DOMESTIC SCIENCE COURSE POPULAR |

PUPILS RECEIVE INSTRUC-TIONS IN COOKING AND 100 IN SEWING.

COST SMALLER THAN WAS EXPECTED

Coal To Be Tried To See If It Is Cheaper Than Wood For Heating-High School Grounds To Be Beautified.

The popularity of the courses in domestic science and art in the Oregon City High School is attested by the records of enrollment in these branches of work, there being 165 pupils receiving instruction in cooking and 100 in sewing, according to the report of City Superintendent Tooze, submitted to the board of school directors at its regular monthly meeting Monday night.

Students from the advanced grades, as well as from the high school, are admitted to these courses, the grade pupils going to the high school building for instruction. mere triflie compared with the benefits derived. In the cooking school the cost per capita is 28.1 cents and in the sewing classes the cost is 4.15 cents per student. These courses were instituted only last fall when the new high school building was first occu-

The hoard of directors disposed of a huge grist of routine business Monday night referring the proposals for fuel to the fuel committee. The bids for wood range from \$3.65 per cord to \$4.15, and it is probable that coal will be tried out in one of the buildings to determine if a saving can be "Huntley Bros.
