

Housework Drudgery!

Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription, and as Mrs. Briggs and others testify:

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weakness, builds inflammation and ulceration, regularizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any druggist persuade you that his unknown composition is "just as good" in order that he may make a bigger profit.

Mrs. BRIGGS, of 529 N. Washington St., Delphos, Ohio, writes: "Having taken your 'Favorite Prescription' for a bad case of intestinal disease and constipation with woman's ills, for which I was almost unable to do anything, I think I am safe in saying that there are no remedies in the world like Dr. Pierce's Favorite Prescription and 'Purifying Lotion Tablets.' I am now enjoying the best of health, and thank Dr. Pierce for his wonderful medicines which have done me a world of good."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

MOLALLA.

Clackamas county's part of state highway paralleling the Southern Pacific railway through the roughest section of the county, will not give the automobile sight-seer a very good impression of our county. As the proposed highway seems to be largely constructed for the interests of the automobile organizations and people who will have the time to wear out the highway while the producer is wearing his finger nails to the quick to produce his part of the highway tax, and yet has not got his "spuds" to market until he struggles through the mud 10 or 12 inches to reach the "highway." By all means, build the tributaries first as fast as the branch roads can be paid for, then connect up the several completed systems or sections by the highway if required.

While a very good and important branch tributary to the Pacific highway, extending from Willhoit to Oregon City, through the Molalla valley, and the heart of Clackamas county, would be a road that would greatly benefit automobilists and tributary producers, yet would be in direct competition to the Clackamas Southern Railroad's future business, and all the tax payers of the county might not cheerfully agree to shell out the money to build such roads, if they were willing to admit that it would pass through the best part of Clackamas county. The writer can almost now hear the east and north-landers say: "Why tax us to build their road to Willhoit? As we have neither team nor automobile, when we want soda water to drink it would be much more convenient for us to take the Clackamas Southern, go and return free from all trouble and dust."

The Men Who Succeed

As heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It is utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

LOSES HUSBAND, GEMS AND MONEY

FORMER PUBLICITY MANAGER OF ASTORIA CENTENNIAL MISSING

JOHN DAY IS ACCUSED OF ROBBERY

Worthless Checks Said To Have Been Given By Man Who Leaves Behind Unpaid Board Bills.

LOS ANGELES, Cal., Feb. 28.—Charlotte Adkins Day is mourning the loss of her husband, John Day, but she mourns more seriously the loss of her diamonds and several hundred dollars, the savings of twenty years of labor.

John Day, who was publicity manager for the Astoria, Or., Centennial in 1911 and later for the Salem, Oregon, State Fair, and the Shriners' show in Salem, met, wooed, won, wed and robbed her within a few days, her friends declare.

The deserted bride cannot be found, although it was learned late tonight she is at some beach resort near Los Angeles and is in retirement until she recovers from the shock of her desertion.

The Alexandria Hotel, where Day lived while here and where he and Miss Adkins were married a week ago last Saturday night, holds two worthless checks on a Portland bank for \$50 each signed by Day, and an unsettled hotel bill of \$109 charged against him. Day dropped out of sight last Wednesday and no trace of him has been found.

Both Day and his bride are 24 years of age. Miss Adkins has been working since she was a child of 14 years as an office girl for Dr. A. C. Humelbaugh, a dentist with offices in the Ramona block.

She was economical and when she had a few hundred dollars saved, after years of toil, she was advised to invest it in diamonds. This he did and

was possessed of several really good stones, as well as other gems of less value.

She continued to save and when she met Day had nearly \$1000 in the bank. Miss Adkins met Day at 1815 Lexington avenue, the home of Mrs. A. N. Ferris, wife of a dentist, who had met Day once in Salem and on whom Day called when he came here.

Mrs. Ferris said she knows little about either Day or the girl, having met neither of them many times. She knew of the meeting and of the wedding, but nothing more, she said.

DOUBLY PROVEN.

Oregon City Readers Can No Longer Doubt the Evidence.

This Oregon City citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Theodore Hueth, Park Place, Oregon City, Ore., says: "I found Doan's Kidney Pills to be just as represented and I consider them worthy of endorsement. For a long time I suffered from lameness across my back and there was a steady ache over my kidneys. The trouble was not severe enough to lay me up but it caused great distress, especially when I stooped or lifted. On a friend's advice, I was finally led to use Doan's Kidney Pills, procured from the Huntley Bros. Drug Co. and they removed every symptom of my trouble."

(Statement given January 27, 1906.)

A Permanent Cure.

In April, 1910, Mr. Hueth added to the above: "The statement I have previously given in favor of Doan's Kidney Pills still holds good. This remedy effected a permanent cure in my case."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Many Driven From Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and \$1.00 Trial bottle free. Guaranteed by all druggists.

We Buy in Car Lots Poultry Fencing

One or two generations ago poultry roamed at large but we have gradually found out that this did not pay. The farmer who reads the magazines knows that today many a chicken farm of a few acres pays a bigger profit than a big farm did a few years ago. Every farmer keeps chickens because it pays and it will pay lots better and the farm will look better if they are kept in the poultry yard. They are about the most profitable animals on the place and less expensive to keep them.

Enough of our poultry fencing to keep your fowls properly will cost very little and will be the best investment you ever made.

We have this fence in 1 to 6 feet heights
