There have been a lot of stories written about the freak plays of Ty Cobb and other stars, but nothing they ever did in that line compares with the feat of Frank McNichols, according to Jimmy Callahan. Callahan told of it recently. Cal was one day playing short

for the Logan Squares, with Mc-Nichola on first. Owens was umpiring in the center of the \$ 4.65 Cis Pratt 1.20 : diamond and had unwittingly dropped a ball. Chick Fraser, who was pitching, sent a fast one to the batter. He hit it. The ball jumped by Fraser on the ground and hit the lost ball behind the box. The hit ball jumped to Callahan at short. and the other ball went to third, where the player there corralled it. Both fielders tossed fiercely to first base, where Frank Mc-Nichols was stationed, Calla-han's throw was wide and to the right of the first baseman The third baseman's throw was low and to the left of the play-ing line. McNichols got them · both.
