

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her freshest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks. No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

SUICIDE SAID TO BE LORD DOUGLAS

MARQUIS OF QUEENSBERRY DENIES REPORT THAT BROTHER IS DEAD.

IDENTIFICATION MADE BY ACTRESS

Englishman Said By Relative To Be In Pacific Coast City—Man Found Dead in Big Hotel.

NEW YORK, Nov. 8.—One of the most perplexing identification mysteries that every developed in New York rests the body of a man who shrinks in an uptown undertaker's establishment tonight.

In the opinion of two persons, it is the body of Lord Sholto Douglas, brother of the Marquis of Queensberry, member of one of the best-known families of England. But, according to the Marquis, who is quoted in dispatches from Chicago the body cannot be that of his brother, for he says he had a letter from Lord Douglas only two days ago, indicating that the writer was safe and well on the Pacific Coast.

To add to the mystery, it has been recalled that some years ago a man bearing marked resemblance to Lord Douglas passed himself off as such and was arrested in this country on several occasions on charges of bigamy.

The body is that of a man who registered at the Hotel Astor October 15 as "Maurice Stuart, San Francisco." He was found dead in his room Monday evening from a self-inflicted bullet wound in his heart.

The announcement that the body had been identified as that of Lord Douglas came tonight from Corner Freinberg. He had known Lord Douglas as a patient some years ago and suspected that the suicide might be Douglas.

Mary Noble, an actress, who had known Lord Douglas in the West, tonight declared she was sure the body was that of Lord Douglas. "Miss Noble said she knew Douglas when he was appearing on the stage in the West in 1896, and was certain of the identification.

Coroner Freinberg said later tonight that he would notify the English Consulate of the identification made by Miss Noble and ask what steps the Consul would take.

A Burglar's Awful Deed may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadell, Tenn. If ailing, try them. 25c at Jones Drug Co.

Cuba's Navy Growing, but Not Big In Spite of Its Recent Acquisitions

It will be some time before Cuba is enrolled on the list of first class naval powers, even if she did add a protected cruiser and a training ship to her navy the other day in Philadelphia. Senorita Marina Gomez, daughter of President Gomez of the republic of the single starred flag, and sponsor for the new cruiser Cuba, christened the warship by breaking the traditional bottle of champagne at its launching. Her sister, Miss Narcisca Gomez, named the Patria, which will serve as a schoolship for Cuba's naval cadets. The Cuba is quite a fair sized vessel, being a 2,200 ton cruiser, and she is just about as big as the combined baker's dozen of little boats which have heretofore constituted the navy of our sister republic. The biggest of them all is the Hatuey, which is used as a yacht for the president. She is only 535 tons, so it will be seen that even with the Cuba and the Patria it will be some time before the entire Cuban navy will be a match for a super Dreadnought or even for a fair sized armored cruiser.

LULL IN HOP MARKET CALLED SUSPICIOUS
The lull in the demand for hops at this time in Oregon is viewed with suspicion by growers who retain the few thousand bales that remain. While dealers as a rule say that there are no bids available and that trade is at a standstill with lower prices in sight, the same opinion was given of the market just about a week ago and within a few hours there was an actual advance of 2c a pound in the price.
With the statistical position of the market, the strongest known in the history of the industry and with only a few thousand bales unsold in the United States, growers are tight holders for a further advance. This has blocked business from that end. In order to loosen the hold of producers it is stated that brewers have temporarily quit bidding.
