BLACK AND WHITE CREATION

A charming effect both in color and line has been achieved in this picture of hat of black chip. It has a low flat crown and wide brim with a fascinating tilt just at the spot to make it most becoming. Around the crown and near the outer edge of the brim is a wreath of white marguerites dotted with an occasional one which shades to the yellow. A box pleated ruche of frayed black tulle also encircles the crown and continuing has been wired to form an aigrette to the left of the front.

CROSS & HAMMOND Attorneys and Abstractors Beaver Building Oregon City

If you would know the wonderful pulling and business getting power of little ads try one in our classified columns in either the daily or weekly. If you want to sell or trade your automobile, or your house or a building lot, or stock, in fact anything you may have, run a small ad and you will be surprised at the results. On the other hand if you wish to buy anything, think of the number of people you can reach for a sum so small you will never miss it. Everyone has something to sell and many times will sell at a sacrifice. Better try one this week.
