

Relief from Rheumatism

Try Sloan's Liniment for your rheumatism—don't rub—just lay it on lightly. It goes straight to the sore spot, quickens the blood, limbers up the muscles and joints and stops the pain.

Here's Proof

Mrs. JULIA THOMAS of Jackson, Cal., writes: "I have used your Liniment for rheumatism with much success."

MARTIN J. TUNIS, 169 16th Ave., Easton, N. J., writes:—"I was a cripple with rheumatism for two years and I could not move at all; had to be carried from place to place. I tried remedies and could not get better, until I tried Sloan's Liniment. One bottle fixed me up in good shape and now I always have a bottle in the house for my wife and children."

PUPILS TAUGHT TO AID PARENTS

(Continued from Page 1.) for home work, not school work done at home, but all kinds of honest work a country girl or boy can find to do. Pupils were given five minutes for milking a cow, five minutes for lighting a fire, five minutes for sleeping in fresh air, five minutes for taking a bath, and so on through the long list of common duties incident to home-life and country. The rule of the school is if any pupil who has earned six hundred minutes may have a holiday, at the discretion of the teacher. If the pupil asks for a holiday to use for some worthy cause the teacher grants it providing it will not interfere too much with his school work. It is further provided that no pupil may have more than one holiday in twenty days.

Space will not permit my giving a more detailed account of the plan. I trust that enough has been given to show the principle involved. The teacher was subjected to volley after volley of questions from the superintendents, but was able to answer all of them with alacrity. The chairman called upon the parents to give their testimony as to the success of the movement. I cannot write here all that was said, but will give two as fair samples of all. One good motherly looking country woman said "before this plan was started I got up in the morning and prepared breakfast for the family and after breakfast gave time to the preparation of the children for school. Now, when morning comes the girls insist upon my lying in bed so that

they may get breakfast. After breakfast they wash the dishes sweep the kitchen, and do many other things as well as make their own preparation for school. I think the plan is a success. My only fear is that it will make me lazy." One father said, "I have two boys—one in the High School and Jack here. It was as hard work to get the older boy out in the morning as it was to do the chores, and as Jack was too young to be compelled to do the work, I let them both sleep while I did it. Now, when the alarm sounds, I hear Jack tumbling out of bed and when I get up I find the fires burning and the stock at the barn cared for, so all I have to do is to look happy, eat my breakfast, and go about my business. Yes, it is a great success in our home."

At this point Superintendent Alderman said, "Jack, stand, we want to see you." Jack, a bright, manly appearing country boy of fourteen years stood blushing, while we looked our appreciation. One man told of the many things his daughter had done, "whereupon, it was suggested that she might do so much that her health would be in danger. A pleasant smile flitted across the face of the father as he said, "daughter, stand and let these men see if they think you are injuring your health," a bright, buxom, rosy-cheeked girl—the very picture of health and happiness arose while we laughed and cheered. To the question "does this work interfere with the work of the school?" The teacher pointed to the record of the school in a spelling contest that is being conducted in this country and read "100 per cent for this month, 98.12 per cent for that" and said, "no I find that the children have taken more interest in their school work and are making more progress than before."

When alone, after time for reflection, I thought, "one swallow does not make a summer" and one school does not prove that this is a good plan. In Spring Valley the conditions are ideal—a board of directors who do their duty, a citizenship that is far above the average, girls and boys from well-ordered homes of a prosperous people, a teacher who would succeed anywhere with half a chance, a wide awake, sympathetic county school superintendent, and yet I thought if this is good for Spring Val-

LA FOLLETTE BOOM NO LONGER JOKE

TRIP OF SENATOR THROUGH OHIO MAKES HIM FACTOR IN RACE.

ANTAGONISTS NOW RESPECT HIM

Senator Bourne Has Interview With Sage of Sagamore Hill—"Democratic Year" is Called Fallacy.

WASHINGTON, D. C., Jan. 5, (Special).—While President Taft is represented as believing that Ohio is no longer to be considered a "western state" when it comes to casting up his fortunes in a political way, he drew the crismson, and while many prefer to believe that his present campaign is more of a qualifying round for the fight to come four years hence, he is making a great showing with his present organization. At any rate, he has added testimony to that of other big politicians that Ohio is a State which has almost a preponderant influence on the final result. That he goes from Ohio to Michigan, Illinois and Indiana in no way weakens the strength of his statement, but rather adds to it. Later in the season the Senator from Wisconsin will invade territory regarded as more friendly to him, probably taking in Oklahoma, Kansas, Nebraska, Iowa, the Dakotas and Minnesota. President Taft's decision to follow LaFollette through Ohio only adds to the feeling of pleased importance that respect of that State may be supposed to enjoy.

GLADSTONE FIGHTS FOR LOWER FARES

(Continued from page 1.) cell and property owners liable therefor, think wise to commence the same. Third—I am in favor under like conditions of the improvement of Dartmouth street, from Portland avenue easterly to Yale avenue, and to the County road if thought best, at least to the extent of grading the same and laying a sidewalk on one side of the street. Fourth—I find myself in hearty accord with the last council in their effort to obtain a stopping place for passenger cars at Hereford street, and will cheerfully co-operate with the present council to bring to pass. Fifth—I am not satisfied with the present railroad rates from Gladstone to Oregon City and Portland. For some reason not consistent with justice or common sense, the late effort to have fares reduced on the motor line has actually resulted in having our rates raised to Oregon City. While other points received substantial reductions we were treated with scant courtesy. I am in favor of pressing the matter in season and out of season for a twenty-cent round trip rate by book from Gladstone to Portland and a return to the six cent round trip rate by book to Oregon City, which we had for so many years. The report of the Recorder on file shows that warrants from one to 44 inclusive have been issued during the past year, and aggregating \$47,211. No cash has been received. A five mill tax on all property in the city was levied on the 9th day of December, 1911, by Ordinance No. 26, and returns thereon may be expected this present year. The probable receipts therefrom will amount to about \$1,350.00. I ask the most scrupulous economy in all expenditures. Let us be liberal where it pays to be liberal, and at all times conservative.

TWO FIGHTING FOR GLADSTONE OFFICE

The Morning Enterprise received the following Wednesday: "To whom it may Concern: Take notice that I, J. K. Pardee, am the duly elected and qualified acting treasurer of the City of Gladstone, Or., and that the warrants of the City of Gladstone will not bear interest until registered by me." "J. K. PARDEE, Treasurer of the City of Gladstone, Or." J. C. Paddock was sworn in as treasurer at the council meeting in Gladstone Tuesday night. Both men, it is understood, will make a fight for the office.

RUEF'S PAROLE IS PUT IN JEOPARDY

SAN FRANCISCO, Jan. 5.—Plans of friends of the Ruef, San Francisco's former hoodie political boss, now serving a term in prison for bribery, to obtain a parole for their man, received a serious set-back today when contradictory articles were discovered upon Ruef's person in prison, following the visit of a friend outside the prison gates. The guard, who said he made the customary search of the prisoner upon his return to his cell, has been discharged, and the little boss is held strictly incommunicado in his cell. Ruef is eligible to parole on March 12, after having served one year with good behavior. It is problematical now whether his action in breaking prison rules will permit his release. The articles found were only some chocolates and newspaper clippings, but the innocence of their character does not mitigate the offense in the eyes of prison officials.

LOS ANGELES, Jan. 5.—Two sticks of dynamite, taken into court in a handbag by a woman detective, were placed on exhibition today in the trial of Bert H. Conners, one of the three union men indicted on the charge of having conspired to dynamite the County Hall of Records. The explosives and a long section of fuse and several caps were carried into the courtroom by Miss Eula Hitchcock, a detective attached to the District Attorney's office. The three men, G. Ray Horton, the Deputy District Attorney, who was prosecuting Conners, Horton showed them to Alexander Galloway, formerly Chief of Police in Los Angeles, who identified them as the same that were shown to him September 9, 1910, and which were found in an alley adjoining the Hall of Records.

ROOSEVELT AND TAFT IN ACCORD

REPORT THAT PRESIDENT REFERRED TO WITHDRAW FOR COLONEL.

GENEROUS REPLY IS SENT AT ONCE

Former Occupant Of White House, However, Says If He Is Favored He Will Make Race.

OYSTER BAY, N. Y., Jan. 10.—Close friends of Colonel Roosevelt here say that a fair and well-understood working agreement has been arranged between President Taft and himself. It is declared by one informant that Colonel Roosevelt several weeks ago received a letter from President Taft saying, in substance, that he did not want to run again and was perfectly willing to relinquish all claims to a second term, providing Colonel Roosevelt would take the field as a candidate. The generosity of President Taft's offer produced a tremendous effect on Colonel Roosevelt. It aroused all the chivalrous impulses of his nature. His reply was quick and to the point, namely, that under no conditions would he stand in the way of the President's boom. He let it be known, says the informant, that if the people of the country wanted Taft for another term, it would be well as far as he was concerned, if Taft should be nominated, well and good. If otherwise and the convention should decide for Roosevelt, then it would be right to accept. With this understanding amicably agreed to, says the author of the story, Mr. Taft then announced that he was a candidate and that only death would prevent his continuing in the race. Colonel Roosevelt also continued to emphasize that he was not a candidate, thus leaving a free field for President Taft and his campaign. This is why he is so insistent that his name shall not be used by his friends with his consent. In other words, Colonel Roosevelt's plan is to do nothing or say nothing that could even faintly be construed as seeking a nomination at the June convention. It is also said that his plan of campaign is so satisfactory to both men that they are watching the growth of public sentiment.

CABINET OF FRANCE RESIGNS SUDDENLY

PARIS, Jan. 10.—The downfall of the Caillaux Cabinet came suddenly tonight. It was logically due, however, because of the failure of the Premier to obtain timber to complete a political combination. The resignation last night of the Foreign Minister, Justin Deselves, was followed by a dramatic scene at the meeting of the Senate committee, when M. Deselves declined to back up the Premier in his statement regarding recent negotiations regarding Germany and France, resulting in immediate dissolution in the Cabinet. M. Caillaux announced to President Fallieres the retirement of himself and colleagues. Among the names mentioned as most likely for the new Cabinet are M. Delcasse, Bourgeois, Raymond Poincaré, Millerand, ex-Premier Briand and possibly ex-Premier Clemenceau.

WASHINGTON, Jan. 6.—New Mexico the 47th state to enter the Union, ceased to be a territory at 1:35 today when President Taft signed the proclamation of statehood. U. S. TAKES CUSTOMS TO SECURE MORGAN

SAN FRANCISCO, Jan. 4.—The United States Government has taken over the Nicaraguan custom-houses and Colonel C. G. Ham, of New York, has been placed in charge. Accompanied by Francis Capel Harrison, representing Great Britain, and Charles A. Conant, representing the United States, who are commissioned to re-adjust the currency of the Central American republic, Colonel Ham was landed by the Pacific Mail liner City of Sydney at Corinto, December 23. Colonel Ham took immediate charge of the custom-house at Corinto and will also take charge of the customs at Bluefields and Managua. The movement was made, it is said, to secure the \$10,000,000 loan recently made to Nicaragua by J. Pierpont Morgan.

DEFENSES CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one safe and sure defense, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or roaring in the ears, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free. Sold by Druggists. J. J. CHEESEY & CO., Toledo, O.
