NEW SCHOOL LAWS RECENTLY PASSED
 EXCERPTS GIVEN HEREWITH FOR THE PERUSAL OF READERS AND SCHOOL PATRONS.
 NEXT EXAMINATION JUNE 21 TO 24

Facts Concerning the Different Certificates to be Issued Under the Present Laws Now in Force.

At the meeting of the last legislature several laws were passed affecting the public schools and public school government. With a view to acquainting county superintendents officially with these changed conditions State Superintendent L. R. Alderman has sent out printed information covering these points. We publish below portions of this circular which will be of information to our readers:

Under the new law on supervision the County Superintendent of each county having more than sixty school districts shall appoint on or before June 1, 1911, four members of a County Educational Board, of which board the County Superintendent is ex-officio chairman. The members of the board receive no compensation, excepting traveling expenses. Members of this board must be legal school voters and no person holding any other county office, excepting the County Superintendent, shall be eligible.

On the first Monday in June the Educational Board shall meet and divide into the school districts in the county excepting districts of the first class into supervisory districts. No supervisory district shall contain less than twenty nor more than fifty school districts. The County Superintendent shall be counted as supervisor for one district and the board shall employ supervisors for the other districts. The supervisor shall be employed for not less than ten months each year at not less than \$100 per month to be paid from the general fund of the county.

The next examination will be held on June 21, 22, 23, and 24. There will be no examination in August, hence all persons whose certificates expire in August, or who wish to take teachers' examinations in order to teach next year should write at the June examination. The new law does away with the county certificates, but you will have authority to issue county certificates on State grades until May 20.

Under the present law applicants must complete the subjects for a State certificate within three successive examinations. The new law provides that such persons may complete their examinations under the laws now in force. All persons, therefore, who are writing for State certificates should appear at the June examination.

Applicants for a one-year State certificate must make a general average of not less than 75 per cent and shall not fall below 60 per cent in any one of the following subjects: Arithmetic, civil government, geography, grammar, history, orthography, physical geography, reading, school law, theory and practice of teaching, and writing.

Applicants for a five-year State certificate must make a general average of not less than 85 per cent and shall not fall below 70 per cent in any one of the following subjects: Writing, orthography, arithmetic, physiology, grammar, geography, theory and practice of teaching, reading, U. S. history, civil government, school law, psychology, American literature, algebra, physical geography, and composition.

PRISON-BOUND IS ABRAHAM RUEF
 ADMITS HE HAS EXHAUSTED ALL POSSIBLE MEANS OF EVASION THOUGHT OUT.
 TERM OF SENTENCE IS 14 YEARS

Says He Was Convicted Contrary to All Rules of Law—No Claim Made of Innocence.

SAN FRANCISCO, Feb. 28.—(Sp.)—It looks as if Abe Ruef will go to the penitentiary to serve out his sentence for bribery. Today the State Supreme Court vacated the order granting the ex-convict a re-hearing. That means that there is nothing standing between him and the service of the bench warrant, commanding his commitment, which has been issued. It had not been served at a late hour, however.

Ruef, when seen by a reporter, said that this ended his fight for liberty. His term of service has been set at 14 years. Ruef says that he was convicted unfairly, that all sorts of errors were committed in his trial, and that but for the shooting of Mr. Heney, and the prejudice which that engendered, he would not have been convicted.

While claiming that the trials were unfair and conditions were made to work against him, still Ruef made no statement claiming innocence from charges made against him; his whole talk seemed to be against the methods used to secure conviction.

teaching experience is required for this paper which gives the applicant authority to teach only in the first, second and third grades.

No examination in English classes will be required in the June examination on account of the lack of time for announcements and preparation. The examinations will be based upon the text-books adopted by the State Text-Book Commission.

DIRECT ELECTION LACKS FOUR.
 But Friends Say It is a Victory and Next Session Will Pass.
 WASHINGTON, Feb. 28.—(Sp.)—The question of a direct election of Senators came to a vote in the United States Senate today, and the resolution submitting to the States a constitutional amendment to that end only lacked four votes of the two-thirds necessary for its adoption. The vote stood 54 for, with 33 against.

Borah was enthusiastic in proclaiming that at the next Congress, special or regular, it was likely to carry. The result had been so carefully canvassed that the result was known before the vote was taken.

SAVE YOUR WATCH REPAIR BILLS!

Let us inspect and clean your watch NOW, while it is still uninjured by dust and hardened oil. Unless the delicate, exactly adjusted parts are kept clean and oiled, they are certain to become worn and the movement will surely lose its accuracy.

Every watch should be thoroughly cleaned and oiled at least once in 18 months and if yours has not been cleaned within that period it is time to bring it here.

Most watch troubles are caused by lack of cleaning. If cleaned regularly your watch should give a life-time of service, barring accident.

We mend broken rings, pins and chains, so that they will look and be practically the same as when you bought them. All work guaranteed.

Sherriff Maas Given Banquet Thursday

The farewell banquet tendered Sheriff Maas by the people of Willamette Thursday night was a very pleasant and enthusiastic affair. Practically the whole populace turned out to give him God-speed in anticipation of his moving to Oregon City which he will do next week, and there were many words of kindness and good cheer given him.

The banquet prepared by the ladies of the town as their part of the program was served in the M. E. church, where the remainder of the program was given. There were 200 who sat down at the festal board. The room and the tables had been decorated for the occasion, and the bounty of the spread could only be appreciated by those who were participants.

The speakers of the evening were G. L. Sndow, C. A. Miller and T. J. Gary, and Sheriff Maas responded to the words of cheer it a very acceptable address. The boys band, recently organized, furnished delightful music for the occasion. It was the most enjoyable occasion that the historian of Willamette has been called upon to chronicle for some time.

POULTRY DON'TS AND DO'S.
 Learned in the School of Experience
 By a Chicken Raiser.
 Don't expect to reap a big poultry harvest without hard work and constant attention.
 Don't breed from the general flock composed of good, bad and indifferent hens.
 Do, if possible, have a breeding pen. If you are unable to get pure bred stock, select your best hens, a dozen of them, say, and put in a breeding pen with a vigorous, early hatched cockerel.
 Hens are better than pullets for breeding, and cockerels are preferred to old birds.
 Do hatch all the chickens you can in April. It is the ideal month to make fall and winter layers.
 Do try to raise enough pullets so you will not need to keep over any of your present stock of hens excepting enough for breeders. The money from winter eggs is mostly in the pullets.
 Don't allow your chickens to be uncomfortable from lice.
 Don't let them have diseased legs. If the legs and feet have a crumbly look, anoint with equal parts kerosene and lard.
 Don't set your hens where the other hens will lay in their nest. Have some building or room devoted to the setting hens. Remove the "cluck" to her nest after dark and cover her or shut her on the nest for a day, and she will generally give no trouble.
 Food, water, grit and dust bath should be kept in this room so that the setting hens may help themselves as they like.
 Do dust the hens several times while setting, with some good lice powder, in order that there shall be no lice to go onto the little chicks when they are hatched, as well as for the comfort of the hens.
 Do keep your hen house clean and free from mites.
 Do plant a patch of kale near your hen house and let the hens run in it not only thru the summer but also in the winter when the weather is good. You will be surprised at the amount they will eat.

PHILIP WEISMANDEL WILL IS PROBATED

The will of the late Phillip Weismandel has been filed for probate in the office of the county clerk. The value of the estate is \$1550, and Mrs. Oia M. Ogle, of Canby, is named as executrix of the last will and testament, and is requested not to be required to give bonds. The will was made on the 10th day of December, 1910, and reads as follows:

To his mother, Sophia Weismandel, of Oregon City, he bequeaths \$5; to his sister, Mrs. Rose Howard, of Portland, \$1; to his sister, Mrs. Emma Phillips, of Condon, Oregon, \$1; to his sister, Mrs. Nellie Lyons, of Oregon City, \$1; to Bessie Wells, daughter of J. R. Wells, late of Condon, two lots and house owned by deceased, this to include contents; to Chris Weismandel, son of Casper Weismandel, of Oregon City, two lots in Root's addition to Marshfield; to Gertrude Kabourek, of Oregon City, \$100; to Wayne Gurley of Canby, watch, chain, gun and all carpenter tools and chest for same, and also camping outfit, all being in Canby except the watch and chain; to Oia M. Gurley, wife of George Ogle, of Canby, all of the rest, residue and remainder of estate, real, personal or mixed of which he possessed at the time of his death including all property coming from the estate of his father, the late John Weismandel, or from his mother's estate, in case she dies before he (Phillip) does.

LATEST MARKETS
 Portland Markets.
 The receipts on the market for the week ending today are as follows: Cattle 1997, calves 52, hogs 1009, sheep 6018 and horses 6.
 One of the features of the week was the strength of the cattle market, prime hay fed steers bringing \$6.75 and grades ranging around 6 for medium grades. Buyers were ready to buy and every thing cleaned up at satisfactory prices. The cow market was steady but receipts were very light. Calves were in a minority and quality of those offered was not good. The hog market was in splendid condition. Scarcity of receipts and strong demand account for prices paid. Only 2 cars were sold on the open market, one bringing \$3.50 and the other, well finished stuff weighing 206, \$3.75. Balance of the receipts was contracted Eastern stock.
 Receipts in the sheep line were still large but prices seem to have found a level at the following quotations: Good grain fed lambs \$5.50 to \$5.45, wethers heavy \$4.50 to \$4.75, yearlings \$4.25 to \$4.60, ewes \$3.50 to \$4.00. Everything was cleaned up and shippers seemed satisfied.
 In the horse market demand continued good for drafters with an increased market for delivery and driving horses.
 Following sales are representative:
 243 steers 1298 \$6.75
 75 steers 1186 6.30
