PERILS OF AUTHORSHIP.

Some of Woodrow Wilson's Democratic rivals for the presidential candidacy are glad that he wrote a book, because that book is getting him into trouble in the South.

Let a town or a home be without a newspaper and ignorance and narrowness at once assert themselves. It is when by some mischance people are paper that they realize the loss they sustain.

Now is the time when thousands of foreign residents who have saved and accumulated considerable money during their life here go back to their native lands to spend the holidays, and no one grudges them that relaxation.

Many business men who never advertise regularly do so during the holiday season. That in itself is a recognition of the value of advertising, but its value would be still further realized with great gain to themselves if they would not confine themselves to special seasons.

HAWLEY PROMISES TO WORK FOR CITY

(Continued from page 1)

mercantile Club. Mr. Hawley was taken on board the Lang and shown the proposed location for the new free locks. He was visibly impressed with the magnitude of Oregon City's industrial concerns and fired a volley of questions at T. W. Sullivan, hydraulic engineer of the Portland Railway, Light & Power Company to ascertain just how the prospective development of the water power would be retarded by the construction of locks on the East Side of the river.

FOR SETTLING LABOR TROUBLES

In Great Britain where the labor problem of late has been unusually trying there is a casting about for some effective method of preventing and settling disputes between employers and men.

Much hope is expressed that the Industrial Council recently organized by the government may bring about greatly improved relations. The council consists of twenty-six members, besides the chairman who is the Comptroller-General of the Labor Department of the Board of Trade.

While the Council has no compulsory power its moral influence will be great, as it is empowered, on request, to take suitable action in disputes affecting the principal trades of the country which the parties themselves are unable to settle.

A Choice of Investments
THERE ARE TWO WAYS to invest one's savings; either in enterprises promising very large returns, and not bearing the closest investigation, or in the good old-fashioned savings bank way, wherein a vastly greater number of people have paved the way to real success.

URGES U. S. AID IN BUILDING ROADS

(Continued from page 1)

In a recent magazine we find the following: "The civic bodies throughout Alaska are making an united effort to secure larger appropriations from the national government for road work."

If in Alaska why not here in Oregon? Oregon and other states like her need good roads.

She is not able, without United States government aid, to build them as rapidly as needed.

The United States has a constitutional right to aid the building of them. It is right and fair, especially to the farmers, that it should give such aid, and it is practicable.

A long argument could be made to show and many illustrations could be made, but surely every man must see it.

We have a few good roads and the highway tax will get more, but not enough.

More than nine-tenths of the commerce of the state is first carried over the roads that we have, at an immense loss of time and money to the farmer.

The ability to travel quickly and easily is due the farmer as much as it is the shipowner and the merchant. That the government deepens the rivers, blasts out immense rocks and builds breakwaters for.

The state can not build these roads as it would bankrupt her. Some of the counties are trying it but they are piling up debts upon which interest must be paid yearly and the principal has to be met some day.

Little by little something may be done by taxation and the use of the convicts, but scores of years must pass before anything substantial can be accomplished.

If federal aid to the extent of one-half could be secured the work could be done twice as fast.

And why not? Jefferson, Clay, Calhoun and others advocated the building of roads by the United States Government.

RELIEVES BACKACHE INSTANTLY

Sloan's Liniment is a great remedy for backache. It penetrates and relieves the pain instantly—no rubbing necessary—just lay it on lightly.

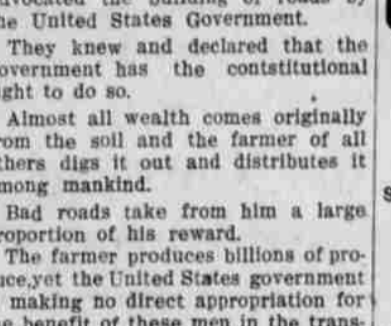

Here's Proof. "I had my back hurt in the Boer War and in San Francisco two years ago I used all kinds of drugs without success. Two weeks ago I saw your liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."

SLOAN'S LINIMENT is the best remedy for rheumatism, neuralgia, sore throat and sprains.

Miss E. Row of Brooklyn, N.Y. writes: "Sloan's Liniment is the best for rheumatism. I have used six bottles of it and it is grand."

Sloan's Book on Rheumatism, Cattle, Hogs and Poultry sent free. Address: Dr. L. P. Sloan, Boston, Mass.

Sold by all Dealers. Price, 25c, 50c, and \$1.00.

U. S. MAILS TO AID SINGLE TAX FIGHT

SPEECHES OF HENRY GEORGE TO BE INCLUDED IN FREE DISTRIBUTION.

W. S. U'REN LEADER OF BIG MEETING

Oregon Man Says Land Assessment Scheme Would Save Voters \$80,000 Yearly In This County.

CHICAGO, Nov. 26.—The United States was enlisted today, through plans formulated in Chicago, to help finance a fight to the finish for immediate adoption of the single-tax in Missouri and Oregon.

The government Printer will be required to include in the record of the coming session of Congress four pamphlets urging adoption of the single tax. Their titles will be: "Poll Taxes a Relic of Barbarism," "Personal Property Taxes Impractical and Unjust," "Merchants' and Manufacturers' and 'The Effect of Just Taxation Upon the Working People.'"

And these discourses, of which Henry George, Jr., Representative from New York, is to be the author, will be handed over to the Government by the ton for free transportation to the doors of the men who are to vote on the question.

The one desire of the single-taxers is votes. W. S. U'ren, of Oregon, father of the initiative, referendum and recall and "arch-progressive" of all those advocating greater control of the Government by the people, told his tax-reform hearers today. They must keep their feet on the ground and argue on a practical basis of actual results, he declared. He declared that if the proposed single-tax law had been operative this year in Clackamas county, Oregon, the householders, ordinary business men and working people of the community, comprising more than three-fourths of the citizens, would have had the taxes reduced by \$30,000, while the public service corporations and men holding land for speculative purposes would have had to pay \$90,000 more.

CHILDREN CRY FOR FLETCHER'S CASTORIA

LABOR LEADERS MUST STAND SECOND TRIAL

WASHINGTON, Nov. 23.—Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, must again stand trial in the Supreme Court of the District of Columbia on charges of contempt arising out of the Bucks' Store Range case.

Justice White handed down a decision today overruling the motion of the labor leaders for a dismissal of the proceedings under the statute of limitations.

The court held that contempt of court is not classed as criminal, and consequently not subject to the bar of the statute of limitations.

TWO COUPLES MARRIED. Justice of the Peace Samson officiated at the weddings of Georgie Coates and Claude E. Layman and Mabel Koehler and Daniel Helper. Miss Koehler and Mr. Helper were married at the home of Mr. Samson.

UNITED STATES HAS 4 CARDINALS

FARLEY, O'CONNELL AND FALCONIO ARE ELEVATED BY POPE PIUS.

CHURCH GATHERING IS BRILLIANT

Appointments Confirmed by Consistory And Announcement is Made That Another is Kept Secret.

ROME, Nov. 27.—Announcement of the appointment of a 19th new cardinal, whose name, however, is kept "in pectore," or secret, not to be published until a later consistory, was made today when the college of cardinals gathered in Rome obeying a summons from Pope Pius X to confirm the nominations of eighteen new members.

Of those thus honored, three are citizens of the United States—Monsignor John M. Farley, archbishop of New York; Monsignor William O'Connell, archbishop of Boston and Monsignor Diomedeo Falconio, apostolic delegate at Washington.

Thus with Cardinal Gibbons, America will have now, for the first time, a representation of four cardinals, which probably, such as now constituted, will elect a successor to the reigning Pontiff.

As he entered the hall of the consistory where today's ceremony took place the Pope's step was less sure and the careworn face of his holiness bore signs of his recent illness. Nevertheless he withstood the fatigue of the long and trying ordeal bravely.

In accordance with ecclesiastical law a public consistory must be held three days after the private gathering when the new cardinals, with the exception of those from Spain and Austria, will receive their red hats. The Spanish and Austrian prelates, as is provided in the concordat with those countries, must receive the biretta first from the hands of their temporal sovereigns. The public consistory will be held on Thursday in the Hall of the Beatification instead of in the Sala Regia, as at first planned. The former hall is much the larger and was decided on today because of the many applications for admittance.

ALDRICH CURRENCY PLAN IS INDORSED

NEW ORLEANS, Nov. 25.—With but one dissenting vote, the American Bankers' Association gave its unqualified approval to the proposed Aldrich plan for the reform of the currency.

Congress was urged to deal with the proposition as an economic question outside the domain of party politics. Confidence was expressed that "the high purpose actuating the National Monetary Commission assured the working out of the details in accordance with the principles stated in the plan.

BATTLESHIP OREGON MAY BE SENT TO CHINA

WASHINGTON, Nov. 24.—The battleship Oregon, with the cruisers Pennsylvania, St. Louis and Raleigh and the monitor Cheyenne, now held in reserve on the Pacific Coast, will be sent to join the Asiatic fleet in the event that complications in China become so serious as to require the reinforcement of the American warships now in Chinese waters.

The State Department has not made a request for additional ships to protect American interests in the Orient, but the question of preparing these reserve ships for Asiatic duty has been taken up by the Navy Department and these vessels can be sent across the Pacific on short notice, if their presence becomes necessary.

RESERVE BATTLESHIPS TO BE KEPT ON COAST

San Francisco, Nov. 23, (Special)—All, or a greater part of the reserve battleships of the United States navy are to be maintained on the Pacific coast, according to announcements made here today that naval officers on the coast have received orders to that effect from the navy department.

It is said that this plan will be put into execution immediately after the opening of the Panama canal, and that as there is no fresh water basin available on the Pacific coast the vessels probably will be stationed somewhere on San Francisco Bay. The reserve fleet is now stationed at Lesage Island, near Philadelphia. It comprises the battleships Indiana, Iowa, Maine, Massachusetts and Wisconsin, to which the Illinois, Alabama, and Missouri will be added soon.

You Can Always Get The best cough medicine if you ask for Dr. Bell's Pine-Tar Honey and look for the bell on the bottle. Guaranteed to give satisfaction. Sold everywhere. Geo. A. Harding, Druggist.

OWEN G. THOMAS BLACKSMITHING AND REPAIR WORK. Best of work and satisfaction guaranteed. Have your horses shod by an expert. All kinds of repair work and smithy work. OREGON CITY BEATEN BY NEWBERG, 5 TO 0

The Oregon City High School football team was defeated Saturday afternoon by the Newberg High School team, the score being 5 to 0. It looked as if the game would be a scoreless one until almost the last minute when Gauze made a touchdown, running twenty yards with the ball. Rotter, Wilson and Dambach were the star players for Oregon City. Newberg showed the most skill in the last two quarters and Oregon City in the first two. Oregon City's lineup was as follows: Graves, L. E.; Dambach, R. E.; Dunce, R. T.; C. Beattie, L. T.; Quinn, L. G.; Waldron, R. G.; Wilson, Q.; J. Beattie, C.; Michels, F. B.; Cross, R. H.; Rotter, L. H. The game was played at Newberg.

OREGON CITY BEATS FAST PORTLAND TEAM

Before a large crowd of Portland and Oregon City football fans the local team smothered the East Portland Athletic Club's eleven by a score of 14 to 0.

Not once during the game was the Oregon City goal in danger, while the local team scored almost at will. The East Portland club was outplayed in every department of the game. Nelson, the right end for the Portland men, was their star. All of the Oregon City backs played a splendid game. Lawrence, at left tackle, and Bismark, at left end, also played superb ball. "Bristles" Freeman played a fine game at left guard.

White pulled off a thirty-yard run around East Portland's left end. Carothers made twenty-five yards in one play on a perfect forward pass, while Bismark worked the visitors for forty-two yards on a concealed cross-kick.

Oregon City has piled up an enviable record of five wins, one tie and has not been scored on.

Next Sunday the local aggregation will meet the Brooklyn team of Portland on the Canemah Park field. The Brooklyn team has yet to have her goal line crossed this season.

The lineup follows: Oregon City, Theover, L. E.; Bertrand, L. T.; Hunter, L. G.; McKenise, C.; Clear, R. G.; Patterson, C. Freeman; Nelson (Capt.), Siler; Klien, R. E.; White (Mgr.), Q.; Laphman, L. H.; Chapman, R. H.; hiMeyers, Carothers (Capt.), F.
