

ASSASSIN SLAYS 6 AS THEY SLEEP

TWO WOMEN AND THREE CHILDREN KILLED BY FIEND WHO COVERS UP TRACKS.

VICTIMS ARE MURDERED WITH AX

Report That Slayer Has Been Captured Is Not Verified—Police Search in Vain For Slightest Clue.

COLORADO SPRINGS, Sept. 20.—Slain in their own homes by some unidentified person, the bodies of six persons, three in each of two neighboring houses, were found here this afternoon. The heads of all the victims had been smashed with an ax. The appearance of the bodies indicated that they had been dead several days and that death came while they slept.

A report says that the murderer has been caught and that he has confessed, but that is denied by the police officials who, it is intimated, fear a lynching might follow such an announcement.

An ax, which had been loaned to Mrs. Henry F. Wayne, one of the victims, by J. R. Evans, a neighbor, last week, was found by Mrs. Evans on Monday near the back door of the Wayne home. The implement was bloodstained.

The dead: Mrs. Alice May Burnham, wife of A. J. Burnham, cook at the Modern Woodmen Sanitarium.

Their two children, Alice, aged 6, and John, aged 3.

Henry F. Wayne, a consumptive, until recently a patient at the Woodmen's association.

Mrs. Wayne and their 1-year-old baby girl.

The Burnham home is back of the Wayne home and close to it is that of Evans.

The discovery of the bodies was made by a neighbor who called at the Burnham house to spend the afternoon sewing. No getting any response, she forced an entrance.

The bodies of Mrs. Burnham and those of her two children were found in their beds, which were covered with blood. The walls and ceiling were also spattered.

The woman rushed to the street and gave the alarm. Instinctively a dozen persons went to the Wayne house, where there had been no signs of life since Sunday, and the same terrible scene was presented. In their beds were the bodies of Mrs. Wayne and their babe, all horribly mangled, as in the case of the bodies in the Burnham home.

Not even a footprint was found on the floor of either house and not a person could be found who had seen anyone about the premises since Sunday afternoon, when all the murdered persons at different times were in a neighboring grocery store.

There is no known motive for the crime. Both the Burnham and Wayne families were of moderate means.

HOPPICKERS RETURN WITH PLENTY MONEY

About ninety hoppickers, who were employed in the yard of John Walling at Lincoln, returned to Oregon City Tuesday evening. Jack Frost, who was check boss, said that the yield of Mr. Walling's yard was larger than that of last year. The health of the campers was good throughout the season, and all did well financially. The weather, however, was not favorable for the work, and the pickers had plenty spare time in their tents. Mr. Frost said that Mr. Walling's crop amounted to 3,420 boxes. All the pickers employed by him, with the exception of seven or eight, live in this city.

ASSASSIN FATALLY WOUNDS STOLYPIN

RUSSIAN PREMIER SHOT IN PRESENCE OF CZAR WHILE ATTENDING OPERA.

BIG AUDIENCE THREATENS ASSAILANT

Lawyer Third Man To Make Attempt On Life Of Premier Who Has Been Favorite Of Nicholas.

KIEV, Sept. 14.—The Russian Premier, R. A. Stolypin, was attacked while attending a gala performance at the opera tonight. He was wounded twice by his assailant.

One bullet entered his hand, while the other penetrated the body, grazing the liver and lodging in the spine.

It is reported that the Premier's wounds are mortal.

Emperor Nicholas was present in the theater. The Premier's assailant was arrested.

The two bullets were fired from behind by a lawyer named Bagrof. The audience turned to lynch the assassin. Some reports have it that a musician also was wounded.

The Minister of Finance, M. Kokovsov, was sitting behind the Premier at the time of the attack.

Probably no one person other than the czar himself has exercised greater strength of influence in the Russian Empire in recent years than M. Stolypin, sometimes known as the "Iron Man" of the government and often criticized, on the other hand, for many weaknesses of his administration.

For 51 years ago, M. Stolypin early in his career as a statesman made his power felt. He received the credit of blocking outbreaks in Russia which threatened to effect a revolution that came to a head in the administration of Count Witte. His conduct in this affair, while drastic and repressive in the extreme, pleased the czar and Stolypin became the governor of Saratov.

In this capacity his policy of drastic repression was continued and he quickly incurred the hatred of the revolutionists, who, in 1905, made an unsuccessful attempt on his life. He escaped this attack without harm, although three shots were fired at him.

In May, 1906, Stolypin was appointed minister of the interior in the Gerasimov Cabinet, under a regime that was short-lived. Late in July of the same year an imperial ukase created him Premier, but he still retained the post of Minister of the Interior.

In this dual capacity, and with his greatly increased power, Stolypin rapidly forged ahead as an imperial power. His repressive steps toward the terrorists and the Liberals soon won their detestation, as well as the enmity of all advanced groups. With all this, however, the new Premier retained the confidence and increased support of the czar.

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at Jones Drug Co.

Milwaukee and Northwestern Clackamas

MILWAUKEE. The Bridge across Johnson Creek will be completed by the end of the week and may be used by the public next Sunday. Delay in the work was caused by rain. The bridge is single steel span 90 feet long with concrete abutments at both ends. It takes the place of a wooden span which was ready to collapse. Clackamas County is constructing the bridge. While closed traffic on the Milwaukee road, which carries all the travel from the south, is shut off and can only reach Portland by the road which runs through Willburg. It is planned to cut down the hill on the north side of the bridge and fill the approach solidly to the concrete abutments.
