MISS MCKINNON BECOMES BRIDE

POPULAR YOUNG WOMAN AND CARLETON BARLOW HARDING MARRIED

RECEPTION FOLLOWS CEREMONY

Bridegroom Son of Prominent Oregon City Resident And Engineer Of Oregon Electric Company

PORTLAND, April 17. (Special)—One of the prettiest weddings of the season was solemnized Wednesday evening at the First Presbyterian church when Rev. John H. Boyd officiated at the marriage of Miss Letty McKinnon, daughter of Mr. and Mrs. J. D. McKinnon, of 509 East Salmon Street Portland, and Mr. Carleton Barlow Harding, second son of Mr. and Mrs. George A. Harding of Oregon City. The ceremony took place at 8:30 o'clock, and was attended by about 250 persons of Oregon City and Portland, and was followed by a reception at the home of Mr. and Mrs. Adrian McCallman of King's Heights, Mrs. McCallman being a sister of the bride.

Proceeding the ceremony Mrs. Imogene Harding Brodie sang "Love and Springtime" and her rich contralto voice was never heard to better advantage. She was followed by Lohengrin's Wedding March rendered by Prof. Edgar E. Courson, when the bride and groom were graciously held in place by the ushers, Lewis A. McArthur, of Portland; Kenneth C. Miller, of Sheridan; E. B. Mitchell, of San Francisco; Lloyd D. Harding, of Oregon City, brother of the bridegroom, followed by the bridesmaids, Miss Francis Jefferys, of Portland, and Miss Nieta Harding, of Oregon City, who were gowned in white and wore lace over white and carried sprays of apple blossoms.

The maid of honor, Miss Margaret McKinnon, sister of the bride, wore white lace over pink mesaline and carried apple blossoms. The bride escorted by her brother, James McKinnon, of Portland, was beautiful in her gown of white embroidered marquisette over white satin. She wore a long veil, which was gracefully held in place by lilies of the valley. A beautiful sunburst which she wore was a gift of the bridegroom. As apple blossoms were the only flowers used at the wedding the bride carried sprays of the pink and white blossoms. At the altar the party was met by the bridegroom and his best man, George Lee Harding. During the marriage ceremony Prof. Courson rendered impressively a musical selection and as the bridal party passed out of the church Mendelssohn's Wedding March was played.

The interior of the church was a bower of beauty with its decorations of palms and apple blossoms. The many young friends of the bride residing in Portland showed much artistic taste in arranging the flowers and evergreens. The home of Mr. and Mrs. Adrian McCallman, was very attractive with its decorations of palms and cutflowers. About 150 attended the reception, those being the intimate friends and relatives of the bride and bridegroom. Many handsome gifts were received by Mr. and Mrs. Harding. The bride presented her attendant with beautiful necklaces of pearls from Italy, and the bridegroom presented his best man and the ushers with scarf pins.

Mrs. J. D. McKinnon, of Portland, mother of the bride wore black lace over black silk; Mrs. G. A. Harding, mother of the bridegroom, wore lavender crepe meteor made extrane and embellished with lavender and golden lace; Mrs. Nieta Barlow Lawrence wore pale blue gown of Chantilly lace with trimmings of Chantilly lace; Miss Clis Pratt, Alice blue marquisette over green silk and large picture hat; Miss Dolores; Mrs. M. E. Barlow, grandmother of the bridegroom, purple silk; Miss Evelyn Harding, pale blue silk.

Among those attending the wedding were the engineering corps of twenty-six men, who are employed by Mr. Harding, who is locating engineer of the Oregon Electric Company, with headquarters in Portland.

Mr. and Mrs. Harding left Wednesday evening on their honeymoon, which will be spent in Idaho, and upon their return will live at 54 Fordham Apartments, Ford Street, Portland.

The bride is a most attractive and accomplished young woman. She has been connected with Portland city schools, and is well known in this city. During her visits in Oregon City she has won many friends by her charming personality.

The bridegroom was born in Oregon City, after completing his studies in the Oregon City High School he attended Portland Academy, and is later taking a course in civil engineering. He has been locating engineer for the Oregon Electric Company for several years, and before being promoted to that position he was employed as surveyor for about two years. He is a member of Chi Psi Fraternity, and several of his friends belonging to that fraternity attended the wedding. Mr. Harding is popular in Oregon City, and his many friends extend him and his bride their congratulations and best wishes.

Mr. Toose said that at the last monthly meeting of the teachers the lecture hour was devoted to a discussion of how to interest the children in growing trees and horticulture. They have been urged to plant roses and other flowers, and aid in keeping the parks in good condition. They also have been trained in many other lines of civic work.

PREMATURE BLAST NEARLY BLINDS HIM

Otto Stryker, of Eldorado, while employed on a road near Molalla, was painfully injured by a premature blast Friday morning. He was brought to this city by Harry Schoenborn and taken to the office of Dr. H. S. Mount where his injuries were given attention, and he is now in the Oregon City hospital.

Mr. Stryker was in the act of lighting a fuse to dynamite when the explosion occurred, the fuse being defective. Several small particles of stone lodged in the young man's eyes, and it was at first feared that his eyesight had been destroyed. The dirt and small pieces of stone were removed and unless complications result there is no danger of the young man losing his eyesight.

RECORDER WILLIAMS IN SAN FRANCISCO

Lloyd E. Williams, County Recorder who disappeared mysteriously March 31, is in San Francisco. Harry Pollock, formerly of Oregon City, who lives in San Francisco, has written to relatives here that he met Mr. Williams there. Mr. Pollock did not know of Mr. Williams' strange disappearance, and mentioned casually in his letter about seeing the missing recorder. Why the recorder went to San Francisco without telling his family his intention to do so is still a mystery. Mr. Williams was much relieved to learn that he was alive for he had feared he was dead. Upon leaving his family he said he was going fishing on Clear Creek and would return in two days. It was subsequently learned that he did not transfer to the Estacada car at the Golf Links as he said he would, but went direct to Portland. He must have changed his clothing in that city, for when he left here he was dressed in an outing suit, which he usually wore on fishing trips. Mr. Williams, his wife and two little children fished in the Willamette river the morning the day he disappeared.

CASE MADE STRONGER AGAINST SUSPECT

Evidence regarded by the authorities as virtually clinching the case of the state against Jack Roberts, charged with the murder of George Hastings and Donald M. Stewart has been obtained by Sheriff Stevens and Deputy Leonard. A witness has appeared who will swear that Roberts was in the vicinity of the scene of the murder thirty minutes before the snots were fired into the automobile which resulted in the death of the two men.

For certain reasons which they do not care to reveal Sheriff Stevens is withholding from publicity the name of this man. His identification of Roberts, however, is said to be positive. He was given an opportunity to see Roberts without the knowledge of the prisoner, and after carefully scanning his features said:

"That is the man, there can be no question of it."

What Will Your Car Cost You-- After You Buy It?

Did you ever think of that?
Service is a big item in modern automobile buying.

What Kind of a guarantee Have You Got?

Some manufacturers guarantee "for life." That's like a health insurance which expires when you're sick. It sounds pretty and is worth nothing. The Studebaker guarantee is full and complete. It stands for a year. You can understand that; you can bank on it. Remember, too, that a year covers the hardest part of a car's life. By the second year you know how to treat it. And with a Studebaker car its life is practically a matter of the care you give it. Take care of it and no limit can be named to its endurance.

What Will Parts Cost You?

We mention this gently because with many of our competitors it is a tender point. Their theory too often is, HOLD UP THE OWNER. So it is common knowledge that it costs three or four times as much to buy most cars part by part as it would to buy them all assembled. But every Studebaker part is listed at its proportionate cost in a complete car plus but a small percentage for handling.

Finally, How Quickly Can You Get New Parts?

Suppose they had to come a few hundreds or thousands of miles while your car lay idle. You, of course, would have to wait. Not so with Studebaker cars. We can furnish any part for an E. M. F. or Flanders car in two hours. The Portland branch carries a complete line of parts—a \$50,000 stock.

That name STUDEBAKER tells the whole story. It stands for square dealing. Rely on it. Your father did; so can you. Ask for a demonstration before you buy.
