

FOR WOMEN ONLY.

That is the nature of Dr. Pierce's Favorite Prescription—the one remedy for women which contains no alcohol and no habit-forming drugs. Made from native medicinal forest roots, Dr. Pierce tells its every ingredient in the bottle-wrap. Prominent physicians and some of the best medical authorities endorse these ingredients as being the very best known remedies for ailments and weaknesses peculiar to women.

This is what Mrs. GENEVIE K. COFFEY, of Longstreet, Ky., says: "I feel it my duty to write and tell you what your medicines have done for me. I was a great sufferer for six years from a trouble peculiar to women, but I am thankful to say, after taking four bottles of your 'Favorite Prescription' I am not bothered with it. When I first wrote you more, I feel like a new woman. When I first wrote you for advice I only weighed 115 pounds—now I weigh 135. I thank you very much for your kindness. You have been as a father to me in advising me what to do, so may God bless you in every effort you put forth for good. I hope this testimonial will be the means of some poor suffering woman seeking your health."

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.
