

RUSSIANS TAKE BESIEGED TOWN

COMBATANTS DISPERSED AND LARGE PROPERTY LOSS IS REPORTED.

AMERICAN FLAG IS CUT BY SHELL

Whole City Bombed and Supporter of Ex-Shah Receives Sur-render of Progressive Leader.

TABRIZ, Persia, Dec. 29.—A nine-day siege of this city by the Russian troops has resulted in its complete occupation by the Russian forces and the dispersal of the combatants belonging to the constitutional progressive party or Fidsals.

In the fighting an enormous amount of damage to property was done and the American flag floating over the United States Consulate was shot down by a Russian shell.

Reports of atrocities said to have been committed by both sides are entirely unfounded, the mortality among the native non-combatants being small.

The Russians alone were the object of the operations of the Persians, who displayed no resentment whatever against other foreigners.

A collision between Russian guards and Persian constitutionalists during the night of December 29 was the beginning of the disturbances.

AGRICULTURAL SCHOOL AND "U" MAY UNITE

SALJEM, Or., Dec. 29.—That the move to initiate a bill for the consolidation of the University of Oregon and the Oregon Agricultural College has received a decided impetus as the result of the recent opinion of Judge Galloway in the University of Oregon referendum case.

"I am taking no personal interest in this move myself," he said, "because I have other troubles of my own. But I am satisfied that the recent opinion gave the move a big impetus and I am also satisfied that such a measure will go on the ballot."

"Will it carry?" he was asked. "Two to one and perhaps then some," he replied.

The move, it is understood, is being largely fostered by H. J. Parkinson, who figured prominently in circulating the petitions for the University of Oregon referendum and is also receiving some support in labor circles and is reported to have behind it the support of a few school teachers.

"FIGHTING BOB" DIES SUDDENLY

ADMIRAL EVANS, STRICKEN WITH INDIGESTION, LIVES ONLY THREE HOURS.

HEALTH EXCELLENT BEFORE ATTACK

Washington Shocked By Tragic Ending of Career of Famous Fighter of Seas.

WASHINGTON, Jan. 3.—Rear-Admiral Robley D. Evans, "Fighting Bob," to an admiring Nation, died suddenly today at his home in this city.

Admiral Evans arose today apparently in better health and spirits than he had enjoyed in some time. For years a sufferer from old wounds sustained in the Civil War and from recurrent attacks of rheumatic gout, the aged fighter seemed to have shaken off the burden of his advancing days.

When in his library at 2 o'clock the Admiral was stricken. His family sent instantly for Dr. S. S. Adams, who on arrival found him in great pain.

"I cannot get my breath," he said and sank back. At 4:45 o'clock he died, conscious to the end.

At his bedside were his wife, his daughter, Mrs. H. I. Sewall, and his daughter-in-law, Mrs. F. T. Evans, wife of the Admiral's only son, a Lieutenant-Commander in the Navy and now on duty on the torpedo-boat destroyer Monahan at Boston.

The news spread with great rapidity and caused a profound shock in official circles. President Taft was one of the first to express his grief and condolence.

Admiral Evans was one of the most successful squadron commanders we have had in the Navy for a long time said the President. "He was a rigid disciplinarian of quick decision and admirably advised in the intricacies of machinery on cruisers and battleships and skilled in drilling them. I am very sorry to hear of his death."

Admiral Dewey was so overcome that he could utter only a few words.

WOMEN IN PANIC ON BURNING SHIP

LIFEBOATS MADE READY BY THEM ON YOSEMITE, WHICH IS THREATENED.

FLAMES EXTINGUISHED BY CREW

Ship Reaches Port in Safety and Passengers Tell Story of Thrilling Experience in Gale.

SAN FRANCISCO, Dec. 28.—Panic among twenty-four passengers, two of whom were women, on the steam schooner Yosemite followed a fire which started in the gallery of the vessel off Trinidad Point.

The deckload showed evidence of the fire on the port side, where the flames had crawled along the pine lumber.

The passengers were in a wild state of excitement and several of them, who had equipped themselves with life-preservers, tried to jump overboard.

Mrs. M. H. Deane and Mrs. S. Carson, of Portland, bound for San Pedro, tried to launch one of the lifeboats in a heavy sea and were restrained by the second officer and the chief steward.

REVENGE IS SWEET

By ELMER WINSTON Copyright by American Press Association, Ill.

She was an incorrigible flirt. At last, having declined a number of suitors, she became engaged to a multimillionaire, and her mother determined that she should not have a chance to throw over the opportunity.

An aunt agreed to take her to her summer residence, open it and live there with her during the season of her captivity.

There was a little lake a few hundred yards distant, just outside the walls of her prison grounds.

A man was skating on the lake. She arose, dressed herself in a becoming skating costume, took up a pair of skates and went to the lake.

Where had she heard a voice like that? She looked up into the young man's face, and behind a stubble beard of five or six days' growth she saw something that reminded her of some one she had seen before.

She was turning away when she struggled or pretended to struggle with a lame ankle.

It was the beginning of the ice season, and for several weeks there was good skating.

By and by she got to talking spoony with the countryman and told him her story.

She cried all that night. All the butterfly had gone out of her under a case of real love.

She had his revenge, and she was very mad.

CALIFORNIA BUYING SEED POTATOES HERE

California is again buying seed potatoes in this territory. Sales of American Wonders are again reported at nearby Willamette Valley points.

As a rule shippers are offering \$1.50 per cent for this variety, but it is able around \$39 to \$40 a ton demand for feed is at a standstill and quotations are nominal.

With the coming of rains in the south, the ground has been placed in a condition for immediate planting.

The American Wonder seems to be the favorite at this time. The fact that it is an early grower and of very good quality has placed it in the front rank in the south within the space of a few years.

OATS MARKET HAS SLIGHT UPWARD TURN

Oats market is quite easy and nothing above \$29 a ton is now being bid for No. 1 white. Buyers are offering to sell at this time around \$39.

While the barley market is firm for brewing, with nominal supplies available, the market for feed is at a standstill and quotations are nominal.

Wheat market is quiet. The change in the situation in South America, the better weather there and the lower price quoted abroad as well as Buenos Ayres is having its effect here.

Twenty-five cents is now being freely offered for the best growths of the coming hop crop at Willamette Valley points.

While a few growers have signed up, the bulk of them are not disposed to tie up their prospective holdings in anticipation of better prices to come.

The market for spot hops is holding rather firm, although dull over the holidays. There has been practically no business abroad during the past week and naturally this is reflected on this side owing to the fact that foreigners have been to date the best buyers of the Pacific Coast 1911 product.

Great efforts are again being made to secure contracts on the coming hop crop at Willamette Valley points.

Twenty-five cents a pound is now being freely offered for these growths for 1912 delivery.

Growers are not anxious to let go and practically no business is at present resulting.

Not only are foreigners trying to contract American hops for the coming season, but American brewers are getting on the anxious seat.
