He is building a very substantial Miss Kilg furnace and when completed, will add Wednesday. another industry to Milwankie.

The moving picture show is a thing of the past, having gone to the wall for want of patronage. Too bad,

The streets are so muddy the school children are everlastingly roasting the mayor, contractors and councilmen. Very poor judgment was shown in-tak-ing away the walls in front of the old Evangelical building, before ready to do anything.

Like all jobs of this kind, main strength and bull headedness, seemed to be the chief characteristic, irrespective of what the long suffering public had to put up with.

But as Milwaukie's population is mostly German and like her Eastern namesake, she has to be noted for something-(in this case not beer) characteristic of the German, she had to go at her street work "hind side before.'

It was amusing to see two, up-to date, hobble skirted females from busy Portland making fun of our muddy streets Thursday afternoon. The last seen of them they were wading ankle deep in mud up Washington street by Wetzler's property toward the new neighbors. depot

It is likely they kept going rather than attempt to get back onto Main street again. Later developments prove that after a round about trip da Tuesday, where she spent the win- ette where they will enjoy camping they took a boat home from the "Tavern" and let their feet hang overboard all the way down to Portland in order to wash the clay off.

Rumor has it that a new barber shop will be opened next to the post-

Mrs. Maggie Johnson, the correspondent, wishes it understood that the item criticizing the city officials about the condition of Main Street, was not sent in by her and is no reflection of her opinion of the work.
