

HOW TO PRESERVE YOUTH AND BEAUTY.

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know herself and her physical make up. A good way to arrive at this knowledge is to get a good doctor book, such for instance, as "The People's Common Sense Medical Adviser," by R. V. Pierce, M. D., which can readily be procured by sending thirty-one cents for cloth-bound copy, addressing Dr. Pierce, at Buffalo, N. Y.

The womanly system is a delicate machine which can only be compared to the intricate mechanism of a beautiful watch which will keep in good running order only with good care and the proper oiling at the right time, so that the delicate mechanism may not be worn out. Very many times young women get old or run down before their time through ignorance and the improper handling of this human mechanism. Mental depression, a confused head, backache, headache, or hot flashes into many symptoms of derangement of the womanly system can be avoided by a proper understanding of what to do, in those trying times that come to all women.

Mrs. G. H. Williams, of Lenoir, Va., writes: "It is six years since my health gave way. I had female trouble and all the doctors (I employed three) said I would die. I was not able to do my work, had to hire someone all the time. Finally, I read in the paper about Dr. Pierce's Favorite Prescription and I tried it. I had not taken but one bottle until I found it had done me good. I took, in all, three bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery,' and now I am able to do all my housework, and have gained fourteen pounds. I advise all women who suffer from female trouble to try your 'Favorite Prescription.' It's the only medicine on earth."

Drives off a Terror

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Ravenscroft, Va., "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cts. and \$1.00. Trial bottle free at all druggists.

If you would now the wonderful pulling and business getting power of little ads try one in our classified columns in either the daily or weekly.

If you want to sell or trade your automobile, or your house or a building lot, or stock, in fact anything you may have, run a small ad and you will be surprised at the results.

On the other hand if you wish to buy anything, think of the number of people you can reach for a sum so small you will never miss it. Everyone has something to sell and many times will sell at a sacrifice. Better try one this week.

MOWER VALUE!

If you are looking for More Value in the Mower you buy this year, NOTE THE SIX CHAMPION FEATURES described in this ad. Fix them in your mind and before you buy any machine step into the nearest Champion agency and see for yourself. Then in selecting your mower watch these points. Note the difference of construction in general in the Champion Mower and others and you will appreciate that

The Champion offers you Mower Value

These are the Points:

1. **YOKES.** Extra wide and substantial, with large, case-hardened pins connecting yoke and inner shoe. Bar and knife cannot get out of line. Inside shoe hugs it perfectly to these securely fastened pins, insuring correct alignment of bar, knife and piston always.
2. **Long Wrought Knife Head.** 17 inches long. Deep socket fits over the piston, insuring correct alignment of bar, knife and piston always.
3. **Extra long case-hardened removable wearing plates.**
4. **Powerful, smooth-running Driving Mechanism.** Internal drive gear encloses the piston, placing more teeth in mesh and thus giving greater wearing surface and power.
5. **Main Frame.** A one piece and is practically wear-proof.
6. **Crank end of piston has a socket that fits over a ball on the piston, insuring correct alignment of bar, knife and piston always.**
