East Side Capital Highway Association Organized at Meeting ing of Commercial Bodies.

As the result of an enthusiastic meeting of public-spirited citizens held at the headquarters of the Oregon City Commercial Club Wednesday night, Clackamas county has taken the lead in the work incident to the building of the proposed Capital Highway between Portland and Salem. A permanent organization was effected and \$435 was raised for making a preliminary survey of a route and other necessary work,

The name of the organization is the East Side Capital Highway Association, and it will make an aggressive campaign in the interest of the building of the northern section of the highway, which will be through Clackamas county. The meeting was at tended by the members of committees représenting various commercial bodies, and the chairmen of these committees were named members of the executive committee. Arrangements were made for the latter committee to meet at 9:30 o'clock next Monday morning at the Sellwood Chamber of Commerce to go over proposed routes for the highway and to ecommend a choice to the Capital Highway Commission appointed by Governor West. The automobiles to be used on the trip will be furnished citizens of Oregon City, Canby and Oak Grove.
