Dainty Bonnet For the Little Maid.

OF FANCY BLUE NETTING.

This handmade hat of fancy blue netting is in the ever popular becoming bonnet shape. A band of dark blue velvet ends in a pump bow at the side, and another band starting at the front is brought over the left side to the center of the back, thus forming a unique trimming.

"DON'TS" FOR HUSBANDS.

Rockefeller Pastor Offers Ten as a Solution of the Divorce Evil.

Dr. W. W. Huxford, pastor of John D. Rockefeller's Euclid Avenue Baptist church in Cleveland, O., recently gave these ten "don'ts" for husbands as a solution of the divorce evil:

Don't forget your wife wants to be loved as much after marriage as before.

Don't arrange for your second marriage before your first wife is either dead or divorced.

Don't compel your wife to ask for a cent every time she needs one.

Don't expect your wife to work four teen hours a day when you work only eight.

Don't carry all your religion in your wife's name.

Don't let your neighbors pity your children because you're their father.

Don't gossip. Men should not encroach on a woman's privacy.

Don't try to run a forty-horsepower automobile on a four-horsepower salary.

Don't live beyond your means or according to your meanness.

Don't forget the best legacy you can leave your family is the memory of a good husband and a kind father.

All the honeymooning of life ought not to end with the honeymoon," said Mr. Huxford, supplementing his several "don'ts." "A man should always remember it is no sin to kiss his own wife. Love is not for courtship alone, but for life."

Useful Kite in Hint.

Practical and useful is this new vegetable and noodle shredder which the shops are showing. It has seven sharp cutters in form of wheels which

VEGETABLE SHREDDER.

fit into a steel plate. This plate makes smooth the dough when noodles are made, and it is easily manipulated by pushing up and down over the vegetable or food to be cut into even strips.

Attics and Closets.

Most women dread housecleaning, and it is little wonder, if one could see into their attics and closets, says the Woman's Home Companion. They have the "snaving manias" and have indulged it all their lives, and many a one, especially she who has stayed in the old home, has not only her own but the accumulations of generations of women before her.

How can any sensible woman be so selfish and so self-abusive at the same time as to keep what benefits her in no possible way and yet make her so much extra work every year? Why not dispose of things to the best possible advantage as they become useless and save half the work of the spring overhauling as well as do a great deal of good?

Health Hints.

People cultivate nerves to a large extent and do not apply simple rules to cure them. Healthy work, particularly out of doors, is an excellent anti-dote to nerves.

Onions are a very good tonic for nervous people.

Cranberries are good for sufferers from inactive liver.

Constituents of Soot.

Soot consists chiefly of carbon, tar and mineral matter, with smaller proportions of sulphur and nitrogenous compounds, and frequently has an acid reaction. The proportion of the various constituents varies greatly with different factors, such as the nature of the coal, the completeness of combustion and the distance from the fire at which the soot was deposited.

Old Time Versatility.

Henry Watterson, in an interview in Washington on one occasion, praised the American journalist of the old school.

"The journalist of the old school," said Mr. Watterson, with his hearty laugh, "was remarkable above all things for versatility. He, unlike you college bred journalist of today, never knew when he turned up at the office whether he'd be handed a mop, an opera ticket or a pair of shears, and he was equally at home with all three."

The Father of Terror.

"The father of terror" is the name the Arabs have given to the sphinx. It stands today even as it has done for thousands of years, though the exact date or century of its construction none can say. It is not only the oldest monument in the world, but the largest as well. It is carved wholly from a mass of solid natural rock, with the exception of the forepaws, which are built up with blocks of stone. It measures more than a hundred feet in length and is impressive and awe inspiring because of its stupendous size.

CAPRON SPEEDY BOY.

Former Football Star, Now With Pittsburg, is Promising Ball Player.

Ralph Capron, the University of Minnesota's former football hero, may not stick with the Pittsburg Pirates all season, but it is a sure thing that Clark will keep a string to him.

Capron has never had any minor league experience. For all that, he showed constant improvement in the practice games this spring. He is probably the fastest man in the National league getting down to first; also a swift man in the outfield, a good batter and his arm is O. K.
