For The Nervous Woman,

Or the woman who experiences hot flashes nothing is so good to soothe, quiet and calm the nervous system as a pure glyceric extract of native medical plants, and made without alcohol, which has been sold by druggists for the past forty years, and most favorably known as Doctor Pierce's Favorite Prescription. In younger years some women suffer from dizziness, or fainting spells, hysteria, headache, bearing down feelings and pain. All these symptoms of irregularity and female disturbance are relieved by the use of this famous "Prescription" of Doctor Pierce.

As a powerful, invigorating tonic "Pavorite Prescription" imparts strength the whole system, and in particular to the organs distinctly feminine. For over-worked, "worn out," "run-down," debilitated teachers, milliners, dressmakers, scamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, it is an excellent appetizing cordial and restorative tonic.

"My disease was called retroversion," writes Mns. Lynta McDonAld, of McCosta, Mich., Route I. "I had nervous chills and numb spells
and they would leave me very weak. Then I had inflammatics and the
dector said I had a floating kidney. I doctored seven months with our
family physician. He said I would have to have an operation. Then I
stopped taking his medicine. After taking three bottles of Dr. Pierce's
medicines I have not had any nervous chills or weak spells. I am better
than for years.

if for years.

"My daughter is now taking the "Prescription" and Dr. Pierce's len Medical Discovery, also the "Pellets" for nervousness and weak, d feeling. These remedies have helped her ever so much in a short of We have great faith in your medicines for female troubles.
