## HOP CONTRACTS ARE MADE AT 24 CENTS

Additional business is passing in the market for hop contracts. Along the coast as high as 24c a pound is being offered for one year crops; the market ruling down as low as 22 1/2c. For three year contracts the market is firm at 20c for the first, 15c for the second and 15c a pound for the third year. Quite a liberal amount of business in this line is reported in California but local growers are not trying up.

Spot hop business is firm at 45c a pound. The biggest transaction recently is that attributed to John Carmichael of Salem, who is stated to have purchased the Rose lot of 400 bales and the Squire Farrar lot of 350 bales. Both of the deals were made for England account at 45c a pound. Henry L. Bents, of Aurora, is likewise an operator in the spot hop market, making offers for foreign delivery.

In California some spot business is reported around 45c. Growers as a rule are asking 45c for best and 40 to 45c for poor goods.

Prevailing Oregon City prices are as follows:  
Fruits, Vegetables.  
DRIED FRUITS — (Buying) — Prunes on basis of 6 1/4 pounds for 45-50c.  
HIDES — (Buying) — Green hides, 5c to 6c; salted, 5c to 6c; dry hides, 12c to 14c; sheep pelts, 25c to 75c each.  
Hay, Grain, Feed.  
HAY — (Buying) — Timothy, \$12 to \$14; clover, \$8 to \$9; oat hay, best, \$9 to \$10; mixed, \$9 to \$12; alfalfa, \$15 to \$16.50.  
OATS — (Buying) — Gray, \$27 to \$28; wheat, \$28 to \$29; oil meal, \$53; Shady Brook dairy feed, \$1.25 per 100 pounds.  
FEED — (Selling) — Shorts, \$27 to \$28; rolled barley, \$27.50; process barley, \$28.50; whole corn, \$37; cracked corn, \$38; white, \$26 to \$27; bran \$27 to \$28.  
Butter, Poultry, Eggs.  
FLOUR — \$4.50 to \$5.25.  
BUTTER — (Buying) — Ordinary country butter, 25c to 30c; fancy dairy, 30c; creamery, 30c to 35c.  
POULTRY — (Buying) — Hens, 8c to 9c.

SACK VEGETABLES — Carrots, \$1.25 to \$1.50 per sack; parsnips, \$1.25 to \$1.50; turnips, \$1.25 to \$1.50; Prunes, on basis of 6 1/4 for 45 and 50c; beets, \$1.50.  
POTATOES — Best buying 85c to \$1 per hundred.  
ONIONS — Oregon, \$1.25 to \$1.50 per hundred; Australian, \$2 per hundred.  
LIVESTOCK, MEATS.  
BEEF — (Live weight) — Steers, 5c and 5 1/2c; cows, 4 1/2c; bulls, 3 1/2c.

## VEAL—Calves bring from 8c to 13c, according to grade.

## CASTORIA For Infants and Children. The Kind You Have Always Bought

## EUROPEAN DEMAND FOR HOPS GROWING

While there are quite a number of orders available for Willamette Valley hops at 44c to 45c a pound, there is an absence of business. Growers who still retain supplies are as a rule perpetual holders, and do not care to sell no matter what the price is.

There is a further increase in the business offered by Europe and some trade has been closed elsewhere. In California Chinman was the buyer of 700 bales from R. W. Peterson at Sonoma, but the price was not learned. Finch purchased 350 bales in the Sacramento section but no price was mentioned. The deal was for London account.

European markets are firmer. A cable from London stated that the market there was extremely firm with very few hops available with the market practically bare of stocks. On the continent the market was reported firm and advancing with prices up to 10 to 20 shillings and trade bare of stocks.

In New York practically no business is reported owing to the fact that growers are asking 50c a pound and better while quality is mostly poor.

## GRIDIRON STARS ON MINOR TEAMS

Players Not on Big Elevens Who Helped Make 1911 History

## SPRACKLING BROWN'S STAR

Quarterback of Providence Boys, One of Best in Position—Miller of Penn State Another—Thorpe of Carlisle One of Greatest of Halfbacks.

Few minor league baseball players are known beyond their own small circuits until grabbed up by the majors. When, if even for a short time, they jump into almost national prominence, in which respect they "have it on" any number of footballists, who, however great they may be, seldom attract a great deal of attention from the masses unless they are fortunate enough to be on a team that manages to whip a member of the "big four."

There are rifts of players unknown to the general run of football fans, but who if given the chance probably would make good with any of the group from which the champion elevens are invariably drawn.

There isn't a doubt that Sprackling, quarterback and captain of Brown, could grab any quarterback position in the east, with two possible exceptions. Yale, with Howe, and Penn State, with Miller, might think a long time before assigning Sprackling to the position, yet at Yale the appearance of just such a man as he might result in Howe being shifted to one of the halfback positions.

## ACHIEVED WITH THE FORWARD PASS

Captain Very of Penn State works at most as well with Miller. These two like their teammates, could grab each lar positions on any team.

Two other quarterbacks of more than average ability—Captain Four of Syracuse and Welsh of Carlisle—have been playing considerable football this year. Welsh ran something like 100 yards for a touchdown in the Penn Carlisle game recently and was so successful in picking the weak spots in the Penn defense that he was never once forced to reveal the full strength of his team's attack.

Fogz earned his spurs against Michigan a few weeks ago, his generalship going a long way toward enabling Syracuse to hold a better football team to a tie score. He is not as artful a runner as Sprackling, Miller or Welsh on a broken field, but he is a swifter line plunger, running from his position.

Halfback Thorpe, the mainstay of the Carlisle Indians, is rated one of the best halfbacks in the country. Some critics have labeled him the greatest of the year, as an all round performer. J. Weelock, his running mate, is almost as effective. If any thing he is a better man to play on an end run, but does not hit the line as heavily as Thorpe and is nothing like so good a kicker.

A substitute halfback on the Williams team. Another by name, is of record as having made the longest run of the year in a game against a "big" eleven. In the Cornell-Williams clash he grabbed up a kickoff on his own five yard line and ran 105 yards to a touchdown. Only once in the history of football has that run been equaled at Cornell and not this year at all on any gridiron.

## DIVERS' MADNESS

An Australian pearl diver says that one of the strange effects of diving is the inevitable and tender felt while working at the bottom of the sea. As this usually passes away as soon as the surface is reached, it is probably due to the pressure of the air affecting the brain. The exhilaration and good temper of the mountain climber are contrary feelings from an opposite cause. A diver becomes so angry at some imaginary wrongdoing on the part of those in the boat above that he gives the signal to be pulled up, "with the intention of knocking the heads of the entire crew," only to forget what he came up for when the surface is reached.

## PRIMOGENITURE

The law of primogeniture sends back its roots to the most ancient times. Away back in the patriarchal ages the first born son had a superiority over all his brethren and in the absence of his father was in every important sense the head of the house. Upon the death of the father he became the heir to the property as well as the honors of the household.

## A LESSON IN MUSIC

A household much given to music comprised three daughters, who played the piano well and shrewdly. At the regular Sunday afternoon gathering a musician of retiring manner was present, and after the daughters had galloped for awhile he was asked to play. He chose one or two compositions designed to show the feeling of the pianist rather than the resources of technique. When he had finished one of the young women said: "You play very well. Who was your teacher?"

"With a modesty that was almost painful he answered: "My last teacher was the Abbe Liszt."—Chicago Post.

ON the Map. An Irishman called in at a Chinese laundry and found the proprietor counting his collars. "Be jabers," said he, "you're a funny lookin' man—you've the horse's mane hangin' down your back. And where—oh, where—do ye come from?"

Dandruff and Itching Scalp Yield to Zemo Treatment. Why should you continue to experiment with salves, greasy lotions and fancy hair dressings trying to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a PROVEN REMEDY? One that will rid the scalp of germ life and in this way will cure DANDRUFF and ITCHING SCALP. This remedy is ZEMO, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with ZEMO (ANTISEPTIC) SOAP and one application of ZEMO will entirely rid the scalp of dandruff and scurf. Do not hesitate but get a bottle of ZEMO today. It acts on a new principle and will do exactly what we claim for it. Sold and endorsed by the Huntley Bros. Drug Store.

## LIVE STOCK MARKET GROWING STRONGER

The Portland Union Stock Yards Company reports as follows: Receipts for the week were 955 cattle; 110 calves; 1957 hogs; 3055 sheep and 10 horses.

In the face of holiday conditions the market for cattle strengthened. There was a snappier tone than was expected. Steers sold at \$6.70. One car lot of spayed heifers sold at \$5.40, cows were in active demand at good prices; calves sold at \$7.50, and bulls, which are in constant demand, sold at \$4.25.

Hog receipts were made up entirely from territory tributary to this market and prices were strong, being from 5c to 10c higher than the previous week. The quality of hogs was good in almost every shipment, except a few which were over the desirable weight. The opening of a new territory by the railroad was evidenced in the receipts of a shipment of hogs from Tillamook.

Sheep receipts were moderate and the market was fairly strong. One lot of yearling wethers, medium quality sold at \$4.40. Receipts for the month of November, were 7973 cattle; 937 calves; 9020 hogs; 24,915 sheep and 301 horses.
