

How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know.

WILSONVILLE.

An excellent report of Juvenile Fair held here last week has already been given in our county paper, a special reporter from The Enterprise office having been sent out by the management on the day of the fair.

It has been conceded that of the eleven districts taking part in the fair, the Corral Creek district, carried off the most first prizes. The Baker family secured several first prizes, as well as the sweep-stake on potatoes; James Say first on sweet corn; Lloyd Jones first on pop-corn; Claire Say, first on chickens; Anna Batalega, first on bread and aprons; Eleanor Say, first on caps; Audrey Wood, first on fuselias.

The Mothers Club of this district gave money to the boys of the school to buy seeds in the spring, and they have kept up a sewing class for the girls for the past year, under the splendid management of Miss Bettie Batalega. Wallace Young, of the Wilsonville district, won more prizes than any other person in the local district, even his darning and mending being first-class, and showing Wallace to be a capable boy, who can raise splendid chickens and ducks, as well as attend to his own clothing in the matter of repairs.

The received second prize for embroidery work. Miss Martha is only 13 years of age and has already carried off many prizes at the Clackamas County fairs. The program given in the afternoon was a splendid one, and each number was loudly applauded, and a better program was given in the evening that has never been surpassed in the county. Prof. W. W. Graham, who has just recently returned from Germany, delighted with the violin. The Misses Brobst rendered an instrumental quartette, Sherman Seely, Mrs. Joe Thornton, Miss Straw and Miss Willis rendered beautiful songs. George Batalega gave

STAFFORD. It has been a wet week for hop pickers and hops, but still the work has gone steadily on, and the present week will see the most of the yards about here cleaned up. Mr. Fletcher was obliged to leave a full days pickings on the vines, as he had the use of a neighbor's crew and baskets and could wait no longer.

Mr. Gebhardt's field hangs full, and as they are first year, or baby hops, they think it will pay to pick them, but they can stand a week longer, and it is hoped the weather will clear by that time. It brings quite a little money to the boys and girls. We believe Clarence Widdle is the champion hop picker so far for his age, about 13 years old, and picks nine boxes and every box brings him a half a dollar.

In the absence of grown folks some children rang the phone for a long time, and they stopped just long enough to call in their childish voice,

though hop picking kept many away whose contributions would have occupied space, it required a long time to judge, label them and deliver the prize, which were varied and beautiful.

The supervisors deserve great credit for the able manner in which they handled the business committed to their care.

When we get old we can tell our children of the time when the capital of Oregon was at Portland, in the year 1912, and Oswald was governor.

LOGAN. J. P. seems to be overdoing the matter working overtime.

The oldest inhabitants cannot recall such weather in harvest. 'Tis pretty "tough" to work a year for a crop and then see it soaked until near worthless.

Gerber Bros. have gone to Gresham with their threshing outfit.

George Eaden and Miss Olive Averill were married at Cherryville Wednesday, the 4th inst.

The fence is being repaired and a wire fence put up around the Lower Logan school yard. The building will also be repaired inside.

Mr. and Mrs. F. W. Riebhoff and family started to Sandy Tuesday on their way to attend the marriage of her brother, George Eaden at Cherryville. Mr. and Mrs. Wm. Tonkin, also Mrs. Eaden and son, Arthur, went.

F. S. Hutchins is marketing corn at Portland now.

Mr. and Mrs. A. R. Smith have returned from their outing at the hot springs up on the Clackamas.

Christianson's are running ties down the Clackamas this week. During a rain in the river a bunch of ties came down in the night which took out some of the temporary trestle work at the dam.

F. Moser is hauling hay for Frank Riebhoff this week.

Mr. and Mrs. Wm. Kirchem were early callers on the Prairie Wednesday.

Mrs. M. C. Ward and son are home for a month's visit.

Single Tax advocates had better be careful how they talk to some of these old farmers who have had their crops spoiled by the rains or they might get a jaw slapped.

Public Discussion.

Springwater, Or., Sept. 2, 1912.—(To the Editor of the Enterprise)—As N. G. Eggleston and W. S. Ufford have taken up a bill known as the Single Tax and Exemption bill, I would like to make a statement as I see and believe about the proposed bill to be voted on at the November, 1912, election. In the first place it is beyond my comprehension how any honest man can favor or vote for such a measure.

The scriptures and the Constitution of the United States assumes that all men are created equal and no favoritism. The Single Tax bill is misleading, unwholly and unjust; why about one-half of the wealth of the country should be exempt from taxation and then for them to go on and argue that the farmers taxes would be less is unreasonable and not just. They acknowledge that they are paid by the old soap man Fels for getting up the bill. I believe in a fair deal, every man, manufacturer, railroad, all business labor trades, occupations and professions, stand their just proportion in keeping up the expenses of our government. And what do they want to overtax the railroads for? What would this vicinity be up here, about Estacada, if it were not for the O. W. P. Ry. five years ago?
