A verdict of \$1,000 was awarded Thursday in the damage suit of O. F. Platt, father of Paul Platt, the eight-year old boy, who was drowned in the basin near Canemah January 27, against the Portland Railway, Light & Power Company. The boy was walking with his mother and Mrs. Margaret Lund when he fell under the railing of the Canemah walk. The jury figured the boy's natural expectancy of life at fifty-eight, and that the interest on \$1,000 for that length of time and the principal would be about what he would have earned had he lived. There is another suit for damages instituted by the father against the company. The plaintiff was represented by Brownell & Stone and the defendant by J. E. Hedges.

He declared that there were 762,000 acres of land in this county which should be under cultivation, and that land values throughout the county would increase to from \$200 to \$400 an acre in a few years. The speaker urged his hearers to purchase land as an in-

My! My! if I had just known you fellows were coming," Mr. Schnoerr would not rest until he had grasped the hand of every man, bidding all welcome to his home. After greetings were exchanged the Patterson brothers rendered a lively selection. Following this James H. The jury in the damage suit of N

Sundergard against the Oregon Electric Friday awarded the plaintiff verdict of \$3,800. He sued for \$25, 00. While working for the defendant November 11, 1910 Sundergard fell from a trestle near Wilsonville, his right leg being injured. He was placed upon cushions in a car and hurried to Portland for medical treatment. As the car entered the city it collided head on with another, and the man's injured leg was broken in three places. He was thrown from sides of the car. Judge Campbell held that only the suit against the company for injuries received in fallby committees from Oregon City and ing from the trestle could be tried in this county, and an interesting feature of the case was the effort to instance of the company officials and show the seriousness of the injuries received in the first accident. CREW RESCUED AS SCHOONER SINKS

VESSEL DRIVEN AGAINST SPIT AT ENTRANCE TO BAY CITY HARBOR

Men Plunge Into Surf And Pick Up Sailors Who Had Jumped As Ship Went

BAY CITY Or., April 27,-Driven Vida, of Seattle, struck the North Spit at the entrance to the bay and was wrecked. Her crew of five men were rescued with difficulty by the life-saving crew from Garibaldi. The Vida will be a total loss.

In command of George Nelson, the Vida, which is a gasoline-driven craft had been outside the harbor's en-trance exploring the halibut banks. As she was returning this evening Elijah J. Weddle, one of the well at ebb tide the boat was forced from despite efforts of all aboard, pounded onto the spit. The schooner struck

at 6:30. The boat's plight was seen at Gariried to the scene and removed the five men on board from the craft, which now lies partially submerged with the waves breaking over her. The Vida was loaded with fish caught during the day.

Besides Captain Nelson, whose home is at Seattle, other men saved are Joseph Johnson, engineer, Edward Martin, steward, Seattle; Herman Tieson and George Thomson both of Bay City. Struck by a heavy wave, the schoon-er's rudder was carried away, and,

helpless, she drifted until she struck the north spit. The rescue of the boat was accomplished daringly by the lifesaving crew, who plunged into the surf and reached the vicinity of the wrecked

craft, where they picked up the five men who had been forced to leap from the schooner into the breakers that the lifesavers might pull them into the boat.
