

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weaknesses which most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an extract of roots, made with pure glycerin, and first given to the public by that famous specialist in the diseases of women—Dr. R. V. Pierce, of the 'Invalids' Hotel and Surgical Institute of Buffalo, N. Y.

Mrs. LIZZIE M. HENSHAW, of Lincoln, Neb., 523-C* S. L. 13434. "I feel a testimonial with much pleasure so that suffering women may know the true worth of your medicine. I was a great sufferer from female troubles but after taking one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two more of Dr. Pierce's Lotion Tablets, I found myself on the road to recovery. I was in poor health for five years but now I am cured. I hope all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial."

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.
