A SQUARE DEAL

Huntley Bros. Co. Back Up Their Claims With a Guarantee

We say to you that in our estimation there is no better nerve and blood tonic—nor one better able to bring the greatest relief in the shortest time—than Rexall Celery and Iron Tonic.

We have had ample opportunity to note the varying degrees of success attained by different preparations with this class of ailments. We feel that we are qualified to judge.

On the other hand, we have a reputation to sustain, and could not afford to recommend an article in which we did not have positive faith. But we do more than recommend Rexall Celery and Iron Tonic. With every bottle we guarantee satisfaction or your money back.

Warm weather is less bracing than the cold, and decreases the powers of resistance to disease. You become fatigued with less exertion, and ordinary work or pleasures are a much greater drain on your resources. As a result some part of the system breaks down, and refuses to do its work. You don't feel good. Something is wrong. You are depressed, easily tired, lose your appetite, lose flesh, your complexion is bad, your heart "thumps" too easily—any one of these symptoms is a danger signal you can't afford to ignore.

You need something to repair that nervous system, to tone up that stomach, and cleanse that blood. We believe Rexall Celery and Iron Tonic will help to do it. It is a specialized food and body builder that, through its action on the nerves and blood, aids in restoring them to perfect health—that develops an appetite and assists in converting the food into rich, red blood, and blood into brain and brain. Price, \$1.00. Sold in this community only at our store. The Rexall Store. Huntley Bros. Co.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by Huntley Bros. Co., Oregon City, Hubbard, Molalla and Canby.

They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. CATTLE MARKET

CONTINUES STRONG

The Portland Union Stock Yards Company reports as follows:

Receipts for the week have been: cattle 1,897; calves 167; hogs 1,869; sheep 2,562; horses 41.

There was no appreciable change in the cattle market and the receipts did not give buyers an opportunity to have much to say about the prices. There was active competition for anything that was offered and the market reporters are constantly directing attention to the great difference between the cattle prices on this market and similar market centers at Eastern points. This information has no influence with the regular patrons of this market who have been coming regularly since it was established but country buyers use this in keeping shippers away from Portland. As a matter of fact, quality considered the average cost of cattle drops purchased by packers and killers on this market are higher than at any other point in the United States. It must be borne in mind that an exceptionally low price does not constitute the market. The bulk of the sales made constitutes the market. For instance, the top steers sold for \$7; the bulk of the sales were around \$6.75 for grass fed cattle.

The hog market took an upward turn and tops sold at 10c above the high point of the week previous. The bulk of the sales were around \$3.33 to \$3.40.

The sheep market was a trifle easier. The average quality of the offerings were not as good as the week before, but even at that there was a lower tone throughout.

SPUD GROWERS WAIT FOR SHIPPING PRICES

The weakness at present in the potato trade is probably the greatest ever known in this section.

Sales of fancy stuff of the new crop are being made as low as 60c per cental in Portland and no producers are asking more than 75c for quality. At the latter price there is scarcely any movement and the lower figure fails to entice buyers to any extent.

Quality of arrivals is rather good and it will not be long before outside shipment can be safely made. Until this is possible the market cannot be otherwise than a nominal affair because of the peddling from store to store by nearby producers.

Quite a fair supply of old potatoes remains. Some of these have come forward from the Hood River section. Receivers are unable to move them for the simple reason that all buyers have more than their requirements and are not speculating. It is stated that one big lot from the apple section has been going begging at 25c a cental, but up to this time no sales of consequence have been made. It is stated that growers of this stock were freely offered \$1.50 per cental last fall but wanted more money. Therefore they are compelled to stand the loss.

WEATHER CONDITIONS AGAINST HOP SALES

Hop market continues of steady character with some contracts still being taken by short interests at 21 to 21 1/2c a pound. While these reports are denied by operators who are working together with the foreign bears, confirmation comes from the country points where the actual business has passed.

Outside of this business the market is dull and stagnant all over the world. Weather conditions have been against the sale of beer and for that reason brewers have not been inclined to take on additional hop contracts unless some concession in the price was made. This growers are unwilling to accept.

Weather conditions are generally favorable throughout the world's hop districts but in this state more heat is needed.

AGED WOMAN IS LEADER IN FIGHT

MRS. MATT MITCHELL, OF COVE, IS UNAFRAID.

Union County Lady Works Vigorously to Down "Wolf in Sheep's Garb"—Single Tax Disliked.

Although an old woman, Mrs. Matt Mitchell, who lives at Cove, Oregon, says she is never afraid to work when the cause is good.

Mrs. Mitchell's home in Union County, she says, is one of those threatened by the Single Taxers with their Single Tax propaganda. Aroused by the efforts of what she describes as "U'Ren and his ilk" and their "false trash," Mrs. Mitchell has gone into the field herself.

Modern Joan of Arc.

Like a modern but aged Joan of Arc, this old lady organized them against Single Tax. At her own expense she received books on the subject of the fight against Single Tax and she distributed 200 of these herself over the great county in which she lives.

"It is people who own no real estate," said Mrs. Mitchell, the other day, "who are in favor of Single Tax, also the ignorant class, and those who take no newspaper at all. It is a shame that such men are allowed to vote at all on anything pertaining to taxation, while thousands of intelligent people, who are heavy taxpayers, must have their homes taxed away from them by such ignorant persons."

Whole Section in Arms.

"Union County is one of the counties selected by that 'wolf in sheep's clothing,' U'Ren, so we will all have to help in the fight. I am an old woman, but not too old to work in a good cause."

Mrs. Mitchell says that the whole of her section is up in arms. Every property owner in Eastern Oregon, from the man or woman who owns a small lot to the wheat farmers, is fighting what is known to be a confiscation of their homes, declares this old woman fighter for the "common good."

Ballot Numbers Told.

Mrs. Mitchell, despite her years, worked ardently in the campaign against Single Tax. She circulated petitions, distributed 200 books, circulated cards and gave her time freely. In addition, she expended her own money in the fight.

And when a person is willing to spend real money in a fight for a vital principle it must be conceded there is real enthusiasm for what she knows to be right.

The ballot numbers which will bar Single Tax from Oregon are 304, 305 and 308.

ATWELL DISLIKES SINGLE TAX.

H. C. Atwell, president of the Oregon State Horticultural Society, who lives at Forest Grove, declares that he is bitterly opposed to the Single Tax propaganda. "I shall be glad to talk against Single Tax whenever I have the opportunity," commented President Atwell. Mr. Atwell is one of the most prominent farmers in the State of Oregon and his views are considered valuable by many Oregonians.

TEAMSTER DOES GOOD WORK.

Traveling the whole extent of the country north of the John Day River, C. W. Bonham is making an arduous volunteer fight against what he feels to be the doctrines of Single Tax. Mr. Bonham makes his headquarters at Canyon City, Ore. "Although I don't get my mail regularly," said Mr. Bonham, "I am doing all I can in the good work. My friend, Phil Metchan, can tell you of the extent of the country over which I travel." Mr. Bonham distributed over 200 copies of "Single Tax Exposed," a work by Charles H. Shields, secretary of the Oregon Equal Taxation League
