WHERE DOES THE WEST BEGIN?

At the outset of the journey by special train of the governor of Northwestern states to make their section better known in the Eastern and Central states the important question is raised as to the dividing line. A statesman noted for never fully committing himself was once asked, to test his caution, if the sun rises in the east. He replied the east and west are relative terms. In a certain sense this view is correct, and by no means a recent discovery. Alexander Pope wrote over a century and a half 'Ask where's the North? At York 'tis on the Tweed; in Scotland at the Orcades; and there, at Greenland, Zembla, or the Lord knows where." Thomas H. Benton reached the level of prophetic and majestic poetry when, pointing across the plains and the Pacific, he suggested that there is the East and India. The governors are unable to agree as to where the East begins, and severally place it all the way from Pittsburgh to Denver. One proposes the line of the Mississippi River, another that of the Missouri. Oregon's governor would give it a monumental marker at Pike's Peak.

DICKENS AND AMERICA.

Disraell put an old idea into few words when he said: "You know who the critics are?-the men who have Dickens was one of the world's most successful men in literature and, at the close of his days, more in demand on the lecture platform than any other man in history. He can not be dis-missed curtly as a critic who had missed the mark in a creative field, says the St. Louis Glob-Democra'. What he wrote about the United States after a few months of observation has been disproved in some Buying for the export trade was respects, but there was enough of the feature of the hop market Satwholesome truth in his presentment urday and the heaviest buyer was Sweigle's Donation Land Company to call for an acknowledgment sixty ceeded 1,000 bales. It was a solemn and awful Woodworth lot of 40 bales at Sherthing to see." To some extent it is wood for 42 cents. The Steinhoff lot still visible.

Sensational newspapers of the keyhole variety were another prominent theme of the novelist. It can not be said that they are entirely extinct. Spread-eagle conversation and oratory were exaggerated, and are not much in evidence today. As for land sharks they are not confined to any one count Electric Hotel: try or race. England has had its South Sea bubbles. What Dickens saw Sproul, A. Stegeman, R. J. Murry, L. in the prairies of the West was P. Lowe, Buil Run; H. Wenger, Sa-lem; A. Bengle, Marquam; L. H. Judd, swamps and disappointed homeseek- Molalia; W. R. McDonald, Mrs. D. ers stricken with missma. His lock Andrews.

ahead in that regard was a blind mistake. The United States in the day of Martin Chuzzlewit had a population of 20,000,000. Now the number exceeds 90,000,000. One of the chapters of Chuzzlewit has a quotation H. B. Perine, 296.85 acres of section from a traveler of literary note who 28, township 3 south, range 1 east; referred to Columbia as "Rank \$1.00. min, crude at the surface, rotten at ship 1 south, range 5 east; \$5. points emphasized by Burns.

M'NAMARAS CHARGED

PHILADELPHIA, Dec. 6 .- The Ma Namara brothers were responsible for explosions here which damaged structural iron works of several building operations, according to William J Burns, the detective, who today ar rived in Philadelphia from Cleveland. "Yes," said the detective, "I am

positive that both of them were resconsible for the explosions here on structural iron works during the last few years, and others are implicated. Mr. Burns says the investigation here involved the explosion which oc curred about a year ago in the cafe of Harry Edwards, a fight promoter, which was being reconstructed, and another that damaged the iron being placed in position for the Philadelphia Rapid Transit Company's elevated road on Delaware avenue and on Market street. This work was being done by the American Bridge Company.

In these explosions no person was killed or injured. Following the explosions sticks of dynamite were found in an alley near the building of the Pittsburg Plate Glass Company, in the center of the city.

Burns says he was knowledge that one of the McNamaras was registered sion in Edwards' place occurred. He also said that Ortic McManigal told to blow up a railroad bridge, but when he found the structure was near sev eral tenement houses he feared there Cor. Main and Fourth Sts.
