LOCAL BRIEFS

Ed Longe, of Mullino, was in this city Friday. M. J. Lee, of Canby, was in Oregon City Monday. Otto Stricker, of Eldorado, was in town Monday. Fred Kameran, of Shubel, was in this city Friday. George Brenner, of Carus, was in Oregon City Sunday. Miss Toney Gellich, of New Era, was in town Sunday. John Mulvey, of Union Hall, was in this city Friday. George Crook, of Mullino, was in Oregon City Wednesday. Ferris Mayfield, of Highland, was in Oregon City on business. Norman Howard, of Carus, passed through Oregon City Sunday. Frank Miller and son, of Clarkes, were in Oregon City Monday. Henry Hughes, of Beaver Creek, was in Oregon City Wednesday. F. E. Black, of Twilight, was in Oregon City on business Wednesday. Mr. Jacobsen, of Mount Pleasant, was in Oregon City Wednesday. Mrs. Kirbyson, of Beaver Creek, was visiting in Oregon City Saturday. J. Herman, of Beaver Creek, transacted business in Oregon City Friday. Fred Steiner, of Beaver Creek, transacted business in this city Saturday. Mrs. George Grace has been visiting her brother-in-law, Tom Grace, of Clarkes. Mr. Fisher, one of the farmers living at Beaver Creek, was in this city Saturday. Mr. and Mrs. Morey, of Molalla, were among the Oregon City visitors Saturday. Fred Steiner, of Beaver Creek, was one of the Wednesday visitors in Oregon City. Mrs. Monroe Irish, of Union Hall, was transacting business in Oregon City Friday. Roy Wilcox and Charles Candie, of Springfield, are visiting friends in Oregon City. Julius Behrens and son, Herman, of New Era, were Tuesday visitors in Oregon City. Lee Jones and wife, of Carus, were among the Oregon City business visitors Saturday. Mr. Hughes, one of the old residents of Beaver Creek, was in this city Saturday. Lawrence Ferguson, a merchant of New Era, was in Oregon City on business Wednesday. Jack Irish, one of the prominent farmers of Carus, was in this city on business Saturday. Mrs. August Bottemiller and daughter, of Ridgefield, Wash., are visiting Dave Bottemiller. Phillip Lindau, one of the well known farmers of Clarkes, was in this city on business Saturday. W. Miller, of Carus, accompanied by Mr. and Mrs. John Weismandel, were in this city Saturday. C. Rindfleisch, Andrew Lenthold and Barney Short, of the county, were in Oregon City Wednesday. W. Miller, of Carus, accompanied by Mr. and Mrs. John Weismandel, were in this city Saturday. B. Noyer, of Meadowbrook, and daughter, Mrs. Frank Segar, of Portland, were in this city Saturday. Miss Bertha Miller left Thursday morning for Marquam, where she will visit her parents, until school starts. Mrs. Guy Dwiggins has been appointed Deputy County Treasurer to succeed Miss Jessie Padlock, resigned. Born, September 1, at Canby, to the wife of Clarence Fallows, an eight-year-old son. Mrs. Fallows was formerly Miss Orsula Zec. Mrs. M. T. Mack and Mrs. J. J. Schmidt, of Canby, were in this city Saturday afternoon, returning to their homes on the evening train. Roy Warthen, of Mount Pleasant, left Wednesday morning for Slason, Cal. Mr. Warthen will work on the McCloud branch of the Southern Pacific. Mrs. George T. Carley, who has been working at Molalla in the interest of the Farmers' Society of Equity, is in the city after supplies. She reports progress. George Ely went to Meadowbrook on Thursday in his automobile, and was accompanied home by his little daughter, Carlos, and Evelyn Williams, who spent the past week with friends. R. M. C. Brown, who was injured several months ago, having his hip broken, is improving, and will be able to be brought to his home in this city from the St. Vincent's Hospital next Tuesday. Mrs. Sarah Mellinger, of Morning Sun, Iowa, accompanied by her niece, Mrs. Nora Carrio, went to Towney Saturday to visit the former's nephew, Frank Detsell. Mrs. Mellin-

ger is a sister of the late P. D. Curran. Frank Young, of Southern California, is in this city visiting his aunt, Mrs. H. O. Inskeep. Mr. Young came to Oregon on his motorcycle and expects to go to Tacoma and Seattle, Wash., to visit friends before his return to California. M. J. Lazelle, secretary of the Promotion Department of the Commercial Club, has purchased a runabout from the Mitchell, Lewis & Staver Company, of Portland. Mr. Lazelle plans to use the machine in going to and from his home in Tillamook. Miss Annie Gardner, of Medford, is ill with typhoid malaria. Miss Gardner returned Tuesday from the Saddleback mountains, where she accompanied Mr. and Mrs. Hageman, for an outing, and upon her return home she was in the best of health. W. H. Bair, one of Canby's prominent merchants, was in this city Friday evening. Mr. Bair has just returned from Newport, where he accompanied his wife, Mr. and Mrs. M. J. Lee and daughter Lorraine, of Canby, and Mrs. Clyde Evans, of Portland. Miss Gertrude Fairclough and niece, Ellen Grace, after spending the past seven weeks with the former's brothers at Ogle Mountain Mines, returned to Oregon City Friday morning, having a most delightful time. Many fish were caught while on this trip by the young ladies. Fred Baker and Thomas Hanmerberry, who have been at Table Rock for the past two weeks, returned home on Friday evening. Friends of the young men were greatly surprised when they returned with heavy growth of beards, and it was some time before the parents of the latter recognized their own son. The boys report plenty of fish and game. One deer and one elk were among the game killed. The party reports having caught 1,500 fish but they had none on their return and no doubt they must have had immense appetites to "get away" with the deer and trout.

MRS. JENNIE S. U'REN AND O. M. MURPHY WED

The marriage of Mrs. Jennie S. U'ren to Otto M. Murphy, of Portland, was solemnized quietly Saturday evening at the home of W. S. U'ren, 615 Fifth street in the presence of the immediate relatives of the contracted parties. Rev. A. H. Mulkey pastor of the Christian Church, of Gladstone, officiated. The bride has made her home in Eugene for the last three years, her children attending the University there. She came to Oregon from South Africa about seven years ago. Mr. Murphy formerly lived in Eugene, but is now city salesman for the Eastern Manufacturing Company, of Portland. The happy couple left after the ceremony for Portland, which will be their home.

HOP-PICKERS CROWD STREETS LABOR DAY

Labor Day was observed in Oregon City at the Courthouse and the banks. All business and other industries, other than barber shops were operated as usual, in face of the fact that the day was a legal holiday. There was an unusual large number of people on the streets, but most of them were making preparations to go hop-picking. More than 200 left Monday morning on the 9:17 o'clock train for Salem, and other hop-growing districts, where they will work for the next two weeks. The rain seems to have no effect on the number leaving. It was announced that the rain has yet had not injured the hops.

SYSTEM OF MIRRORS MAKES ROAD SAFE

Hermann, the great prestidigitator, early in his professional career discovered the possibilities of the mirror in his legdermain work, and it has worked wonders with Milady in her boudoir, but it has remained for M. J. Lazelle and T. L. Charman to use it as a means of saving human lives. There was a serious automobile accident in the tunnel under the Southern Pacific tracks at Point a Street several years ago, and other accidents have been narrowly averted. There is a treacherous turn to the right in the road just after the tunnel is passed, which automobilists fear. But Messrs. Lazelle and Charman have solved the problem, and if the city council heeds their advice, it will not be long before it will be perfectly safe to make the quick turn at a sharp rate of speed. They have arranged a system of mirrors which gives a clear view of the road to persons going in either direction. It is really a most ingenious device and Messrs. Lazelle and Charman are to be congratulated upon their cleverness.

NEIGHBORS EXTINGUISH MENACING BLAZE

The residence of John Smith at Parkplace caught fire Friday, presumably from a Roman candle in the hands of a boy. Had it not been for the timely arrival of the neighbors and a large tank from which water was obtained, there would have been a serious conflagration, and the grass and building are dry and the flames would have spread rapidly. As it was the roof was slightly damaged. About two years ago W. A. Holmes had built on his place a large water tank having a capacity of 2,000 gallons with the intention of having the water taken from a well, but this did not prove satisfactory. A company was formed of three families, and a "bulldozer" pump was installed in the Clackamas River, and there are now eight families getting water to their homes in this manner. Best in the World J. W. Hyatt merchant of Warren, N. C. writes: Please send enclosed order by mail. Sutherland's Eagle Eye Salve is the best eye remedy in the world. Geo. A. Harding, Druggist.

NEW RAILROAD TO BE AID TO OREGON CITY

A special meeting of the stockholders of the Clackamas Southern Railway will be held in Oregon City on September 12 and every stockholder is requested to be present, as the business to be transacted will be very important. The secretary of the company will mail printed notices to all stockholders giving the date of the meeting. The company is making preparations to begin building its bridge and laying the track on the grade now finished, and will probably continue this work all winter. Oregon City has a bright future before it, and with a little push and energy of its citizens, the city will double its population in less than five years. The building of the line of railway alone means much to this city's future growth, as it will surely bring trade that now goes elsewhere, and as business enterprises spring up in the interior and the more thickly populated territory tributary to Oregon City, merchants and business men here will get the benefit of increased trade.

It has been said that the present board of directors of the Clackamas Southern were foolish to donate their time and attention to this work free of charge, especially when their business needs their time and attention, and the farsighted citizen can see that if the Molalla country should get a railroad to the big timber belts from some other point that Oregon City would be left out and all city property would depreciate in value. That is enough to cause every property owner in Oregon City to work for the early completion of this road. Oregon City at one time got a great deal of trade from the Eagle Creek country, but now the O. W. P. railway takes that business away from this city to Portland, and the Oregon Electric Railway takes about all the trade from Wilsonville and the western part of the county to Portland, and Oregon City is the loser. The trade from Mullino, Liberal and Molalla, would be taken away from this city by a road into that beautiful and productive section of the county from some other point, and that alone is enough to cause others to do a little work for the good of the city.

HORSE LIVES WITH NECK DISLOCATED

Frederick Schaefer, president of the Schaefer Lumber Co., Molalla, is looking for a veterinarian, who can put the vertebrae of a horse's neck, that have been dislocated, in place and keep them there. Mr. Schaefer has worked on the animal for several days, and although he has succeeded on numerous occasions in getting the vertebrae in their proper place they will not stay there.

The horse sustained the injury while tethering last Thursday at the foot of the mountains where the owner and several of his friends had gone to hunt big game. When they returned they found the animal suffering severely and a big lump on the side of its neck showed plainly what the trouble was. The neck was pressed into place and the party started for Molalla, but had gone more than 100 yards when there was a noise not unlike that made by a firecracker. The neck had slipped out of place again. The operation of pressing it into place was repeated several times, and finally in his desperation Mr. Schaefer obtained another horse to take him and his friends home. Since then every effort has been made to relieve the horse, without success. The vertebrae are easily pressed into place, but they will not stay there.

WORK ON COURT HOUSE PROGRESSES RAPIDLY

Every effort will be made to have the work on the addition to the Court House advanced so that the roof may be put on before the rainy season starts. County Judge Beatie said Thursday that twenty-four yards of concrete for the basement is being laid daily. The scaffolding for use in repairing the tower has been erected. The tower will be braced and a flagpole will be erected. The old flagpole was blown down several years ago. Work has been started on the remodeling of the second floor of the building. The County Court room and several offices will occupy the space of the old Circuit Court room. The new Circuit Court room will be on the second floor of the addition.

63,000 TROUT RECEIVED.

Fingerlings Are Liberated in Creeks of County. During the past week the United States Bureau of Fisheries has delivered to the Oregon City Commercial Club 63,000 Rainbow trout fingerlings, which have been liberated in the waters of Abernethy Creek, Milk Creek, Molalla River, Beaver Creek and Trout Creek. These trout were hatched out at the Clackamas Station of the Bureau of Fisheries.

What to Do in Case of Accident If skin is broken apply Dr. Bell's Anti-Pain at once and the wound will heal quickly and never get sore. Used internally and externally. Geo. A. Harding, Druggist.

COAL! COAL! We have the best at lowest price. Lay in winter supply now. Correct Poultry Food. Oregon Commission Co. 11TH AND MAIN STS., Oregon City.

PRETTY WAITRESS ACCUSED BY WIFE

CORA FREDERICK MAKES SENSATIONAL CHARGE IN DIVORCE COMPLAINT.

ANOTHER, SING, TELLS SAD STORY

Jessie May Donough Declares Husband Refused to Admit Her To Home After Long Illness At Hospital.

Charging that her husband, who abandoned her, had let her know indirectly that he had a "nice waitress with whom he was associating," Cora Frederick Tuesday filed suit for a divorce from Henry Frederick. They were married March 9, 1899, at Denver, Col., and the plaintiff says that soon thereafter her husband began drinking to excess. She says she frequently importuned him to give up the habit, but he never paid any attention to her, and that on March 9, 1899, he came home in a drunken condition, broke the range, tore the telephone from the wall, and left the house. It was after that she avers, that he let her know about the waitress. Mrs. Frederick asks the custody of their three children, John, nine years old; Charles, five years old and Frank, three years old.

Jessie May Donough, who filed a suit for a divorce Tuesday against John C. Donough, tells a pitiful story. She asserts that they were married in Portland May 2, 1899, and they have one child, Carl C., ten years old. According to the plaintiff her husband frequently swore at her. She says that she was taken ill May 1, 1911, and was operated on at a hospital. That her husband never came near her or made an inquiry as to her condition during the whole time she lay in a serious condition, and when she recovered sufficiently to return home, he refused to let her live with him, is her remarkable allegation. She asks \$25 a month for the maintenance of their child. Harry F. Griffith sues Gladys E. Griffith for a divorce, alleging that she deserted him. He avers they were married April 7, 1907, in Portland, and that a son, Forrest Dale, was born to them October 2, 1908. The plaintiff declares that his wife left him August 15, 1910.

WORK MAPPED OUT BY SCHOOL SUPERVISORS

The county school supervisors began their work Friday. They spent the day in the office of Superintendent Gary receiving instructions, studying the records, and mapping out their itineraries. Several of the schools open next Tuesday and the supervisors will leave here Monday for their various districts. Mrs. Emily C. Shaw has been assigned to the first district, which includes the central and northern portions of the county. C. F. Anderson has been assigned to the second district, which includes the eastern and northwestern portions of the county and J. E. Calavan has been assigned to the third district, which includes the southern and western portions of the county. Superintendent Gary will visit certain schools in each district. The supervisors will have, for the most part, single room schools. They will examine the schools and grounds before the schools are opened and see that everything is in readiness. Mr. Anderson will leave Monday afternoon for Estacada where he will make his headquarters.

ANOTHER HIGH SCHOOL PRINCIPAL ELECTED

John Sigurd Anker, of Redmond, Or., was Friday afternoon elected principal of the Oregon City High School at a salary of \$1,000 per annum, to succeed Theodore T. Stebbins, who has just resigned. Mr. Anker, who failed to file his acceptance within the five days' time required by the rules of the Board of Education. The position was accordingly declared vacant. Mr. Anker holds a Bachelor of Arts degree from the University of Nebraska and has had ten years teaching experience. He was principal of the schools at Canyon City, Grant County, last year. Mr. Anker took a summer course at Chicago University. He is thirty-four years of age and married. Directors Hedges and Huntley have been appointed a permanent committee on grounds and to them has been referred the matter of having the grounds of the new High School graded and the walks constructed. The board will meet next Tuesday afternoon to let the contract for lighting fixtures in the High School. The purchase of window shades and adjusters for the High School building was authorized at Friday's meeting.

Another steel bridge that is nearing completion is the one across Bear Creek near Needy. This one will have a span of fifty feet. The crew that is working on this structure recently built a trestle 850 feet long and a fifty-foot span over Rock Creek. This bridge is made of steel and concrete.

HAIR THAT FASCINATES.

Who Wants Lustrous Hair Full of Life and Beauty?

Start now madam, September is just the month to begin to acquire a glorious head of hair of which you will be justly proud during the social events of winter time. If you haven't used PARISIAN SAGE you aren't on the high road to the most delightful preparation that destroys the dandruff germs and by so doing removes in a short time the cause of dandruff, itching, scalp, faded and lifeless hair. Dandruff germs are obstructionists; they prevent the hair from receiving its proper nourishment by ravenously devouring the same nourishment. Use PARISIAN SAGE for one week and note the wonderful improvement. Huntley Bros. Co. guarantees it, 50 cents a bottle.

Belle and Maud Mattley have left for a week's visit with friends at Hood River.

FARMERS ACTIVE IN AIDING FAIR EXHIBIT

The farmers of Clackamas county and the residents of this city are commencing to take an active interest in the county exhibit for the State Fair. Fine samples were brought to O. S. Freytag who has charge of the exhibit, this week. From present indications Molalla will have a good showing and the residents of other sections of the county will now have to "get busy," gather up their samples and show what they can produce. W. W. Everhart, of Molalla, was in this city Thursday and brought in some of the finest samples of grain that will be placed on exhibition, the donations being W. W. Everhart, O. W. Robbins, Raymond Decker, Mrs. Levi Robbins, Lloyd Shaver, G. V. Adams and R. W. Davidson. Wheat, oats, rye, and a corn-stalk more than eleven feet in height are in this collection. Mrs. K. L. Newton's berries that were taken to the office of Freytag & Miller on Thursday have attracted much attention by their size and flavor, and fine samples that have been preserved in glass jars. The name of these berries are "The Golden Medal." Mrs. Newton received first prize at the Lewis and Clark Exposition in Portland. This variety was originated by Mrs. Newton, and she has well named the berry the "Golden Medal." This year has been a good one for peaches in Clackamas county, and the fine samples that have been placed in the jars for the State Fair will no doubt add to the excellence of the display. Thomas F. Ryan, Mrs. Anna Hayes and the Willamette Pulp & Paper Company have contributed peaches.

Canemah is not to be outdone by any other part of the county, and some of its residents have taken fine samples of fruit to Mr. Freytag. W. W. Quinn will have some of his famous "Quinn" plums and also some of his unusually large string beans; Mrs. L. O. Eaton, pears, and William Fine, alfalfa cut from his place. This is only a starter from that place, and there are many others who are contemplating adding to the Clackamas county display.

COUNTY FAIR TO HAVE BEST DAIRY EXHIBIT

The dairy exhibit at the Clackamas County Fair, to be held at Canby, September 27 to 30 inclusive, promises to eclipse that of last year, which was conceded to be superior to any one at the State Fair. More cows will be entered than have ever been entered in a fair in this state, and the milk tests are expected to reveal some remarkable producers. M. S. Rock, formerly State Dairy Inspector, will be in charge of the exhibit, and four prizes will be awarded. The management of the fair has made a special effort to obtain a fine dairy exhibit in order to stimulate the industry in the county. W. P. Kertchen, of Logan, has informed Secretary Lazelle that the Harding Grange has arranged to have a better exhibit than last season.

JUDGE BEATIE ASKED TO NAME DELEGATES

County Judge Beatie has been asked by the Secretary of the National Conservation Congress to appoint three delegates to represent this county at the meeting in Kansas City, Mo., September 25, 26, 27, 28 and 29. Judge Beatie said Saturday that he would not make the appointment until he found out what representatives the men would be able to make the trip. The Congress will give special attention to plans for the maintenance of the fertility of the soil. The coming meeting will be the third annual one.

MILWAUKIE BRIDGE NEARS COMPLETION

The bridge on the Milwaukie road at the north entrance to Milwaukie across Johnson Creek is under reconstruction by Clackamas county, and while the work is in progress the old road is closed to team traffic. Vehicles are compelled to take the road from the northeast side of Milwaukie through Willburg to Sellwood. The concrete abutments to the bridge were built some time ago, and only the single span remains to be erected. That will probably be finished by September 15. The old span was weak and unsafe for heavy vehicles and automobiles. The new bridge will be strong enough to carry the heaviest loads. It is on the East Side state highway.

BIG STEEL BRIDGES NEAR COMPLETION

Judge Beatie announced Thursday that the steel bridge across Johnson Creek at Milwaukie would be finished in about two weeks. The bridge has a span of ninety feet, and will be one of the best steel bridges for county roads in the state. The piers are of concrete. Another steel bridge that is nearing completion is the one across Bear Creek near Needy. This one will have a span of fifty feet. The crew that is working on this structure recently built a trestle 850 feet long and a fifty-foot span over Rock Creek. This bridge is made of steel and concrete. Frank Dunlap Pays Fine. Frank Dunlap, who was arrested for Intoxication Labor Day by Chief of Police Shaw, and gave his name as Frank Rain, because it was raining, it is supposed, was fined \$20 and given twenty days in jail Tuesday by Recorder Stipp. After the prisoner had paid his fine, all of his actions indicating that he was just as contrite as he could be the Recorder remitted the jail sentence and Mr. Dunlap went on his way rejoicing.

School Books and School Supplies

We offer this year a carefully selected line of School Supplies. Bought in Eastern markets and shipped by Isthmus of Panama at low water rates our stock gives you better values than it would be possible if bought of Coast jobbers in the usual way. To School Boards we are prepared to quote special prices on everything used in the school room from seats and desks to black board chalk. Ask for our prices. We carry all text books used in this county and sell them at the state contract prices. We also buy and sell second hand school books. Bring them in early.

HUNTLEY BROS. CO. The Rexall Store Oregon City

SUPERVISORS OPEN 3 COUNTY SCHOOLS COMMERCIAL CLUB GETS FREAK LETTER

The county schools in East Clackamas, Cherryville and Liberal started Tuesday, and the others will be opened at intervals between now and the second week in October. A large number will open on September 18. Supervisor Anderson was present at the opening of the Cherryville school; Supervisor Calavan at the Liberal school, and Mrs. Emily Shaw, supervisor at the East Clackamas school. The attendance at the schools is reported as having been gratifying. Superintendent of Public Instruction Gary, Tuesday faced a problem in his school work just a little harder than the fourth dimension. He has a stereopticon machine which he intends to use in illustrating lectures, he will make throughout the county in the interest of education. The written instructions that came with the machine begin as follows: "It is so simple a child can operate it."

"Well, to make what might be a long story short, Mr. Gary could not, and in an effort to excuse himself, said: "At any rate it proves that I am not a child." Secretary Lazelle of the Commercial Club receives many peculiar letters, asking all manner of questions and often they are very difficult to answer but the secretary is versatile and they are generally answered to the questioners entire satisfaction. Could you answer the following letter which was received a few days ago from Florida? "Hawthorn Fla. Aug. 29. "Genits: Please send me a map of your county. How far are you from the coast? Have you plenty of farm labor? Any negroes there? What is the cost of farm lands? Has the great lighting system, acetylene gas, been introduced in your valley? If so what generator is used? Your booklet is beautiful. Can you find some lung-sick, or throat or rheuma? tism man who will exchange property for a good paying hotel here in this heating climate. "This climate cures lung, throat, and rheumatism cases sure. I can give you a good business in a hotel. Look it up please, I have a good drummer travel and a house full of tourists in winter."

CLINT COLE FREED OF ASSAULT CHARGE MEANDERING FARMER LANDS IN CITY BASTILE

Frank Rain, a farmer, came to town Monday to celebrate. He did. The first thing he did was to become intoxicated. Then he stalked forth upon the main thoroughfare of the city. His meanderings were as many and picturesque as those of the Clackamas river. His interference with pedestrians, streetcars and automobiles was enough to make a star football player turn green with envy. Finally Chief of Police Shaw decided to take Mr. Rain in out of the rain. Upon being deprived of his liberty the visitor from the country raved and tore his hair and proceeded to break the furniture in the jail. He pulled down a stove pipe, the soot covering him from head to foot, making him look like a chimney sweep when business is good. The man was then locked in a dark cell, and soon went to sleep. Digestion and Assimilation. It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions naturally. For sale by all dealers. Circuit Judge Campbell Tuesday overruled the demurrer in the case of Williamette against Mr. and Mrs. Downey. The defendants allege that they have the right to lay water mains in the town. The municipality offered to buy the franchise but the price was considered too small. The defendants were given twenty days in which to file a complaint. Williamette Wins Point.

Why Waste Your Hard Earned Cash in Cheap, Poor and Low Grade Insurance? Is not your money more secure when you take no chances and are sure to get it back without a quibble or an evasion? SLEEP IN PEACE! I have to offer the UNION ASSURANCE SOCIETY, assets one million; ATLAS ASSURANCE COMPANY, assets nearly three millions; NIAGARA FIRE INSURANCE COMPANY, assets over six millions; SCOTTISH UNION AND NATIONAL INSURANCE COMPANY, assets, nearly six millions. THESE ARE COMPANIES WITH A RECORD TO BE PROUD OF. THEY AVOIDED NO OBLIGATIONS AT SAN FRANCISCO, and helped rebuild the town. ARE BACKED BY NATIONAL ASSOCIATION OF CREDIT MEN.

I also offer NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY OF MILWAUKIE, assets, nearly 277 millions, and TRAVELERS INSURANCE COMPANY, (ACCIDENT AND LIFE), assets nearly 59 millions. These are great companies. Can any agency in Oregon City match it? COME AND TALK TO ME. I MAY SAVE YOU MONEY ON PREMIUMS, AND ALSO CAN PRESERVE FOR YOU THE AMOUNT OF THE POLICY. SPECIAL INDUCEMENTS TO FIRMS IF I ACT AS YOUR GENERAL INSURANCE AGENT.

E. C. DYE 8th and Main Sts. Oregon City, Oregon I want a SQUARE DEAL for all my CLIENTS.
