

### A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG.

SICK WOMEN WELL.

### COUNCIL PROBES NEW BAR FRONTS

COMMITTEE SAYS ALL OWNERS HAVE NOT COMPLIED WITH ORDINANCE.

### CHIEF OF POLICE ORDERED TO ACT

Delegation Calls Ditch For Sewer Public Menace—Plan To Catch Unlicensed Dogs Is Disposed.

A committee, of which Dr. M. C. Strickland is chairman, having reported that some of the saloonkeepers had not complied with the ordinance providing for the installing of glass fronts in their places, the City Council at a meeting Wednesday night instructed the chief of police to see that the ordinance is enforced. Chief Shaw will confer with City Attorney Story regarding the matter. The committee reported that several of the saloonkeepers had complied with the terms of the ordinance, while others had provided glass fronts which tended to obstruct the view of the interior. It was also intimated by members of the council that as a final resort in case the violations of the ordinance were continued, the offenders would be denied a renewal of their licenses when they apply for them on July 1.

An ordinance providing that the Portland Railway, Light & Power Company be instructed to screen the passenger and freight trolley car headlights, was passed. The company was also instructed to erect a sixty-foot pole at the corner of Twelfth and Main streets, and suspend the arc light now on Main street between Twelfth and Thirtieth from the pole.

A request of a delegation from Mountain View that a chemical engine be placed in that section of the city was referred to the committee on fire and water. It is alleged that the water supply in the suburbs is not sufficient to give adequate fire protection.

Several citizens complained of a ditch made for a sewer at Third and High streets. It was contended that the ditch had been a menace for some time, and Fred Metzner declared that unless something was done soon he would fill up the ditch himself. The ditch was described by all members of the delegation as an "outrage." The delay in completing the work was caused through the advertising for bids.

The reports of Chief of Police Shaw and City Recorder Stipp, which were filed, showed that the police had been vigilant in their search for lawbreakers, and that the recorder and prosecutor had tried an unusually large number of cases. James Roake was elected a member of the Water Board, on which he had served one year. Ex-Mayor Carl asked that the street leading from the Wildwood Hospital to Molalla avenue be put in better repair. The request was referred to the committee on streets.

### SPIRITUALISM PARTS PAIR, SAYS HUSBAND

WIFE WORRIED HIM, HE ASSERTS. BY DESIRE TO BECOME MEDIUM.

Charles T. Crosby has filed a suit for divorce against Bessie E. Crosby. They were married at Manchester, N. H., in August, 1886, and about June, Mrs. Crosby, he alleges, deserted him, without cause.

Before Mrs. Crosby left her husband, the latter alleges, she treated him cruelly, and shortly after their marriage she developed a cross and irritable disposition, and a general lack of interest in his welfare. He asserts that when he went home winter evenings on many occasions, he would find no fire made or any supper prepared for him. His wife frequently told him, he declares, that she had no love for him. She became a spiritualist, he says, and made his life burdensome with her reports of communications with the spirits and a desire to become a medium. As a result, he further asserts, she left him in June, 1908. S. S. Jeffreys represents Crosby.

The president of the club is Harry Melvin; secretary and treasurer, Otto Hansen; athletic instructor, Charles Freeman. Much interest is manifested by the members, and the meetings are largely attended. The club is planning to put on a play in about two weeks at the West Side school house, and the proceeds will go toward the building fund.

House is Modern and There is an Orchard on Property. E. M. Howell, of this city, has purchased the place at Greenpoint, formerly owned by Professor J. W. Gray. Mr. Gray sold this place some time ago to Mr. Lily, and the place was sold to Mr. Howell through Charles Canfield, who was trustee. The place is an excellent piece of property, the house being modern throughout. There are two lots and a fine orchard. ### POSTAL BANK TO AID CIRCULATION

MORE THAN \$10,000. IT IS BELIEVED, WILL BE DEPOSITED FIRST MONTH.

### MONEY HERETOFORE EARNED NOTHING

Many Have Paid Government For Keeping Savings By Purchasing Money Orders—First National New Depository.

It is believed that the deposits at the Oregon City Postal Savings bank, which will open on June 26, will amount to at least \$10,000 and probably \$15,000 the first month. Persons making inquiry as to when the bank will be opened and the rules governing depositors have been numerous, and it is assured that the department will do a large business. A large number of persons in this city and Clackamas county have made use of the money-order department of the postoffice as a depository for several years. They buy money orders which cost thirty cents for a \$100 a year, and keep the orders the same as other persons keep deposit slips or bank books. Only a short time ago one man invested \$500 in money orders instead of depositing the money in a bank.

The first National Bank here will be the depository for the postal savings department. Depositors will be paid interest at the rate of two and one-quarter per cent, and the bank will be charged two and one-half per cent for the use of the money. It is generally agreed here that few, if any deposits, will be withdrawn from the other banks to be placed in the postal savings bank. The deposits for the most part, it is thought, will be made by persons who have never before patronized banks, and have kept their savings at home. As a result this much more money will be put into circulation.

Postmaster Randall went to Portland Wednesday to attend the convention of postmasters. After the convention he will familiarize himself with the duties of the postal savings bank. He has been notified by the postoffice department to go to Olympia, Wash., on June 19 to receive instructions concerning the new work.

Postpone Election of Teachers. The directors of the Canemah schools will not elect teachers until after the election of a director to fill a vacancy on June 19.

### RAILROAD WORK IS BEING RUSHED

GRADING STARTS ON CLACKAMAS LINE AT BEAVER CREEK FRIDAY.

### THREE CREWS ARE TO BE EMPLOYED

Difficult Work on Oregon City End of Line Has Been Finished—Graders to Cross Newell Creek.

The engineer of the Clackamas Southern Railway Company has been engaged for the last few days in placing the grade stakes from Beaver Creek toward Oregon City so that a large number of subscribers who live at Beaver Creek and desire to work on the grading of the line can do their work in that locality and be closer to their homes. Actual clearing and grading will commence at Beaver Creek Friday morning, and as the territory through which the line is established is comparatively level, the amount of labor required to build the grade in that section will be very small. The graders will start on June 15 to work at Mullino, coming toward Beaver Creek. There will be three crews actively engaged in the grading work on the line after June 15, and the work will then progress much more rapidly than it has in the past. During the last two months, all the active operations have been done on the Oregon City end of the line, and all that work has been exceedingly difficult on account of the heavy cuts and fills that the company has made. By the end of the present week, the graders on this end of the line will cross the Newell Creek canyon and the work from there on to the La-tourrette bridge will be much lighter than it was on the north side of the canyon, and before many weeks, the first three miles of the heaviest grading on the entire line will be completed.

### ROBBERS SURPRISED ENTERING RESIDENCE

EMPLOYEE SEES MEN AT WINDOW OF CAPTAIN GRAY'S HOME.

Sheriff Mass was on Wednesday informed by Mrs. J. T. Gray, wife of Captain Gray, who lives near the Open Air Sanitarium, at Courtney, that two men had attempted to gain entrance into their home by climbing through a window. They were discovered in the act by an employee, who appeared on the scene just as one of the burglars had started to enter the house. The employee was unarmed, and fearing the robbers were armed, did not approach them. He, however, gave an alarm and the housebreakers ran in the direction of the sanitarium. No description was obtained of the miscreants and it will be a difficult task to find them.
