THE PACKERS GETTING EVEN

It is estimated that in the nine or ten years of litigation with the government under the Sherman antitrust act the packers expended \$500,000. They are likely to get that sum back in increased prices for their products before 1912 is many months older.

Upon the removal of the dead eels from the river hinges the advisability of placing the proposed swimming pool in the lower river. If conditions this summer are the same as last year the lower river will be so filthy and foul from dead eels, oil, etc. that the water would not be fit to swim in.

Let's take a day off—Portland won a game!
Nine months in jail will give Mrs. Pankhurst plenty of time to "think again" before she starts on another window smashing expedition.

NOTHING CAN GROW THAT NEVER GETS STARTED
It is the beginning that counts. Nothing can grow that never gets started. Take a Saving Account, for instance. It grows by interest as well as additions.

tion will be given the proposition to make a terminal with rates the equal of Portland, Seattle and Tacoma. With these rates we can expect commercial and industrial growth and with it an increase in population it would appear that the Oregon City Terminal Rate Association will soon bear fruit.

Live Wirelets

Wouldn't it be a great stunt if our local boys could fly in their "Made in Oregon City" airship on bargain day? But then some one might get scared to see them soar around the Methodist Church steeple.

The annual school exhibition of work done by the pupils will well be worth a trip to the Barelay school next Monday. Go over and see what the manual training class has turned out and take a look at some of those dainty aprons, lunch cloths, etc. that the girls have made.

Those Portland men on the Tillamook won't want anyone to even whisper "cheese" for six months.
A peculiar feature of the Darrow trial in Los Angeles will be a jury of thirteen.

Of course the net result is the same if a murderer is shot to death or hanged, so perhaps the Salt Lake authorities did right in allowing a condemned man the former method of paying the penalty.

Nearly 200 state automobile licenses were issued this week. This makes more than ten thousand a year.
Our own Buddy Ryan, upon making a "home" at Cleveland lately was presented auto goggles, box of cigars, diamond stud, \$5 vest, \$5 worth of barber work and a bottle of champagne.

The Bear now makes the run from San Francisco in just forty-eight hours—The S. P. will no doubt announce a reduction in the running time of the Shasta Limited.
Talk about your ideal climates—leave it to old Oregon. Wasn't that rain just dandy.

SECURING WEALTH AND SOME PEOPLE.
When seven states realize an increase of \$2,812,450,182 in the value of their farms in ten years, some idea of the worth of new settlers can be obtained. The seven states of Minnesota, North and South Dakota, Montana, Idaho, Washington and Oregon realized this increase—almost three million dollars.

The securing of two million more people, increasing the number of farms only 114,263 brought this added amount of wealth. In short for every person added to the population of the Northwest during the ten years there has been a corresponding increase in the value of farm lands of \$1466.
The seven states now commonly known as the AMERICAN Northwest increased the acreage of improved lands 23,586,802 acres during the ten years. If actual comparisons could be made there is little doubt but what this vast growth of our own country would compare favorably, if not exceed the record of any other section on the map of the world.

Eczema
Yields readily to Dr. Bell's Antiseptic Salve. You see an improvement after the first application. We guarantee it. It is clean and pleasant to use. 25c a box. For sale by Harding's Drug Store.

OHIO RETURNS GIVE ROOSEVELT LEAD

TAFT CARRIES SOUTHERN PART OF STATE, BUT COLONEL SWEEPS NORTH

HARMON HAS APPARENT PLURALITY

La Follette Gets Vote That Astonishes And Bryan Aid Clark Are Given Support—Count Is Slow

COLUMBUS, O., May 21.—On the face of the early returns in Ohio's first Presidential preference primary today, Colonel Roosevelt led the Republican ticket over President Taft and Governor Harmon, of Ohio, led Governor Wilson of New Jersey, on the Democratic ticket by a fair margin.

These returns, however were given on a basis of complete figures from only 1225 precincts out of a total of 5192. These gave Roosevelt delegates 59,954 and Taft delegates 41,435, a majority of 17,519 for the Roosevelt men.

Only on the Democratic ticket does the count represent a direct Presidential preference vote. On the Republican ticket the vote computed is the total outcome of ballots cast in the precincts counted for delegates to the National convention or President Taft, Colonel Roosevelt or President Taft. President Taft appeared to have carried Cincinnati by a large margin, and also Toledo and Dayton, among the larger cities. This was more than offset by the vote given Colonel Roosevelt in the north and in Columbus and other cities.

The Roosevelt lead in the north end of the state, it seemed, would give the ex-President an advantage which Mr. Taft could not overcome by his vote in the south end, including Cincinnati and the rural districts. Senator La Follette received a larger vote than state politicians had predicted, getting a considerable fraction of the vote cast in the northern end of the state, including Cleveland.

Governor Wilson, like Roosevelt, received his biggest vote in Cleveland and the surrounding counties. Governor Harmon polled a heavy vote in Columbus, the capital, and also in his home city, Cincinnati. Harmon's campaign managers, despite the early losses declared that their candidate had carried the state through the heavy vote for him they expected in the country districts.

Governor Harmon's chief strength, they say, had been in Cleveland, where Mayor Baker had waged a strong fight against Harmon. Mayor Baker, however, in a statement, insisted that Governor Wilson had carried Ohio by a vote of two to one. Both Champ Clark and Mr. Bryan, although their names were not on the preference ballot and they were not represented by a delegate received several scattering votes, which when final returns are in, may affect the outcome of the Wilson-Harmon race.

A PROMINENT POULTRYMAN (OREGON CITY PUBLICITY)
The following is an article from the "Oregon Agriculturalist," which speaks favorably of Clackamas County's most prominent poultryman. We need more poultrymen like Mr. Ringhouse.

Congratulations to Ringhouse. "I'd rather be right than president" were the words of a man who was afterwards president.
We do not know whether H. Ringhouse, of Clackamas, Oregon, the White Wyandotte breeder, will ever be President or not, but when it comes to breeding White Wyandottes he surely is "right." This was demonstrated at Portland and Tacoma in the shows of 1910-11. It was again demonstrated at Seattle and Walla Walla at the shows of 1911-12. But the crowning glory was at Livermore, California show, held the second week of February. This show is unique in many respects. The special feature, however, is that nothing but breeding pens are shown.

Pale Faces

Pale-faced, weak, and shaky women—who suffer every day with womanly weakness—need the help of a gentle tonic, with a building action on the womanly system. If you are weak—you need Cardui, the woman's tonic, because Cardui will act directly on the cause of your trouble. Cardui has a record of more than 50 years of success. It must be good.

Take CARDUI

The Woman's Tonic
Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered, nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

CUBAN NEGROES ARE URGED TO MASSACRE

HAVANA, Cuba, May 22.—The situation is rapidly growing more serious, reports from Santiago show. It is now estimated that over 5000 negroes have taken up arms in the province of Oriente alone.

To assist in the movement to surround the negro insurgents, further reinforcements, two companies of infantry and two batteries of artillery, entrained here today for Oriente. The government troops already in that district number more than 1200 men. The negroes, under General Evaristo Estenose and General Irujo are operating at El Caney, El Cobre and San Luis, in the vicinity of Santiago.

While the situation, arising from the racial revolutionary movement, is unquestionably serious and apparently growing more dangerous, the reliance of the government renders it possible a precise determination of its gravity.

The only thing absolutely certain is that condition of insurgency exists among the negroes of Matanzas, Sancti Spiriti and Oriente, and that the government is straining every nerve to stamp out the rebellion.
The new Cruiser Cuba had recently anchored here before she received orders to take aboard 600 infantry and artillery and proceed to Guantanamo. The Secretary of the Interior, Senator Arana, said the report alleging there were 2000 insurgents in Oriente was greatly exaggerated.

The American minister, Arthur M. Beaupre, visited Secretary of State Sullivant to demand protection for the property of the Jurague Iron Company, on which a band of insurgents under Irujo is reported to be committing depredations. The Secretary advised guard all the roads approaching the capital, and all police reserves are kept at the station-house.

It is reported, but without confirmation, that Colonel Armentecoa, who has been operating in Santa Clara and threatening to destroy all foreign property, has been killed.
A serious feature of the situation in Oriente province is the presence of many Haytian negroes, who recently entered the province and are reported to be inflaming the Cuban negroes by citing the example of the Haytians in exterminating the whites in their country and urging the establishment of a black republic in the eastern end of Cuba.

It is reported that several schooners from Hayti have landed cargoes of arms.
General Irujo recently received \$10,000 in payment for his services as General during the revolution. It is believed he is using this to purchase arms for the present rising.

Two American citizens, Floyd Schick and Joseph B. Ryan, have been appointed to Ross S. Holiday, American consul at Santiago, of being assaulted and robbed by armed negroes while on their way to Siboney.
SAN FRANCISCO, May 17.—Shipwrecked a few days after a tugboat marriage in the South sea, and later cast upon a coral island where they were lavishly entertained by a dusky monarch, is the honeymoon experience told here today by Captain and Mrs. Thomas Endresen, who have just arrived from Papeete. Mrs. Endresen was formerly Miss Anne De La Tour of Pendleton, Oregon.

OHIO MAKES HIM WINNER, SAYS TAFT

PRESIDENT ASSERTS THAT HE HAS 30 MORE DELEGATES THAN IS NECESSARY

HARMON BEATS WILSON EASILY

Chief Executive Goes To New Jersey Today To Continue Fight Against Roosevelt—Race Is Close

WASHINGTON, May 22.—Asserting that he has 570 delegates to the Chicago convention, or 30 more than enough to assure him the nomination, President Taft today declared he was going to New Jersey "to make assurance doubly sure." He will leave Washington for Philadelphia tomorrow morning and make his first political speech at Camden.

The President's statement was issued after a day of activity at the White House. Political conferences with his Cabinet members and appointments to a meeting of the full Cabinet, at which, the members admitted, the political situation was reviewed in detail.

"Our opponents quote from a statement of mine made in Cleveland that the fight in Ohio, my home state, much to my gratification, would be the decisive one," said the President in his statement, "and would settle the question of my nomination. This is true. I shall have at least 17 votes from Ohio, including the delegates-at-large for we have every assurance that we control the state convention.

"This will constitute a clear majority in the National convention. Indeed, in addition to the votes from Ohio, delegates elected for me from other states of which I have been advised since my Cleveland statement give me 570 out of the 1075 votes in the National convention—30 more than necessary.

"I am going to New Jersey to take part in the coming campaign there, for the same reason that I went to Ohio, and such delegates as we may receive from New Jersey will thus make assurance doubly sure."
Early in the day, Director McKinley, of the Taft headquarters, claimed at least 600 delegates for the Taft ticket. The President's estimate, while smaller, was declared at the White House to represent "rock bottom" figures, which are expected to be increased materially. The claim to the six delegates-at-large in Ohio was made by the President after reassuring messages from his Ohio managers.

ROOSEVELT AND WILSON LEAD

Taft Gets Less Than Third Of Delegates In Ohio

COLUMBUS, Ohio, May 22.—Nearly complete returns from yesterday's Ohio presidential primary today indicate that Colonel Roosevelt won 32 of 42 delegates to the Republican National Convention, selected in 21 Congressional districts, and that President Taft was given ten district delegates or slightly less than a third of the total number named.

On the Democratic ticket Governor Harmon is believed to have won by a larger percentage than did Colonel Roosevelt, being credited with 35 district delegates as against seven for Governor Woodrow Wilson of New Jersey.

Although President Taft secured but 10 out of the 42 delegates, the Taft-Boyd ticket, which is not finished, will be given ten district delegates at the National convention, which on June 3 will select six delegates-at-large to the National convention.

Of a total of less than 1000 delegates to the state convention, a large portion of whom also were named yesterday to sit in the state convention, nearly complete returns indicate that President Taft has nearly a sufficient number to control. This may give President Taft's managers the six delegates-at-large to be named by the state convention, and probably will make the President's total 16, but an even third of the Ohio delegation of 48 delegates, which will attend the Chicago convention.

Governor Harmon, on the Democratic ticket, unlike Colonel Roosevelt, will not be forced to make a further fight for delegates-at-large, as the Democratic list specifies that the winner of the Presidential preference primary shall name his own delegates-at-large.
Amplified returns in the Republican contest show that Senator La Follette polled a heavy vote in several counties, and it is possible that final results will show that he ran second to Colonel Roosevelt in a number of counties.

ROYAL BAKING POWDER
Absolutely Pure

NO ALUM, NO LIME PHOSPHATE

JOHN R. DIMICK IS BURNED TO DEATH

(Continued from page 1)

Wash. Ralph was the youngest member of the family.
Mr. Dimick was graduated from Monmouth College in 1889 and the Salem Law School in 1904. He and John A. Carson practiced law together in Salem for about two years and later he and S. T. Richardson formed a partnership. Later he bought a ranch of 33 acres, and has since then devoted most of his time to farming, having been one of the most extensive growers of onion sets in the state. He sold about \$5,000 sets from a small tract last year and intended to enter more extensively in the business this year. About two weeks ago Mr. Dimick came to this city to visit his brother, and it was then that he divulged his engagement to marry. He asked his brother to go with him to get the license and exacted a promise that he would attend the ceremony. Mr. Dimick's father who had lived in Hubbard for many years died in 1903 and his mother died two years ago. The couple came to Clackamas County in 1897.

A strange coincidence in connection with the fire is that the house was ablaze two weeks ago, but Mr. Dimick and the men employed on the ranch extinguished the blaze. They had been more careful since then, and the only explanation of the origin of the second blaze is that the chimney was defective.

Mr. Dimick was a Knight of Pythias and that order will have charge of the funeral.

The body was burned beyond recognition. The dwelling was old and burned rapidly and it is believed that Mr. Dimick was overcome by the heat while attempting to remove papers, deeds and documents belonging to clients whom he still served though retired from active practice.

SINGLE TAX SCORED BY STATE GRANGE

(Continued from page 1)

state, by the Governor, his salary to be not more than \$6 per day and expenses while on duty; the balance of the fund to be used for the preparation and distribution of literature along this line.
The report was adopted.
The name committee, having instructions to report on the conservation of water power, made the following recommendations, which were adopted:

"In view of the fact that Oregon has an abundance of raw material awaiting the coming of capital to manufacture and ship, by way of the Panama Canal, soon to be completed it is the opinion of our committee that what is wanted in Oregon is cheap power; that if electrical power can be developed and supplied at less cost than can be produced by coal in the East, we will have a big advantage in securing new capital and settlement not enjoyed by any other section of the United States; that the taxes which will be paid by this new capital and new development will be a far more sure source of revenue than the imposing of high annual charges on water power plants that are yet to be established, and which our citizens are anxious to have established within our borders.
"Therefore, your committee does not recommend legislation looking to the obtaining of revenue from this natural resource, which if put to use will greatly tend to conserve our coal and timber supplies, which are limited in quantity. We favor legislation which will make electrical power available to the farmer, the manufacturer, the irrigator, and the various municipal and state institutions, at the least possible cost. Country life must be made attractive if the present tendency cityward it to be checked. This can only be done by making some of the luxuries of life, which have come to be considered as necessities available to the farmer at a price which he can afford to pay. The parcels post, telephones, good roads and schools are movements in this direction. We believe that cheap power is one of the most attractive of these agencies because of the almost innumerable uses to which it can be put on the farm.
"The woman's work committee made a report on educational features which was approved. Its municipal features are embodied in the following extracts:
"As reported by us at the last meeting of the State Grange, we fostered a movement which resulted in the introduction of House Bill 175, which provided for an increased appropriation for institute work and itinerate schools. This bill failed, but we are convinced of the merits of our cause that we urge the Grange to cooperate with us in the matter of securing from the next Legislature an increased appropriation for institute work, itinerate schools, and the publication of bulletins designed to advance the interest of the farm and the farm homes. We believe that there is an imperative need of more farmers' institutes, special lectures, demonstrative farms, itinerate schools, bulletins on the various phases of agricultural work and home science prepared to such style as to be intelligible to the ordinary reader, instead of being couched in technical terms, which mean but little to the general reader.
"Conformity with the object of the Grange to extend all lines of education, the agricultural committee submitted the following, which was adopted:
"Your committee recommends that we use our best efforts to have agriculture taught in our schools, also that we ask our legislative committee to ask the Legislature to appropriate money for at least two institutes in each county in the state each year.
"The Grange approved a resolution that only the amount of property needed should be sold for delinquent taxes against it, and at not less than the assessed value.
"A measure will be presented to the next Legislature asking for a law to compel commission merchants to make itemized statements of produce received and sold within a certain time and under certain restrictions and penalties.

ARE YOUR KIDNEYS WELL?

Many Oregon City People Know the Importance of Healthy Kidneys.
The kidneys filter the blood. They work night and day.
Well kidneys remove impurities. Sick kidneys allow impurities to multiply.
No kidney ill should be neglected. There is grave danger in delay.
If you have backache or urinary troubles.
If you are nervous, dizzy or worn out.
Begin treating your kidneys at once! Use a proven kidney remedy.
None endorsed like Doan's Kidney Pills.
Recommended by thousands.
Proved by grateful testimony.
Mrs. J. L. Mors, 150 Beach St., Portland, Oregon, says: "Doan's Kidney Pills have been used in my family with good results. I can praise this remedy highly, knowing that it is effective in curing kidney trouble."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.
