary Ellgren and Ella Seedling, of Stafford; Albert, Smith, Chas. and Herbert, of Wilsonville; John, of Willamette; Lily Seely, of Woodburn; Haulie Gross, of Oregon City, and James, of Turner, Wash., who were all at her bedside at the time of her death. A brother of Mr. Turner, Charles Turner, of Rosalia, Wash., and a nephew, B. M. Turner, of Turner, Wash., and Dave Turner, of Dayton, Wash.

Mrs. Turner was a prominent member of Tualatin Grange, P. of H.

Death of Mrs. Turner.

Last Saturday, the 21st, a long procession of sympathizing neighbors and friends followed all that was mortal of Mrs. T. L. Turner to her last resting place in the Stafford cemetery, on the afternoon of Thursday, the 19th, after suffering ten days with that dread disease, pneumonia. Her pleasant face and kindly helpful ways will be missed by scores of friends outside of her own family.

Her maiden name was Nancy E. Powers, and she was born in Knox County, Missouri, the 19th day of

September, 1844. She was married to Thomas L. Turner on the 4th day of April, 1861. We believe she was preparing to celebrate their golden wedding next April. She crossed the plains by ox team in 1865, arriving in Oregon City in December of that year. She and her husband have helped to make the wilderness blossom as the rose and have a beautiful well-tilled farm at what has been known for more than a decade as Frog Pond.

She was the mother of 11 children, 10 of whom she has had a surviving heir, namely: Mrs. Mary Ellgren, Mrs. Ellen Seedling, and John Turner, of Stafford; Mrs. Lizzie Seely, near Woodburn; Herbert, Charles, Smith and Albert Turner, of Frog Pond; James Turner, near Dayton, Wash.; and Mrs. Susie Gross, of Oregon City. A little daughter of four years died many years ago.

Thus, had another pioneer passed away, and the ranks of the faithful who helped to make Oregon a mighty state are fast growing thin, dropping, as it were, like fruit fully ripe.

She was a faithful and helpful charter member of the Tualatin Grange, and the beautiful ceremony of that Order was witnessed at her grave, ending with the words, "In the name of Tualatin Grange, Sister Turner, Farewell."

Henry Ellgren, who is a grandson of the late Mrs. Turner, is still quite ill, but is able to sit up a bit occasionally.

Since the snow and the succeeding rains, quite a number in this vicinity are afflicted, principally colds and grip.

Ment Peters is not so well, but small hopes are entertained of his recovery.

Otto Peters is better and rode down to consult with the doctor on Monday. A young couple of his who came from Texas last fall, is ill with something similar to the grip, and we hear there are three or four sick at Sam Moser's, and a number at Dick Oldenstadt's.

Mark Baker and brother-in-law, Mr. Wiseman, have gone up near Kelso, Wash., visiting friends, and the latter is looking for land. He thinks land won't be so hard to get, it may be, but it is capable of raising anything.

Mr. Keckel came from Portland on Saturday, and August and Adolph Del-

bar and the latter's wife and her sister, who are Mr. Keckel's daughters, accompanied him home to see Frank Keckel, the son and brother, who has been very bad off for the past six or eight weeks with a dreadful swelling on his neck and it was thought that morning he was nearing the end, but when they returned Sunday he seemed better.

Mr. Delkar's hip does not pain him so much if he keeps still, but his limb is cold all the time, he says.

John Sager, who sold out recently and moved to Portland on account of some affection of one of his legs, was taken to the hospital last Saturday and operated upon, and the physicians give strong hopes of his getting well.

Mrs. Wiseman, who spent last week with friends near Canby, returned on Saturday last and her mother came with her.

The Baptists are improving the face of the county, by tearing down the old wagon shed which stood right in front of the parsonage and building a new one beyond the church.

An old man who is a county charge is sick at Fred Baker's.
