A Clean Man

Outside cleanliness is less than half the battle. A man may serub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think

lean, clear, healthy thoughts.

He will never be troubled with liver lung, stomach or blood orders. Dyspepsia and indigestion originate in unclean stom-is. Blood diseases are found where there is unclean blood. asumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustice and prostration. It contains no alcohol or habit-forming drugs.

Constipation is the most unclean uncleanliness. Dr Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy
