Why Women Are Not RICH.

Man is a millionaire many times over in the possession of blood cells. Wom-n is not quite so rich, for scientists have proven that the normal man has five mil-on--the woman only four and a half million to a cubic millimetre of blood. A decrease in number of red blood corpusoles and a person "looks pale "-in act, is assemio, the blood does not get the right food and probably the stomach is isordered.

disordered. Dr. R. V. Pierce found years ago that a gyverie extract of golden seal and Oregon grupe roots, queen's root and bloodroot with black cherrybark, would help the assimilation of the lood in the stomach, correct liver ills and in Natuse's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimi-lating the lood eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed en rich red blood the person looses those irritable feel-of the starved at night and is refreshed in the morning. Half the trouble and annoyance of the busy harvest is due to the fact that when it comes you are not prepared for it. Why not avoid this condition this year by looking into your needs now.

Perhaps you have machines for which you need repairs.

Perhaps you resolved last year that you would not go through another season with that old out-of-date harvesting machine. If so, now is the time to look into the merits of a new one. Next time you are in town drop into our store and let us show you what we have to offer.
