OREGON CITY ENTERPRISE, FRIDAY, JUNE 23, 1911.

MRS. ZIVNEY GETS

Women who suffer with disorders peculiar to their sex should write to Dr Plerce and receive free the advice of a physician of over 40 years' experience - a skilled and successful specialist in the diseases of women. Every letter of this sort has the most of women. Every letter of this sort has the most eareful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them,

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examina-tion. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't triffe with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,-take the advice received and he well.

"Juice" What Is It?

It is the term applied by electrical workers to the currents of electricity which flow through a copper wire.

"JUICE" is probably Man's greatest invention and brings to the use of the household light and power at a moment's notice.

It is the cheapest, when convenience and cleanliness are considered.

It is the safest from danger of fire and there is nothing to equal it in our cosmopolitan life.

If you are inteaested in the great agent of man, fill out this blank, mail it to room 818, Electric building, Portland, Oregon, and the information will be given you.
