REV. ROBINSON IS MENACED BY AUTO

MINISTER'S HORSE STRUCK BY MACHINE AND SHOE TORN FROM ITS FOOT.

DRIVER CONTINUES ON MAD COURSE

Clergyman And Dr. Mount Engaged in Conversation When Car Appears—Physician Pursues Reckless Autoist.

The Rev. C. W. Robinson, rector of St. Paul's Episcopal church had a narrow escape from death Tuesday night when the horse he was riding was struck by an automobile driven by a reckless driver. Mr. Robinson, who had been visiting a member of his congregation on the Mount Pleasant road, was on his way home when he met Dr. S. Mount in his automobile about a mile this side of the Mount Pleasant schoolhouse. They stopped and while they were engaged in a conversation Mr. Robinson noticed an automobile at a rapid rate of speed bearing down upon them. There was plenty room for the machine to pass them, and Mr. Robinson thought the driver would certainly slacken speed. But he did not, and the minister, who was directly in the line of the machine, swerved his horse around, the automobile striking a hind leg of the animal as he did so. A shoe which had been put on the animal a few days ago was ripped off and hurled thirty feet. Mr. Robinson, being a good rider, was not thrown, and he looked around in time to see the number of the machine as it disappeared in the dark. Dr. Mount also got the number of the automobile, and pursued the man for about a mile without overhauling him. Mr. Robinson walked to the city with his horse and its injured leg was bandaged by Dr. Eddy.

FEW ASSESSMENT PROTESTS MADE

GOLFERS' ASSOCIATION FILES COMPLAINT WITH BOARD AGAINST INCREASE.

1910 VALUATION THOUGHT CORRECT

G. Moehne Declares That He Has Been Assessed For Ten Acres More Real Estate Than He Possesses.

Members of the County Board of Equalization announced Tuesday that there had been fewer complaints against the assessments this year than ever before, which is believed to be due to the care of Assessor Jack and his deputies. Only seven complaints have been received. Among the complaints is the Waverly Golf Association. The valuation placed upon the property in 1910 was \$800 an acre and it has been increased to \$1,000 an acre. The association says no improvements have been made and urges that the assessment be the same as last year. Assessor Jack says he thinks that 1910 assessment was under the real value of the property. G. B. Howard, part owner of southeast quarter section 14, township 3 south, range 5 east, asks that the assessment be reduced from \$1,500 to \$800. G. Moehne, of Oregon City, complains that he has been assessed for ten acres more of land than he possesses. Mary Hahn, owner of property in section 30, township 4 south, range 3 east, says her property has been assessed fifty per cent too high. The other complaints are of minor importance.

Boundary Of Private Road Is Cause Of Trouble—W. M. Kerns And Brother Accused Of Assault.

R. Mulvaney, eighty-two years of age is in a serious condition at his home near Meadowbrook as the result of an altercation with W. M. Kerns, and the latter's brother, over the boundary of a road. Mr. Mulvaney's daughter was also seriously wounded in the fight which occurred Saturday afternoon. Miss Mulvaney and her father were having fence posts placed on what they declared was the line when the Kerns brothers appeared. They objected and finally, it is alleged, W. M. Kerns struck Mr. Mulvaney on the head with a shovel. Miss Mulvaney went to her father's assistance, and she, too was struck on the shoulder with the shovel. Dr. Mount was called and dressed the wounds of the Mulvaney. He at first thought the aged man was fatally wounded, but it is now believed he will recover. No arrests have been made. There has been trouble for some time over the boundary. The Kerns have a private road which adjoins the Mulvaney property, and the controversy started over the place of joining the fences.
