KAISER JOINS IN TAFT PEACE PLAN

KING GEORGE REPORTED TO HAVE WON OVER EMPEROR OF GERMANY. EXAGGERATED ARMAMENTS TO END. Meeting of Two Rulers Clears Way For Adoption of Arbitration, It is Declared. LONDON, May 26.—It is believed here that the Kaiser's visit to King George has resulted in all probability, in a decision by the two monarchs of the utmost importance to the arbitration projects of the Washington Government.

Although the interviews were reported to be devoid of any bearing on international politics, it is firmly believed in well-informed London circles that the two monarchs assured each other of their intention to do all in their power to remove diplomatic obstacles interfering with Mr. Taft's scheme for a practical solution of the problem of exaggerated armament. That the near future will bring definite news of a proposal by Washington to Berlin similar to the proposals made to London and Paris is confidently predicted.

Berlin, it is asserted, will be prompt to accept Mr. Taft's suggestion in principle, with details to be adjusted later, and the treaties between the United States and the three principal states of Europe, when finally completed, will prove the basis for an ultimate Anglo-German treaty of arbitration of a scope far wider than hitherto has been conceived as practicable. Germany is the real objective, according to a high London authority, of Mr. Taft's magnificent fusion of theory and practice on behalf of modern democracy.

LUMBER TRUST LIMITS OUTPUT. ST. LOUIS, May 22.—(Special)—Testimony was given in the state's outer suit today showing that the big lumber companies agreed on the curtailment of production, that prices were fixed by a committee, and that printed price lists were sent to all the firms as a means of controlling the market.

Asked about a meeting of the Southern Lumber Manufacturers' Association George K. Smith, secretary of the Yellow Pine Manufacturers' Association, said that the price list committee met in executive session in conjunction with the regular semi-annual gathering of the association. He testified from his records that the price list committee reported lumber was being cut faster than it was being shipped; that a large surplus resulted, and that, as long as the surplus continued, "staple" or advancing values would be impossible. Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

MORSE AND WALSH DENIED PARDON

PRESIDENT SAYS SENTENCES OF RICH BANKERS ARE JUST. CONVICTED MEN SEVERELY SCORED. Morse Called More Guilty of Two and Walsh's Methods Are Described As Being Invidious.

WASHINGTON, May 24.—The applications for pardons of Charles W. Morse, of New York, and John R. Walsh, of Chicago, millionaire bankers convicted of violating the national banking laws, were denied by President Taft today. The record in the Walsh case, the President said, "shows moral turpitude of that insidious and dangerous kind, to punish which the national banking laws were especially enacted." In considering the case of Morse, the President said: "From a consideration of the facts in each case, I have no doubt that Morse should have received a heavier sentence than Walsh. Indeed, the methods taken by Morse show that more keenly than Walsh did he realize the evil that he was doing." The President's denial of the pardon applications does not mean that the men must stay in prison until the end of their terms. Walsh began a five-year sentence in the Leavenworth prison in January, 1910, and under the federal parole law is eligible for parole next September, the President's action tonight having no bearing whatever upon the future application for parole. Morse began his 15-year term in the Atlanta penitentiary in January. Under the parole law Morse would be eligible for release in 1915.

A Father's Vengeance would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. It's the best kidney medicine I ever saw." Backache, tired feeling, nervousness, loss of appetite, warn of kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware: Take Electric Bitters and be safe. Every bottle guaranteed. 50c at Harding Drug Co.

AN UP-TO-DATE NURSERY JINGLE. There was a man in our town, Who was so wondrous wise, That, though his trade was running down, He would not advertise. The shoppers passed right by his place, But entered not his store; They moved on, with a steady pace, Towards his competitor. He was too dumb to understand Why all the day long through, He never had to lift a hand, Except his nails to chew. But, finally, a caller came, The door flew open wide— He only had himself to blame— The sheriff stepped inside. A moral for you herein lies, So read and ponder well; Don't advertise—then business dies; The sheriff tells the bell. But safety lies before your eyes, So quickly put forth your hand, Just advertise in the Enterprise And the business you will land.

PRICE OF OATS DROPS AS GROWERS UNLOAD

MANY HOLD OUT FOR MONTHS EXPECT ADVANCE IN MARKET.

The farmers of this section, being convinced that the price of oats will not advance this season, have begun disposing of surplus holdings. As a result the price has decreased somewhat, and another slight decrease is probable. In the Oregon City market Wednesday gray oats sold from \$25 to \$27 and white oats from \$25 to \$28. The Portland Union Stock yards reports as follows: Receipts on this market for the week ending Saturday have been 1507 cattle; 16 calves; 2065 hogs; 5215 sheep; 37 H. & N. The cattle market has remained steady to strong and the level of prices has caused killers to buy the most possible quantity. The presence of more than the usual number of competitive bidders, has in a measure explained the high line of prices. The hog market has remained fairly steady. Some killers claim that there has been a weakness but as compared with the river market, this point shows a strong condition. The sheep market was strong with an active demand and a clearance was made of the entire offerings. The horse market has been slow and the transactions indicate a lower range of values.
