

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as strictly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

HENS WITH LAYING RECORDS PROFITABLE

LET THE HENS PAY OFF THE FARM MORTGAGE THE ADVICE GIVEN.

CORVALLIS, Or., April 25.—The conversion of a flock of hens that barely pays for the feed it eats into one which will pay the mortgage on the home farm is largely a matter of egg record and the elimination of the "star boarders" and the conservation of the 200-egg-a-year hens.

Prof. Dryden of the Oregon Agricultural College has made a special study of this subject and is a firm believer in the trapnest.

"To discover the egg type of hen we have got to use the trapnest, or some method of keeping a record of eggs laid by individual hens," he has said. The trapnest is about the best thing we have discovered in the poultry business.

We will make slow improvement in breeding without an egg record for each hen in the flock. The objection to the trapnest is that it requires too much labor for the farmer. That is true. Not many farmers can give it the necessary time. I believe that the State or experiment station should come to the rescue here. There should be a breeding station, or several breeding stations, in every State where farmers could secure at nominal prices cockerels of good egg-laying pedigree to mate with their flocks.

It would not take very long to furnish every farmer with a male bird whose ancestry for two generations had an egg record of 150 eggs a year or more.

"We say it is the hen of vigor that lays. We say without constitutional vitality she will not lay. That is undoubtedly true. A hen may have the egg laying capacity, but without vigor she won't produce eggs. On the other hand, the hen may have vigor without egg-laying capacity. She may have constitutional vitality and lay less than 20 eggs a year. The point is that by selecting for vigor we won't get a strain of layers. We have to select for both vigor and egg capacity. The trapnest enables us to do this. The hen that lays 200 eggs a year has good vitality, so that a high egg record is an indication of high vitality. It is possible, of course, that the 200-egg hen will not produce chicks of good vigor; it is more possible that her eggs may not be very fertile. That is another question. It is possible that very heavy laying may injure her breeding qualities; that is a debatable point. But the fact remains that the hen that lays 150 eggs or more a year has good vitality, and it is such hens that we must depend upon to increase the egg yield and make poultry keeping more profitable. A high egg record indicates constitutional vitality—stamina. The trapnest, therefore, selects for vigor as well as egg-laying capacity."

"If each State would take hold of this in earnest, I believe that in a few years it would add millions of dollars to the profits of the poultry keeper, and at the same time help solve the problem of the nation's food supply."

Tell Your Neighbors. When in need of a cough medicine to use Dr. Bell's Pine-Tar-Honey. It is the best. Look for the bell on the bottle. Geo. A. Harding, Druggist.

Money Back. Hyomel Cures Catarrh Without Stomach Dosing, or Money Back. Yes, dear reader, catarrh can be cured; but not by pouring vile, nauseating drugs into the stomach.

And catarrh germs thrive, flourish and multiply in the nose and throat. Can you kill these tough and persistent little health destroyers by swallowing pills or nostrum? Any physician will tell you it cannot be done.

HYOMEI (pronounced High-o-mey) is a germ killing vaporized air which, when breathed either through the mouth or nose, will kill catarrh germs and soothe and heal the inflamed and irritated membrane promptly. It gives relief in two minutes.

HYOMEI is such a powerful germ destroyer that it penetrates every fold and crevice of the mucous membrane of the nose and throat. A complete outfit, which includes inhaler, a bottle of HYOMEI and simple instructions for use, costs \$1.00. Should you need a second bottle of HYOMEI the price is only 50 cents. Huntley Bros. Co., and leading druggists everywhere sell HYOMEI. 28-12

SUMMER CAMPAIGN ON FOREST FIRES

COSTS LESS TO SAVE FROM FIRE THAN TO STOP ONE WHEN STARTED.

TIMBER VALUES RUN INTO MILLIONS

Plan to Have Private Owners of Timber Forests to Patrol Them During the Dry Season.

PORTLAND, Or., April 26.—(Special.)—The summer campaign against forest fires is being planned by the Oregon Forest Fire Association, of which A. P. Sprague is president and C. S. Chapman secretary, with headquarters in Portland. Its objects are the protection and preservation of the State's greatest resource, its timber.

It is far more important to prevent fires, believes the association, than to fight them after they become started, and with this end in view, attention is being called to the best ways to avoid disastrous conflagrations that sweep the timbered districts, wasting the forests and bringing death and destruction to the settler.

During the coming summer more attention is to be paid to having privately owned timber patrolled. The Government may be expected to look after the forests included in the reservations and the owners of timber will be encouraged by the association to watch their holdings during the dry season and will co-operate in every way to make this work effective.

The protection of the forests is a work in which the entire population has a direct interest. It is pointed out by the association. Eighty per cent of the ultimate value of the timber crop goes for labor and supplies and the destruction through fires of each 1000 feet of timber means a loss of at least \$8 in wages to the community. Burned timber pays no taxes and lends to aid to the support of the institutions of the State.

To exploit Oregon's 545,000,000,000 feet of timber means that some \$5,000,000,000 must be paid out in wages alone. The industry in this State now circulates approximately \$25,000,000 yearly, more wealth than apples, fish, wool and wheat combined.

Every citizen has a part in forest protection and efficient enforcement of the law is an object of the association. It is hoped during the coming summer to enlist the co-operation of everyone to keep the fire loss at a minimum.

AFFIRMATIVE GIRLS WIN IN THE DEBATE

THE CITY BOY MAKES THE BETTER HUSBAND DECISION OF JUDGES.

The debate between the ladies at Clairmont Wednesday evening was a very entertaining event. The question was, "Resolved, That the City Boy Makes a Better Husband than the Country Boy." The affirmative women, that side was championed by Misses Oils Jackson, Antonette Kuppenbender and Gene Maxwell. The negative was argued by Misses Ethel Ball, Ruth Krzman and Mattie Bloom.

The entertainment advertised for April 29 by the Clairmont literary society, to be the last one of the season, has been postponed to May 6. There will be a small charge and the money is to go to the Fair booth.

The next season there will be a course of entertainments given, beginning in the fall, and the money will go to the establishment of a library in connection with the Clairmont school.

The debate next Wednesday evening will be, "Resolved, That the Auto is a Great Nuisance to the Country."

SURPRISE MRS. BUTLER ON FRIDAY AFTERNOON

Mrs. James Butler was taken by surprise on Friday afternoon at her home at 101 Twelfth street by Mrs. Clinton Latourette and members of her Sunday school class of the Baptist church, the occasion being Mrs. Butler's birthday anniversary, which proved a most delightful affair.

Mrs. Butler was presented with two handsome pictures in remembrance of the occasion. Mrs. William Androsen presented the same on behalf of the class with a few well chosen words.

Guessing contests were the feature of the afternoon and delicious refreshments were served. The decorations were most attractive the living room being done in apple blossoms and Oregon grape. The dining room was in carnation and geraniums.

Those present were Mrs. D. C. Latourette, Mrs. R. G. Flagler, Mrs. J. E. Etchison, Mrs. C. G. Miller, Mrs. C. B. Wilson, Mrs. Fred Olmstead, Mrs. E. L. Pope, Mrs. A. F. Parker, Mrs. S. A. Hayward, Mrs. Ethel Ball, Mrs. A. J. Lenoir, Mrs. J. W. Loder, Mrs. William Cannon, Mrs. C. Graef, Mrs. Johnson, Mrs. Martin, Mrs. K. McLarty, Mrs. E. L. Maville, Mrs. Fred Humphreys, Mrs. William Androsen, Mrs. W. H. Calkins, Mrs. Bessie Burris of Gaston, Oregon, Miss Carrie Bailey, Doris Maville, Mildred Cannon, Jack Loder, Donald and Jamie Butler.

For Sixteen Years Dr. Bell's Pine-Tar-Honey has been used by millions of people with perfect satisfaction. For Coughs, Colds, Asthma, in fact all throat and bronchial troubles. The ingredients are on the carton. Dr. Bell's Pine-Tar-Honey contains no habit producing drugs, and always gives satisfaction. Look for the bell on the bottle. Geo. A. Harding, Druggist.

CHAMPIONSHIP HIGH DEBATE AT PARKPLACE

ESTACADA TEAM TO CONTEST WITH THE LOCAL SCHOOL FRIDAY EVENING.

The championship High school debate of the county will be held at Parkplace, in the High school assembly hall, on Friday evening, April 28 at 8 o'clock. The successful teams announced by the committee are Parkplace High school and Estacada High school. There was a misunderstanding as to some of the dates and contests and the result as announced has been protested by Prof. Tooze, explanation of which will be given later, as also the result of the protest.

The subject for debate is "Resolved, That Life Imprisonment, with Restricted Power of Pardon, should be Substituted for Capital Punishment in Oregon."

There will be an effort made to put up a good quality of debate by the Parkplace High, and not a few boys and girls from this city will attend to root for the home team.

ROW IN WOLF SALOON AT SANDY ON MONDAY

TWELVE MEN IMPLICATED IN THE FIGHT—JUSTICE SHELLEY STOPS THE FIGHT.

A row was started in the Wolf saloon at Sandy on Monday, which came near proving serious, and for some time there was great excitement in the little town, and as a result there will be warrants out for the arrest of 12 men implicated in the fight. One man was knocked down, and two of the men proceeded to kick him and jump on him, while another man was struck and knocked backwards, his head striking and breaking a window pane. As the men were in the midst of the fight Justice Shelley appeared on the scene, and with the assistance of men he deputized succeeded in getting them calmed down. A knife was taken from one of the men.

It was early in the day when a bunch of men from Ains' sawmill started for Sandy stating they would clear up Sandy before they left the town, and would probably have done so had the officers not interfered. For some time there have been fights at Sandy, and there has been no interference, but it is the intention now of the law abiding citizens of Sandy to put a stop to this, and to stop the swearing and vulgar talking of men while women are passing along the streets.

It is hoped by the people of Sandy that the town will soon be incorporated, so that the rough element who comes to that place for disturbance will soon come to justice.

LIVELY TIMES FOR ONE EMIL G. STOKES

STORY TOLD AT RENO SMACKS SOMEWHAT OF THE YELLOWBACK.

The following story is printed under the headline of Reno, Nev., and seems to have the color of truth: Emil G. Stokes, of Oregon City, in the District Court today pointed to a sightless eye as evidence of his wife Alice's temper, and his subsequent testimony convinced Judge Orr that it would be either safe or pleasant to compel the Stokes to continue to live together as man and wife, so the decree of divorce was granted.

Stokes said that almost from the day of his marriage, November 4, 1903, his wife developed a jealous disposition and as the honeymoon waned she resorted to violence when in these outbursts of rage. A short time before they parted company Mrs. Stokes, according to the husband's testimony, landed heavily on his right eye. The injury resulted in loss of sight of that member. Then he prepared to go his way.

The wife learned of his plans and broke open his trunk, extracted his "Sunday clothes," took them into the back yard, saturated them with kerosene and touched a match. When Stokes returned home Alice explained the empty trunk by pointing to a pile of ashes in the yard.

"I did that to make you look like a tramp," he said his wife answered. Mrs. Stokes made no contest.

Children Cry FOR FLETCHER'S CASTORIA WARM UP ORCHARDS. Crop of Apples and Pears Saved By Warming Methods. MEDFORD, Or., April 26.—The past 10 days has witnessed the most strenuous battle with frost in the history of the Rogue River Valley. During this period the fruitgrowers have nightly kept watch and have fought the frost several nights from midnight till 7 in the morning. Professor O'Gara, pathologist, sent hourly warnings to the orchardists and in every case were his predictions fulfilled and his efforts have been worth many thousands of dollars to the fruitraisers. A careful inspection of the orchards has shown that all who resorted to heating have saved their crops. Many of the apple orchards escaped through tardiness in bloom but the pears were in full bloom and in these the heating has saved the crop.

WILLIAMS' KIDNEY PILLS. Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back and bladder? Have you a flabby appearance of the face, and under the eyes? A frequent desire to pass urine? If so, Williams' Kidney Pills will cure you—Druggist, Price 50c. Williams Mfg. Co., Props., Cleveland, O. For sale by Huntley Bros. and Jones Drug Co.

CENTENNIAL DATES BIG ASTORIA SHOW

FOUNDING OF FIRST SETTLEMENT IN OREGON TO BE DULY CELEBRATED.

\$150,000 IN HAND FOR BIG EVENT

Thirty Days Crowded Full of Interesting and Instructive Events, Many Descriptive of Matters Commemorated.

Astoria Centennial dates are August 10 to Sept. 9, to celebrate the first settlement of the Northwest by the white man. April 12, 1811, the Tonquin, a trading ship owned by John Jacob Astor, sailed into the mouth of what is now the Columbia River, and proceeded up ten miles to a cove where the crew landed, and established a camp to facilitate trading with the Indians. This camp became known as Astoria. It grew from a trading expedition, sent out from New York by John Jacob Astor. It is to celebrate this event that the Astoria Centennial was projected.

The State of Oregon has appropriated \$50,000 to aid in the expense of this celebration. Clatsop county made a tax levy which raised \$25,000. The merchants of Astoria raised \$50,000 more. Colonel John Jacob Astor of New York City donated \$10,000, and other private contributions bring the available funds up to \$150,000 at this date. The program is as follows:

- Aug. 10—Centennial Day, grand-opening ceremonies. Aug. 11—Elks reunion day. Aug. 12—Elks celebration day. Aug. 13—Sunday. Aug. 14—Oregon Day—Oregon Development League convention. Aug. 15—Young Americans' day. Aug. 16—Puget Sound-Seattle-Tacoma-Washington day. Aug. 17—Spokane Inland Empire day. Aug. 18—Idaho-Montana day. Aug. 19—Redmen's Massachusetts-Connecticut-Rhode Island day. Aug. 20—Sunday. Aug. 21—Indian war veterans—Nevada-Utah-Arizona-New Mexico day. Aug. 22—Pioneers' day—Pennsylvania-Ohio day. Aug. 23—McLaughlin-New York-Delaware day. Aug. 24—G. A. R.—Colorado-Wyoming-Texas day. Aug. 25—Portland day. Aug. 26—Shriners' day. Aug. 27—Sunday. Aug. 28—Astoria day. Aug. 29—Fisheries' Congress—Maryland-New Jersey day. Aug. 30—California day. Aug. 31—Home products—Maine-New Hampshire-Vermont day. Sept. 1—Fraternal day—Missouri-Kansas-Oklahoma day. Sept. 2—Lewis & Clark—North and South Dakota day. Sept. 3—Sunday. Sept. 4—Pacific Coast regatta—Labor-Indiana-Michigan day. Sept. 5—Alaska day. Sept. 6—The Carolinas and Virginias day. Sept. 7—Kentucky-Tennessee-Mississippi-Alabama day. Sept. 8—Minnesota-Wisconsin-Iowa-Nebraska day. Sept. 9—Arkansas-Louisiana day. All Sundays devoted to churches and recital of historical sermons morning and evening with sacred concerts, sight-seeing trips, etc.

FIVE NICE SALMON FOUND HID AWAY

EGGS HAD BEEN REMOVED AND SALMON ANCHORED WHERE OWNER COULD FIND THEM.

Unlawful fishing is being done in the Willamette River, and evidences of it crop out every once in a while. Not all the Oregon City fishermen are obeying the law—at least there are some who are making the impression that all are not honest.

This fact was brought out Friday in the finding of a string of five nice salmon, with the eggs removed and sunk in the river on the Oregon City side and just below the O. R. & N. dock, at about 1:30 p. m. by E. W. Trembath. The eggs had been removed and the fish anchored carefully so that the owner, whoever he may be, could return and get the fish the first time he needed them and dare attempt to use them. They were a handsome bunch of salmon beauties and made the mouths water of those who saw them.

There was nothing in the place at which the fish were anchored, or in the anchorage used, to give a hint as to who owned them—or as to whether the owner was also the fisherman. There was considerable care taken to nose about in an effort to find a clue but none was found, or being found was not made patent to the public.

It was decided that it would be a shame to throw the fish away, and yet no one dare take them for his own use or to sell them for use. Finally it was deemed safe to give them to the Baby Home at Parkplace, and this was done.

This is the second lot of salmon captured since the river was closed and the lawabiding fishermen are doing all in their power to capture those not inclined to obey the law, and its interpretation.

Drying preparations simply dries up dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm will master catarrh or cold in the head easily and pleasantly. All druggists sell 50 cent size. Ely Brothers, 56 Warren Street, New York. The Balm is used without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. Ely's Cream Balm contains no cocaine, mercury nor other harmful drugs.

The Value of a Can of Paint depends on the number of square feet it covers, on its ease of application, on the wear it gives—not on the price. SHERWIN-WILLIAMS PAINT is the most economical house paint to use, because it covers most, works easiest, and wears for the longest time.

WE know from twelve years' experience that S. W. P. is the best Paint made and the cheapest to use though it costs more to buy. When there is a better paint made than S. W. P. you will find it at Huntley's. Nothing but the best is good enough for our customers. Our paint man is full of paint information that is valuable to every prospective buyer of paint. It's free information; come in and get some of it and some S. W. P. Color Cards.

HUNTLEY BROS. CO. "The Rexall Store" Oregon City

SOUTHERN PACIFIC MUST YIELD LANDS

ETHEL IS WILLING IF YOU MEAN BUSINESS

FEDERAL COURT DECIDES THAT COMPANY HAS FAILED TO KEEP FAITH.

LETTER FOUND IN BAG SHIPMENT TELLS ITS OWN STORY TO YOU.

PORTLAND, Or., April 24.—Federal District Judge Charles E. Wolverton decided this morning that the Southern Pacific and the Oregon & California railway companies must forfeit to the United States Government about 2,400,000 acres of land, which is valued at \$49,000,000 to \$75,000,000. After one of the most impressive legal combats ever waged in the history of America, the court rules that an empire in Oregon cannot be bottled by the railway interests. Taking the plain words of the act of Congress granting the land for railway construction, said, the court holds that Congress intended this land should be sold to bona fide settlers in tracts not greater than 160 acres to one individual, and at a price not exceeding \$2.50 an acre. Every argument and contention made by the railway company has been defeated in its fight with the Government.

Somebody wants a hubby. Somebody wants a dear. Somebody wants a darling. She's anxious, ain't that queer?

Bigger & Son have just received a bunch of paper sacks from the East, made in one of the paper mills in the Empire State. And in these mills—in the bag departments, at least—quite a number of women are employed. Among the bags received by Bigger & Son was one that had written on it a clever note from some young woman working in the mill at Hudson Falls, who seems anxious to strike up a correspondence with some worthy young man who has the right matrimonial intentions. Following is the clever note:

Dear Friend: Just a line to let you know I am well. I have got dark hair, dark eyes, wear glasses—am looking for a nice young fellow. I am eighteen years of age.

MISS ETHEL VARNUM, Hudson Falls, N. Y. Care Union Bag Factory. Matrimonially inclined young men might write and send their pictures and ask for an exchange of letters and pictures. Miss Ethel may be the exact mate of some Clackamas county swain, in which case the young man or there's a life of bliss and prosperity ahead of you. It won't cost you but two cents to write, and that's simply nothing in comparison to what a good wife is worth.

QUARANTINE TWO COUNTIES. Gov. West Puts Ban on Lake and Klamath County Cattle. SALEM, Or., April 25.—On recommendation of State Veterinarian W. H. Lytle and Dr. Calvin S. White of the State Board of Health, Governor West yesterday issued a quarantine proclamation against the removal of cattle from Lake and Klamath counties to other counties in the State, unless pronounced free from cattle scab by either the State Veterinarian or the Government stock inspector. Veterinarian Lytle informs the Governor that conditions in Lake and Klamath counties are becoming alarming, and unless some restrictions are placed on the shipments of cattle out of those counties, the disease will be spread statewide. Dr. Calvin S. White also warns the Governor that unless a quarantine is placed on cattle in the two counties, other States will take quarantine measures on Oregon stock, which will mean a detriment to the industry throughout the State.

STALLION LICENSE LAW SOON EFFECTIVE APPLICATION FOR LICENSE MUST BE MADE ON OR BEFORE MAY 25.

CORVALLIS, Or., April 21.—The new stallion law, passed by the last session of the legislature, will go into effect May 25. The stallion board has been organized, but no licenses will be issued until after May 25. Stallion owners should, however, get in their applications before that date.

It will not be possible to register and have examined all the horses in the State in a day or two, so that some time may intervene between the receipt of the application and the issuance of the license. It is not expected that the owners stop using their horses during that period, but it is expected that no horses will be used after May 25 until an application for license has been made.

Animals having county licenses will also have to get State licenses under the new law, as there is no connection between the State license and that issued by the county. Money paid for county licenses will not count toward securing State licenses. All applications must be accompanied by the \$1 fee, and in case of registered horses by the pedigree certificate. These pedigrees will be returned. For horses not pure-bred the owner must give a complete statement of the horse's breeding.

PUGILIST JOHNSON OUT. SAN FRANCISCO, April 22.—(Special.)—Just at midnight Pugilist Johnson was set free, having served 25 days in jail. He was glad to get out and did not lose any time in doing so.

WASHINGTON, April 21.—Oregon delegation has been requested to work for the creation of another land office, either at Prineville, Bend or Madras. The members desire that a general canvass be issued to bring to them a reflection of sentiment throughout regions affected, thus enabling them to act in accordance with the popular will.

Senator Chamberlain has introduced a bill construing the law of 1899 more liberally for soldiers.

OREGON SENATOR HONORED. WASHINGTON, April 25.—Senator Chamberlain has been assigned an important duty as a member of the commission to inquire into the conditions affecting employment of laborers and mechanics, and to report not later than January 1, 1912, what laws should be enacted to solve the problems which have grown out of the employers' liability and workmen's compensation issue.

COPIES OF SPEECH IN DEMAND. WASHINGTON, April 24.—Requests for copies of Senator Chamberlain's speech on the initiative, referendum and recall have been coming so fast that orders have been given to print 5000 copies. The demand indicates that many times that number must be issued within a few weeks.
