HEIFNER THROWS AWAY BADGE WHEN WILSON'S FORCES ARE BEATEN

Riot Starts When Attempt is Made To Stampede Delegates At Walla Walla For Bryan

WALLA WALLA, Wash., May 7.—Clark managers stood off an attempt to stampede the Democratic State convention this afternoon for William Jennings Bryan, voted an endorsement of the Speaker of the House, put through their own slate of delegates, bound them by the unit rule and programmed a formal endorsement of Clark's Presidential candidacy by the delegation.

Wilson made a poor showing and failed to stop the rush to Clark by ringing the changes on the magic names of the Nebraska "Commoner."

It was the finish of a remarkable political upset and one that Democratic State Chairman C. G. Helfner, Western manager of the Wilson campaign, refused to stay and witness.

Together with Mayor George F. Cotterill and most of the other members of the King County delegation, Helfner tore off his convention badge when the convention by an overwhelming vote decided to seat the two contesting King County delegations with half a vote apiece, and a few minutes later walked out of the hall.

Later in the day Helfner wrote and gave out a bitter arraignment both of the King County Clark leaders and of the convention which seated them. Though Clark subsequently polled 455 votes in the convention, the real test of Clark strength came when the fight to seat the warring King County delegations with half a vote apiece was brought to a rollcall. On the vote to seat the two King County delegations, the Clark forces polled 333 delegates to 221 cast in opposition. This vote showed that Clark still control even if the so-called primary delegates are seated from King, for Clark had 36 delegates in that state while Wilson would have added 106 to his total.

CHAMP CLARK HAS GHOST OF A SHOW

TOPEKA, Kan., May 4.—Theodore Roosevelt will be the Republican and Champ Clark the Democratic nominee for President this year, and Champ Clark will be elected.

That is the prophecy made today by Mrs. Jerry Simpson, widow of the former Seventh District Congressman. Mrs. Simpson is a spiritualist and relates several recent talks with the spirit of her husband.

"It was at Wichita, only a short time ago, that I talked with Jerry about politics," Mrs. Simpson said today. "He said he took the same interest in politics that he always had taken."

"Who will be named by the Republicans?" I asked him. "Theodore Roosevelt," he replied. "Who by the Democrats?" "Champ Clark."

"Who will be elected?" "Champ Clark. I'm for him and he will be elected."

TITANIC STEERAGE DENIED UPPER DECK

NEW YORK, May 3.—That the steerage passengers aboard the Titanic knew nothing of the accident which had befallen the vessel until a torrent of water started rushing into their quarters was the testimony to Senator William Alden Smith, chairman of the Titanic investigation committee, here today by Daniel Buckley, age 21 years, of County Cork Ireland, a steerage passenger. One of the stewards, he said, warned the passengers in the steerage that they had better hurry to the upper decks unless they wanted to drown. Buckley said:

"I rushed upstairs but found no life preservers and started back down but found that the water had reached up to the third step leading from the steerage quarters and was coming in fast."

"I saw a steward trying to lock a gate which would bar us from the first and second class decks. A man tried to stop the steward but was knocked down. Then we all rushed and broke down the gate."

"I went on deck and saw five boats launched from the starboard side. A sixth boat was ready and some men got into it, as there were only a few women about. They were ordered out by an officer. A woman whom I afterwards learned was Mrs. John Jacob Astor threw a shawl over me and I stayed in the bottom of the boat."

Too Ready to Quit. "It is very kind of you to ask me to be your wife, but I must refuse. I hope you will not hurry away and do anything rash."

"Don't worry about that. I merely wanted to be sure that we understood each other."

"You are so sensible that I am going to take back what I said and accept you."—Chicago Record-Herald.

SPOKANE DELEGATION IS FOR ROOSEVELT

SPOKANE, May 3.—The results of the Republican primaries here yesterday practically assure a solid delegation of 61 delegates for Roosevelt from Spokane County to the State Convention at Aberdeen. Returns received up to the present time give Roosevelt 3044 delegates to the county convention tomorrow with only 216 necessary to control.

The result of the primaries here gives Roosevelt a decided lead for the two delegates to the National Convention to be selected from the Third Congressional district, embracing 19 counties in the eastern section of Washington. According to the results of the primaries held so far in the district, Roosevelt is estimated to have 112 delegates to the district convention. Taft 31 and La Follette one, with 13 contested. Only 124 delegates are needed to control the convention, and 12 more votes, which could be secured by seating the contesting delegation from Chelan County, would give victory to the Roosevelt forces in the district.

INCOMPLETE RETURNS GIVE COLONEL SLIGHT ADVANTAGE OVER PRESIDENT

SPEAKER HAS BIG LEAD OVER WILSON

Missourian Defeats New Jersey Governor By Three To One—Harmon Is Poor Third

BALTIMORE, Md., May 6.—Roosevelt and Clark were well ahead in the early returns from the Maryland Presidential preference primaries, but later the contest between Taft and Roosevelt became close, although the latest figures virtually assure Roosevelt victory.

The Democratic fight showed that Clark and Wilson were far ahead of Harmon.

The indicated vote at 12:15 A. M. gave Roosevelt 56; Taft, 63; Clark, 63; Wilson, 33; Harmon, 46 uncertain.

Clark and Roosevelt leaped into the lead early with complete delegations from Baltimore city, which gave them each 28 delegates. Clark's preferential vote in this city was greater than that of Harmon and Wilson combined. He defeated Wilson by nearly 3 to 1 and the New Jersey Governor by 2 to 1.

The sweeping Clark success in Baltimore was a victory for the Democratic organization. In the Republican primary here the Roosevelt organization downed the regular Republican organization, led by Collector of the Port William F. Stone.

LEVEE GIVES WAY FLOODING BAYOU

BATON ROUGE, La., May 3.—The Mississippi River protection levee in front of the Bayou Sara, La., broke today. According to the report here there is no chance to save the town.

Later dispatches reported that Bayou Sara is from 5 to 15 feet under water this afternoon, and all hopes of stopping the crevasse have been abandoned. The break now has widened to 75 feet and still is growing.

The lower portion of St. Francisville is three feet under water. No loss of life has been reported.

Eight persons were drowned this afternoon when the Mississippi River levee near Morganza, La., broke, flooding the surrounding country.

The yellow waters of the Mississippi today are sweeping through a 1000-foot breach in the levee at Torras in a raging torrent. It is difficult to estimate the financial loss which must come to the whole of one parish, Pointe Coupe, and parts of several others, but it is certain it will be hundreds of thousands of dollars. The sugar cane, cotton, rice, and corn which were well advanced, will be a total loss, and the loss of livestock will be heavy.

Torras was practically cut off from wire communication last night, the water having submerged the cross-arms on the telegraph poles.

Special trains were run between New Roads to a point near Torras last night, to bring out refugees. Hundreds of people forced from their homes by the water were picked up at several stations and brought to New Roads, but many refused to leave, preferring to take chances with the water. In every direction farmers could be seen herding livestock to the levees.

No loss of life has been reported in the newly-flooded area, but many stories of thrilling escapes are coming in and it is known that scores of persons still are in danger.

GRAY TO BE HEAD OF GREAT NORTHERN

NEW YORK, May 8.—James J. Hill today confirmed a report recently current that Louis Hill, his son, will retire from the presidency of the Great Northern railroad in favor of C. H. Gray. J. J. Hill refused to discuss a report that he will resign the chairmanship of the Great Northern board of directors in favor of his son.

That James J. Hill will retire as chairman of the Great Northern directors in favor of his son, Louis W., is the general understanding and an announcement to that effect is expected at any time, in view of the fact that the pioneer railroad and empire builder this morning confirmed the report that his son will resign as president.

RECONVY WILL BE BIG AID TO TAFT

ROOSEVELT DELEGATES ARE LOYAL

Views Of Voters Are Divided, But President Has Better Of Situation—Petitions Circulated

BOSTON, May 2.—There is to be a recount of the votes cast at the Presidential primaries on Tuesday and the Taft leaders believe that it will show a much larger vote for President Taft and his delegates than is apparent from the figures that have already been issued. Signatures for a petition for a recount were being secured today by the Taft men and these petitions will be filed at the Statehouse tomorrow.

The eight Roosevelt delegates-at-large, despite a visit paid to Mr. Roosevelt today at Oyster Bay by Matthew Hale, his campaign manager in this state, Charles Baxter, who heads the delegates-at-large ticket and several Roosevelt workers, still say they will ignore the request of Mr. Roosevelt that they vote for Mr. Taft in the Chicago convention.

One of them, Arthur L. Nason, said tonight: "It is true that Mr. Roosevelt has telegraphed us releasing us, but I don't see that has anything to do with it. We are pledged to the voters of the state and we are going to be loyal to the voters for the time being. Opinion is divided as to the attitude that should be taken by the delegates-at-large. Senator Stearns, of Chicago, who is chairman of the committee on election laws of the present legislature, which in his opinion the Roosevelt delegates-at-large ought to resign their place immediately to the eight Taft alternates who were elected, in view of the preference vote for Taft. The latest figures are: President preference, La Follette, 2005; Roosevelt, 81,554; Taft 86,069. Taft's plurality, 4235. Taft's majority, 2230.

Delegates-at-large—Baxter (heading Roosevelt group), 76,554. Baxter's plurality, 7950.

5,000 ACRES FLOODED AS LEVEE BREAKS

TORRAS, La., May 2.—The second line of levees protecting the State Convict plantation at Angola, La., broke this afternoon, and within a short time the 5000 acres were inundated. The state recently completed a half million dollar sugar refinery and this will be flooded.

All hope of closing the Torras crevasse was abandoned following a conference between Governor Sanders and state engineers. The crevasse had widened to nearly 700 feet and the levee was crumbling away rapidly.

News that the engineers had given up all hope of closing the Torras crevasse was flashed to every town on the west side of the river within a radius of 50 miles. It means the abandonment of thousands of homes in the territory south of Torras and property damage that will run into the millions.

The Angola break is across the river from the Torras crevasse and less than six miles distant. The food waters on the Angola side will cover thousands of acres of fine farming land along the east bank as far down as Bayou Sara and St. Francisville, and probably will return to the Mississippi near Morganza, La.

Women screaming and men shouting as they hurried into their homes and seized their children and valuables in mad efforts to reach places of safety, and the stampeding of animals turned loose by their owners to seek safe places, were some of the chaotic conditions that prevailed in Torras last night when the alarm was sounded that the levee at the junction of the Old and Mississippi River had given way.

Although it had been known that several weak spots had developed, little attention had been paid to this by the citizens of Torras, and they were caught unprepared. Within a few minutes after the break had become known the townspeople were in a panic.

Before the streets were entirely submerged a majority of the inhabitants had reached places of safety. Three hundred women and children were placed on a freight train, which had just arrived in Torras. These were taken to a point below here.

No loss of life has been reported, but it is feared from fatalities may occur in the interior, as the water is rushing through the country so rapidly that sufficient warning may not have reached those living in districts remote from wire communication.

Millions of dollars of loss, it is feared, will be caused by the devastation of some of the most valuable farms and plantations in the state.

Eleven parishes with a total population of a quarter of a million, will eventually be inundated by the new break. Food supplies have been massed near Torras by the Government in anticipation of a break here, and those in charge of the work are preparing to give relief to 40,000 people in this vicinity.

BIG DAMAGE SUIT SETTLED OUT OF COURT

The \$25,000 damage suit of Maud Williams against the Hawley Pulp & Paper Company was settled out of court Tuesday and Judge Campbell has dismissed the action. Mrs. Williams was the mother of Jesse Crippen who was killed December 19, 1911, while assisting in loading logs on a car from a platform. A log rolled down a chute on him, and it was alleged the accident was due to negligence. Attorneys Brownell & Stone who represented the plaintiff declined to give the terms of the settlement, but it is understood the plaintiff was given a substantial sum.

3-YEAR HOMESTEAD BILL IS APPROVED

WASHINGTON, May 3.—The conference committee tonight reached an agreement on the Borah-Jones three-year homestead bill and probably will make a report to the Senate and House on Monday.

The bill, as finally agreed upon, is practically the bill as it passed the House, with an added amendment requiring the cultivation of one-sixteenth of the area of entry during the second year of residence and one-eighth of the third year, before making final proof. The essential features of the Senate House bills are retained.

The homestead period is reduced from five to three years and homesteaders are permitted to be absent from their land not to exceed five months in each year after establishing a residence.

30 DROWN AS BIG LEVEE GIVES WAY

TORRENT RUSHES THROUGH BREAK IN LOUISIANA FLOODING LARGE AREA

SITUATION MADE GRAVE BY RAINS

Entire Families Swept To Death From House-tops And 1000 Are Imperiled—Slight Fall at New Orleans

NEW ORLEANS, May 6.—Thirty persons were drowned in Coupee parish early today when a flood of water from a break in the levee rushed suddenly into the district. Survivors reported that 12 bodies had been recovered and declared the death list probably would total 30.

Heavy rains in Louisiana and Mississippi today lent additional danger to scores of cities which have been threatened inundation by the floodwaters of the Mississippi river. With the water topping the levees at Baton Rouge, Morganza, Melville and Bayou Des Glaces, La., the situation was such as to cause Governor Sanders to impress into service a large number of negroes, forcing them to work on the levees.

Thousands of women and children have left Bayou Des Glaces, Melville and other flooded sections. The property loss will exceed \$2,000,000.

The flood situation at Point Coupee is desperate. Motorboats have been sent to the scene to take off the refugees.

Survivors assert that whole families were swept to their death from house-tops when the levee broke. Government officers here have been notified that at least 1000 persons are imperiled by being marooned in tree tops, houses and rafts.

Passengers on a train which passed through Morganza today state that people stood at the depot in water waist deep, signalling the train to take them home. The engineer and conductor would not stop the train because of the rapid rise of water. The next train which passed was derailed and its passengers thrown into the flood.

METHODIST BISHOPS SCORE CONDITIONS

MINNEAPOLIS, May 2.—Criticism of the condition which enabled the church to gain "less than 2 per cent in its membership in the last year," and charges that the church press was being used as "a free forum by the promoters of disaffection" were made in the Bishops' report to the quadrennial general conference of the Methodist Episcopal church today.

The report, known as the "Episcopal Address," was signed by 18 Bishops in this and six Bishops in foreign countries and is regarded as the most important document to come before the conference, as it contains the Bishops' recommendation for the future guidance and policy of the church.

The report was read by Bishop Earl Cranston, of Washington, D. C. An other section upon which the Bishops have been at work since last year's conference at Baltimore four years ago, will be delivered tomorrow.

"In the last year," said the report, "the church has made a net gain of 55,000, which is less than 2 per cent, as the outcome of the year's activities and the outlay of many millions of dollars. The statistical paradox glares us out of countenance. It shames and humiliates us. What are honors of offices worth in any army that does not win battles? No marvel that some are proposing to reduce the Major-Generals to post-duty and let their army dissolve into antique ecclesiastical camps."

This was a reference to the proposed limiting of the activities of the Bishops to a local district. Their jurisdiction now is universal. Some of the reasons for the meager growth were laid to a too strict application of the law of the church demanding that all members who remove from a given community without their church letters be dropped from membership after one year.

"A fair calculation," the report said, "reveals the astounding fact that probably not less than 500,000 members disappeared from our rolls by reckless use of the 'dropping' process."

"Nevertheless we still face the patent fact that our distinctive doctrines are not being emphasized as they were once, or, where preached, are discredited for the time by a gain-saying world drunk with vain philippic and filled with gluttonous indulgences."

Pleading for an emphasis on the distinctive Wesleyan doctrines, the report said they were the only power to save the nation against vice.

ASTOR MILLIONS ARE LEFT TO SON

YOUNG WIDOW PROVIDED FOR AS LONG AS SHE REMAINS SINGLE

DAUGHTER IS TO GET \$3,000,000

Rich Victim Of Titanic Disaster Created Several Trust Funds—First Wife Is Left Nothing

NEW YORK, May 6.—Counsel for the family made public today the will of John Jacob Astor, as drawn in this city in September last, only a few days after his marriage to Miss Madeline Talmage Force and approximately seven months before he perished with the sinking Titanic.

Vincent Astor, a son, who will come to age within the year, is made the principal beneficiary and residuary legatee. No hint as to the value of the great estate is given, and by the creation of trust funds the testator has followed, as far as possible, the custom of his forebears in keeping the vast Astor holdings intact.

Valuations of the estate run anywhere from \$75,000,000 to \$150,000,000. A close friend of the family said tonight that the smaller figure, in his opinion, is nearer the correct estimate.

Aside from provisions for Vincent Astor, the will provides for untold millions of trusts for the education and maintenance of Vincent's children. Among these there is only one of a charitable nature. This is \$20,000 to St. Paul's School at Concord, N. H. The rest of the legacies are to relatives, friends and faithful servants.

Nearly all other provisions of the will as made public deal with the trust funds, of which there are three: \$5,000,000 for the young widow; \$5,000,000 for the Colonel's young daughter Muriel, the child of his former wife, Ava Willing Astor, and \$3,000,000 for the expected posthumous child of the present widow.

This latter clause provides for "each child who shall survive the testator other than his son, William Vincent, and his daughter, Ava Alice Muriel."

No provision is made for the wife who divorced him; and if the young widow dies or marries again, the \$5,000,000 trust fund together with the town house and other property left to her, reverts to Vincent Astor. She received, however, \$100,000 out of the income from the trust fund until without further provision and until the income from the trust fund shall become available, the trustees are directed to pay her an income of \$200,000 a year. There was an ante-nuptial settlement which she accepted in lieu of dower rights. The amount of this never has been made public. Rumors have placed it at \$5,000,000.

HUMPHRYS MUST DIE ON SCAFFOLD

CORVALLIS, May 3.—Judge Hamilton passed the death sentence upon George and Charles Humphrys, convicted of the murder of Mrs. Eliza Griffith, fixing Friday, June 14, as the date of the execution.

The men received the court's announcement of their doom with an air of stolid indifference. At the Judge's command each in turn arose, replied in the negative when asked if he had anything to say before sentence was pronounced, and sat down when the Judge concluded. Not an expression of their faces, not a movement of the eyelids, not a tremble of their bodies betrayed concern or dread. It could be seen that theirs was a real, a brutish indifference, and not a proud repression of feeling.

When Judge Hamilton told George Humphrys that his crime was the most cruel and atrocious that, within his knowledge has ever been committed within the state of Oregon, he awakened no expression of interest.

As the prisoners were taken back to the jail, which is some distance from the Courthouse, George lighted his pipe and smoked with apparent relish. The men talked with their guards concerning their sentence as though it were an ordinary incident.

Before sentence was pronounced Attorney J. A. Jeffrey moved for a new trial, but made no argument. The motion was denied and he gave the usual notice of appeal.

The prisoners were taken to the state penitentiary on the 11:30 train this morning by sheriff Gellatly and Deputies Raber and Linnville, and there they will be placed in the death cell for condemned prisoners.

Governor West announced after the arrest of the Humphrys that he would not commute their sentence if they were convicted of murder in the first degree, but would grant them a reprieve until after the November election, which it is expected the voters will pass upon the question of abolishing capital punishment.

EBY AND FREYTAG START WORK FOR FAIR

O. D. Eby and O. E. Freytag, through whose efforts the Clackamas County Exhibit at the State fair last year was such a success, have started making selections for the exhibit at the coming fair. A 26-pound sturgeon, caught by George Brown, has been preserved in a large glass jar. It is also their intention to have a collection of salmon. The county court has provided \$450 for the exhibit this year and Messrs. Eby and Freytag are confident the county will win first prize. The appropriation last year was only \$250 and the premiums amounted to almost that much. The exhibit won second prize.

PRESIDENT TAFT SAYS, "I'LL FIGHT"

BALTIMORE, May 4.—President Taft began his fight for the support of the Maryland voters in Monday's Presidential primaries today with speeches at Hyattsville and Laurel, in which he again attacked Colonel Roosevelt, accused him of misstatement and misquotation of his speeches; said Mr. Roosevelt consorted with the bosses he now preaches against for seven years, while he was in the White House, and assailed bitterly and at length Roosevelt's doctrine of the recall of Judges and judicial decisions.

"I'm a man of peace," shouted the President at Hyattsville, "and I don't want to fight. But when I do fight I want to hit hard. Even a rat in a corner will fight."

The President said he deprecated the necessity that forced him to come out in a political campaign like an ordinary candidate.

"If only my personal ambition were concerned," he said, "if only my personal reputation were at stake, I should not bother you, but I consider that I represent a cause."

"The innovator is abroad in the land and we are told that there are new things that should be introduced for instance, the recall of Judges. If his policy is adopted, it will mean that in Democratic years the decisions upon laws will be Democratic and in Republican years they will be Republican. So we'll have varying interpretations of the constitution depending on a single vote."

"I am courageous enough to come out and tell the people what they already know—they recognize the shortcomings of a sudden decision of the people."

"All I ask is a square deal," said the President. "Mr. Roosevelt believes in referring to the standards of sport as maxima of life. I don't object to it, but all I ask is that he give me a square deal."

This, the last day of the primary election campaign in Maryland, found President Taft, and Colonel Roosevelt early on the move, with speaking programs that will occupy them until bedtime and cover nearly every part of the state.

TAFT TO FIGHT HARD UNTIL CONVENTION

CINCINNATI, May 7.—A strenuous speaking campaign which will last until the Republican national convention meets in Chicago June 18, was announced here by President Taft. The results of the primary elections in Massachusetts, Pennsylvania and Maryland have caused the president to issue a declaration of war to the last day of nomination campaign.

Ohio is designated by the president as the "bloody battleground" for the decisive fight of this campaign, and he will spend the next few days raking over the record of Theodore Roosevelt for points which he may make the targets for attacks during his speeches in this state.

Colonel Roosevelt will be in Ohio next week simultaneously with President Taft and the trails of the opposition candidates may be expected.

President Taft will make fourteen speeches in Ohio tomorrow, the first being at Batavia.

CHILDREN ARE KILLED IN FIRE

WOMEN AND GIRLS ARE CRUSHED UNDER WALLS IN TORONTO CONFLAGRATION

FIVE STORY BUILDING TOTTERS

Woman is Discovered Under Walls Hemmed In By Girders—Big Wall Buckles

TORONTO, May 4.—The south wall of a five-story building recently constructed for the William Neilson Company, Limited, fell today, burying a score of employees.

The building, which has been occupied for two months, was supposed to have been splendidly built and was said by its owners to be the most up-to-date plant of the kind in the country. The first and second floors were occupied by manufacturers of ice cream and chocolates. Two hundred employees, the majority of whom were women and children, were working when the accident occurred shortly before noon.

The entire city fire brigade turned out to aid in the rescue work. The first bodies recovered were those of a man and a woman who appeared to have been instantly killed. Later the unidentified bodies of two girls were brought out.

Five girls, still alive, but badly hurt were next removed. It was impossible to estimate the number of missing or their identity, but it is believed that between 20 and 30 dead will be found.

The workers, following a cry for help, discovered a woman whose name is not known, hemmed in by girders a mass of debris. Her position was such that it was believed she could not be taken out alive.

Three more were added to the list of injured when an unidentified carpenter, who had been working on the building was found unconscious and William Lambly and a laborer were taken out.

The upper stories of the building were incomplete and the carpenters were working on them when the wall fell. The wall appears to have buckled half way up.

TWO WIVES START SUITS FOR DIVORCE

Alleging that her husband abandoned her April 13, 1912 while they were living in Salem, Catherine E. Moyer Tuesday filed suit for divorce against Vincent D. Moyer. They were married in Conemaugh, Pennsylvania, April 19, 1885. Alice Lovell sued Charles R. Lovell for a divorce, asking \$50 a month alimony during the pendency of the suit and \$15 permanent alimony. The Merchants' Savings Trust Company, of Portland, is made a defendant in the plaintiff's action. She alleged that her husband and herself transferred land to the company. They were married in St. Paul, Minn., November 5, 1904.
