Professor Howard James, principal of the Estacada school, presented "Faults and Excellencies of the Oregon School System." He commended the supervision of rural schools, pointing out that the supervisor has a large field for his work in oversee ing the schools and especially in im proving the equipment and sanitary conditions. This plan would also enable the teacher to instruct objectively in agriculture. High schools should be within travelling distance of all students who are ready for the work,that is, high schools should be very numerous in Oregon, she declared.

A quartet of High School girls of Estacada sang very sweetly, "Hark to the Mandolin." The quartet consisted of Rachel Reed, Myrtle Woodle, Nina Taylor and Lena Harkenrider.
