DR. McLOUGHLIN'S MEMORY HONORED

DUTY, LONG DELAYED, IS PERFORMED AT UNVEILING OF FOUNTAIN.

SPEAKERS LAUD PEOPLES' FRIEND

Mayor Brownell Says Roosevelt Persecuted John H. Mitchell to Win Glory of Panama Canal.

One of the largest crowds ever assembled in Oregon City was present at the unveiling of the memorial fountain of the city, in McLoughlin Park Sunday afternoon.

Mayor Brownell and Mrs. Eva Emery Dye, the principal speakers, addressed Dr. McLoughlin. The mayor said that it had remained for the Woman's Club to perform a duty which should have been performed long ago.

After declaring that Mitchell had been convicted of nothing but practicing law before the Interior Department, Mr. Brownell called attention to the old story that E. H. Harriman had contributed \$250,000 to one of Mr. Roosevelt's campaigns.

The reference to Mitchell came after the mayor had lauded Dr. McLoughlin, called attention to his charity, his ability and the aid he gave the early settlers in Oregon and Washington.

He said the people had taken too long to honor the memory of Dr. McLoughlin, and that the same neglect existed in the case of Mitchell. He credited Mitchell, in his service of 22 years in the United States Senate, with having done more for Oregon than any other man.

He was taken to a nearby house, and several men worked in vain over him for about four hours. The body was brought to Oregon City, and Coroner Fox, after an examination, decided that death was accidental.

It is also the intention of the club to establish a free employment agency for the benefit of colonists who are seeking work.

The new headquarters of the Commercial Club, on Main street opposite the Court House, were opened Thursday. The building is a one-story frame, and besides an office for the secretary, and a little storage room, contains a hall for exhibiting Clackamas County products.

It is in the intention of the club to establish a free employment agency for the benefit of colonists who are seeking work.

Mrs. Fox will conduct a class in Parliamentary Usage at the Headquarters of the Federated Women's Clubs at 3:30 each day. This class was placed in the afternoon to accommodate the great number of men and women who could not attend in the morning.

Secretary Gary has mailed 10,000 programs of the Chautauque to be held at Gladstone Park July 4 to July 16 inclusive. Copies of the program for persons who desire them will be left Wednesday at the Young Men's Christian Association and J. K. Gill's bookstore in Portland.

VICTIM DANGLES ON WIRES, FALLS AND IS CAUGHT BY FELLOW WORKER.

More than 2000 volts of electricity snuffed out the life of "Red" Larson, of Portland, a lineman employed by the Portland Railway, Light & Power Company, at Oswego Wednesday.

Larson was repairing wires at the top of a pole when he gave a cry of pain and other workmen looking up, saw him dangling in a network of wires. Just as he dropped a man who was stretching wires at the same pole caught him.

He was taken to a nearby house, and several men worked in vain over him for about four hours. The body was brought to Oregon City, and Coroner Fox, after an examination, decided that death was accidental.

MEN NAMED HIGH SCHOOL TEACHERS

S. E. DUFF ELECTED ASSISTANT PRINCIPAL AT SALARY OF \$1,000.

WOMEN FAIL TO SEND IN CONTRACTS

Financial Statement Read at Taxpayers' Meeting Shows Total Receipts of \$70,712.36 For Fiscal Year.

Radical departure from previous years was made Monday night by the Board of Directors of the city schools in the election of S. E. Duff as assistant principal of the high school and H. F. Pfingsten as instructor in sciences.

Last year there was not a man on the high school faculty, and the failure of three high school teachers to file their contracts within the time specified opened an avenue for the board of directors to engage two men, and both men elected Monday night are possessors of rare educational attainments and have had large experience.

Men Replace Women. With City Superintendent Toose, A. O. Freel, principal of the Barclay building, N. W. Bowland, principal of the Eastman building, Peter D. Forbes, instructor in the department of manual training, the two men who have just been chosen will make a total of six in the local corps.

Instructors in languages and in history are yet to be chosen, and the directors will probably hold a meeting some night this week to fill existing vacancies.

Prior to the directors meeting Monday night, the annual taxpayers' meeting was held in the county courthouse. The attendance was very light, and the annual reports of the directors and clerk were received and filed.

Receipts Total \$70,712.36. The financial statement shows total receipts for the fiscal year of \$70,712.36, embracing a bond issue that netted \$40,684.36, and a total expenditure of \$55,990.50, of which amount \$32,762.55 has been paid for a site and on the construction of the high school building that is now nearing completion.

STRANGEST PRISONER IS GIVEN RELEASE

MAN ARRESTED AS HILL CRIME SUSPECT NEVER SPOKE WHILE IN JAIL.

The strangest prisoner ever confined in the Clackamas County jail was freed Wednesday. He was arrested about two weeks ago by Deputy Sheriff Miles near Milwaukie, as a suspect in the Hill tragedy, and he never uttered a word from the time he was taken into custody until he was released. Who he is, where he came from, what is his business, or what his nationality is still unknown to the authorities.

BULL RUN SUSPECT STILL AT LARGE

SHERIFF MASS RETURNS FOR REST AFTER HUNTING MAN TWO DAYS.

SEARCH FOR SLAYER TO CONTINUE

Woman Living Near Ardenwald Sees Stranger Thought to be Assailant of Milkman Obrist.

Sheriff Mass returned to Oregon City last night after a two days' search for the suspect in the Hill tragedy seen near the mouth of Bull Run. The man attracted attention by his suspicious actions and his inquiry for the Barlow trail into Eastern Oregon.

"We found that the man backtracked," said the sheriff. "The hunt will be continued for him today. Persons living in the neighborhood of where the man was seen are also searching for him."

Sheriff Returned for Rest. Sheriff Mass shows the effect of his long search. He hunted all Tuesday night for the Bull Run suspect and returned home last night to get necessary rest.

The man failed to reach Aschoff's, which is on the road he would have taken if he followed his original intention to strike out for the eastern side of the Cascades. The pass over the mountains that he would have had to tackle to follow the Barlow trail is rough and difficult and worn out, as the man was with his long trunk, it is not thought possible he could have continued over it.

"Wild Man" Is Seen. A report was received from a woman living near Ardenwald, that a man answering the description of the "wild man" seen in the woods near Ardenwald and the one who attacked G. O. Brist last week, was seen again Monday afternoon.

To Celebrate at Fair Grounds. At a meeting of the Clackamas County Fair Association, held in this city, it was decided to give to W. H. Bair, one of the prominent commission merchants of Canby, the privilege of the use of the fair grounds on July 4.

"WILD MAN" TURNS OUT TO BE SENSIBLE

WORKMAN SAYS HE SLEPT IN CANYON FOR ECONOMICAL REASONS. The Oregon City "Wild Man," who has frightened many women and children in the vicinity of the Barclay school, has been found. He was captured while trying to enter the barn belonging to Henry May. He was at once recognized as a workman employed by contractors on Seventh street, and who recently came to Oregon City from near Willott Springs.

He said he had been sleeping in the canyon, near the Barclay school, and had been in the habit of moving his bed each night, so that no one would discover and steal his bedding. But in spite of his cunning some one made away with his blankets Friday while he was at work, so he sought shelter in May's barn.

He said that it was not his intention to frighten people and that he had not created any disturbance. His only reason for sleeping out of doors was to save money. He was not detained.

Sarah Mildred Willmer

Sarah Mildred Willmer will be one of the entertainers at the Willamette Valley Chautauque, which starts at Gladstone on July 4. Persons who heard Miss Willmer read "The Sign of the Cross" last year are enthusiastic in their praise of her ability. She will read "La Samaritaine" (the woman of Samaria) at 8 o'clock on the evening of July 12.

Secretary Gary on Tuesday received a letter from Senator Borah, of Idaho, in regard to his speaking at the Chautauque on July 8. The Senator wrote, as he had telegraphed, that he accepted the invitation on condition that Congress adjourned in time for him to arrive here.

CLACKAMAS COUNTY GIRLS WIN.

Two Elected to Take Trips Abroad in Voting Contest. Miss Bronie Jennings, who taught at Harmony last year, and Miss Anna Rogers, who was reared in Milwaukie, and is now a school teacher in Portland, were successful candidates in a voting contest under the auspices of a Portland department store for trips abroad. Two others who won vacation trips of two weeks on the coast were Miss Fannie Porter, also reared in this county, and Miss Irene Carter, a Clackamas county teacher.

BORAH PROMISES TO SPEAK AT CHAUTAUQUA

SENATOR EXPECTED TO DRAW ONE OF SEASON'S LARGEST CROWDS.

United States Senator Borah, of Idaho, Friday wired Secretary Gary, of the Willamette Valley Chautauque, accepting an invitation to deliver an address at the Chautauque to be held at Gladstone, beginning on July 4. The invitation was accepted on condition that Congress adjourns before that time, the Senator explaining that it would be impossible for him to leave Washington before the adjournment. The Chautauque management is delighted with the Senator's acceptance, and it is believed that he will draw one of the largest crowds of the meeting.

It is the intention to punish all persons who attempt to gain admission to the grounds this year by climbing over the fences. Gladstone has incorporated since the last Chautauque and fines of from \$5 to \$25 will be imposed for violations of the law. Boys and even men have persisted in climbing over the fences enclosing the grounds.

RAILROAD WORK AMAZES BIG PARTY

BUSINESS MEN TAKEN IN AUTOS OVER SECTION OF CLACKAMAS SOUTHERN ROUTE.

GRADING BEING PUSHED RAPIDLY

Cost of Construction to Date Only Little More Than \$5,000—Line Is Certain to Be Big Paying Investment.

The directors of the Clackamas Southern Railway Company, who have been working diligently for the past two months in the actual construction work on the road, concluded to exhibit to the business men of Oregon City and some of the prominent farmers living in the county, the work that they have accomplished, and in order to do that, most of the owners of automobiles in and around Oregon City, donated the services of their machines at 1:30 o'clock Friday, and took a merry party of more than fifty up the Abernethy to the grade and went over a large part of the completed road bed.

It was the unanimous verdict of all who witnessed the construction work, that it was done in a good businesslike manner, and when the visitors were informed that some of the grading had been accomplished which they viewed, and all tools, powder and the clearing of the right-of-way for fully one and one-half miles beyond the grades, and the total cost of everything to date did not exceed \$5488.00, they were very much surprised at the careful and economical methods pursued by the board of directors.

Money Used to Best Advantage. All of the visitors who viewed the work are well acquainted with the board of directors and know their business qualifications, and that some a guarantee to every investor that his money will be used to the best advantage in the actual construction work of the road.

It has been carefully estimated that the road can be completed to Molalla for \$150,000, under the present careful management, and that every dollar invested in stock will be worth many times its present value when the road is completed, and the directors are a large number of stockholders are re-subscribing to the capital stock, as they are convinced that the building of this road is one of the best and safest investments ever presented to the people of Clackamas County.

One of the visitors made the statement in the capital stock of the Clackamas Southern Railway Company, under the present management, was first class, for the reason that there is no possibility of loss, as the directors have guaranteed that no floating indebtedness will be allowed, and as a result of that policy, the investment could not be jeopardized by a failure to pay interest, as there would be no interest to pay.

Team Work Progresses. The team work on the grade is progressing rapidly east of the Newell Creek canyon, but that part of the work was not visited by the large number of people who went out on the work Friday, as it was impossible for them to cross the steep canyon without great effort.

The graders are also at work at Beaver Creek, coming toward Oregon City, and that work will progress very rapidly on account of the even contour of the ground. It will not be many months until the people of Clackamas County will be convinced that by pulling together they can accomplish what they have been wanting for more than twenty years.

The citizens of Oregon City and that part of the country traversed by the line will be the ones most vitally benefited by the early completion of the road, for the reason that it will place in the Portland and other markets timber and other products of value of more than a half million dollars of the county, and the money received therefor will be scattered throughout Clackamas County, and every line of business will be greatly benefited.

Road Will Pay From Start. The stockholders of this company are to be congratulated upon one feature of this enterprise, and that is, the board of directors are not issuing any watered stock, and every dollar's worth of stock outstanding represents actual cash paid; so when the road is completed, the outstanding stock will represent the actual cash used in the construction of the road, and the dividends derived from the road's operation should be as great as the dividends derived from the stock issued by the Sumpter Valley road, and the reports filed in the Secretary of State's office show that the Sumpter Valley road paid 400 per cent on its capital stock for a period of eight years.

In order to insure the early completion of this road, the board of directors feel that the citizens of Clackamas County should come forward without solicitation and take from one to five shares of the capital stock, and in doing so, they are not giving away anything, but placing their money where it will bring handsome returns. People Welcome Railroad.

The people of Oregon City welcome the day when the vast belts of timber growing in the foothills near the Molalla Valley will begin to be cut and loaded upon the cars and shipped to the river below the falls at Oregon City, and the old sawmill located in the north part of town will begin to turn its wheels and manufacture into lumber some of the large forests which are now inaccessible on account of the lack of railway transportation.

After this road has been completed, all of those who failed to subscribe to it. (Continued on page 5)
