Ever Have "The Blues"? Most persons will immediately respond, "Yes," to this question, but few of them probably could give you any satisfactory idea as to the cause or reason for this despondent, low-spirited condition. Physiologists have discovered that this condition is brought about by the inability of the Liver to secrete the rate poisonous secretions from the blood, and, as a consequence, these are taken back into the system. In the treatment of such cases, we strongly recommend Rexall Liver Salt because of the success so many people have experienced in using this preparation.

Rexall Liver Salt is manufactured in two sizes, 25c. and 50c., and we have the exclusive agency. Huntley Bros. Co. The Rexall Drug Store.

The horse driven by Mr. Duval became frightened, and the reins caught in the harness. As Mr. Duval tried to climb from the machine the horse started to run, and the blade came in contact with his foot. Had it not been for the heavy woolen stocking worn by him, which had become wrinkled, his foot would have been severed. A tendon was frightfully lacerated, and the foot was cut badly. The injured man called for help, and it was some time before the horse could be released from the harness and machinery. Mr. Duval was thrown under the machine. He was brought to this city by Robert Schoenborn, and taken to the office of Dr. Carl and Meisner, where his injuries were attended to, and was later taken to the Willwood Hospital.

The Tenderfoot Farmer. It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations. It's not only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak," the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper. Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

Robinson, rector, officiating. The witnesses were Mrs. W. H. Godfrey and Thomas Hage. The bride was very pretty in a gown of white silk messaline. She carried a shower bouquet of pink LaFrance roses. The impressive ring ceremony was used. Immediately after the ceremony Mr. and Mrs. Eckert left for the home of Mr. and Mrs. O. F. Heggdale, where a wedding breakfast was served. HUSBAND SAYS WIFE AND BOARDER ELOPED. Frank Lavigne, of Fifteenth and Washington streets, employed by the O. W. P., has complained to Chief of Police Shaw that his wife has eloped to Seattle, with Mack Homan, who boarded at their home. He says that they left his home night before last, and went to Portland over the Southern Pacific. Chief Shaw learned that the couple had checked two trunks at the station on the night of their departure. Before going they are alleged to have attended a picture show together. Lavigne said that sometime ago his wife suggested that all their boarders be told to leave except Homan. His wife, he asserts, was very attentive to the boarder. He says that he always gave her his money, and that she had a deposit in a local bank. Lavigne found that the deposit had been transferred recently, and he thinks that his wife took all the money with her. He consulted George C. Brownell in regard to obtaining a divorce.

WOMAN INJURED BY BLAST ASKS \$1,000. Mrs. Nancy Anderson, of Barton, through her attorneys, C. D. and D. C. Latourette, filed with the County Court a claim Friday for \$1,000 for personal damages. Mrs. Anderson alleges that she was seriously injured by a gravel hurled by a blast several months ago. The charge is said to have been placed by road supervisors in a gravel pit near the home of Mrs. Anderson. She alleges that missiles were hurled through the window of her house and several of them struck her on the side, injuring her severely. The court will make an investigation.

WIFE, SING, SAYS HUSBAND STRUCK HER. Georgia H. Shepard has filed a suit for divorce against Fred D. Shepard to whom she was married in Portland on June 27, 1904. Mrs. Shepard alleges that her husband treated her cruelly. She says he is a man of violent and ungovernable temper, and is subject to sudden fits of rage upon the slightest provocation. He has cursed and abused her she says, and has called her vile names. About August 15, 1910, she asserts, he attacked her with his fists, and at the same time swore at her and on July 1, 1911, while in the presence of others, he threatened to throw her into the road, which greatly embarrassed her. Mrs. Shepard asks that she be allowed to resume her maiden name, Georgia H. Young. B. E. Leonard is representing her.

Underwood Hopeful. It was asserted today by prominent Democrats that Mr. Underwood had found an unexpected strength in favor of meeting the La Follette forces on the Senate floor. The marriage attracted a great deal of interest among the students of Chamawia, and was one of the leading social events among the educated Indians of the state.

He had waded a considerable distance in the stream when he was struck by the strong current and swept off his feet. Battling with the current he managed to drag himself to shallow water, where he found refuge in some bushes. It was sometime before he recovered his strength sufficiently to make his way to shore. Mr. Beard wore rubber boots, and had all the paraphernalia necessary to successfully emulate Isaac Walton.
